School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: 9/24/2019

Beaumont Unified held a public hearing on September 24, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom. Textbooks and other standards-aligned instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks and standards-aligned instructional materials used in the school the most current available.

School Facility Conditions and Planned Improvements (Most Recent Year)

Tournament Hills Elementary was originally constructed in 2007 and is comprised of 35 classrooms, a multipurpose room, a library, a staff lounge, a computer lab, numerous conferencing and administration rooms, and a playground. Cleaning Process: The administration works daily with the custodial staff of three (one full-time day custodian, one full-time night custodian, and a three hour night custodian) to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The District's Board of Trustees has adopted cleaning standards for all schools in the District. A summary of these standards is available at the Educational Support Facility for review. Maintenance and Repair by District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

Deferred Maintenance Budget: The District participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	49	57	34	36	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Tournament Hills Elementary benefits from its supportive parents who are active participants in their child's education. The school in collaboration with the district has a volunteer application system that ensures we have approved volunteers at no cost to our families. The school has a strong base of parent volunteers who provide ongoing support for the classroom teachers. Parents are encouraged to join the PTA, which currently has hundreds of members at Tournament Hills Elementary. Our School Site Council (SSC) and English Language Advisory Committee (ELAC) meetings are held on a regular basis and all are encouraged to attend. The school also benefits from several community partnerships such as the Rotary Club which is a sponsor of our Early Act Club which meets monthly at the site. Other community sponsorships that help us recognize our students for academic and social achievements are from various local businesses. The school supports the Relay for Life event through a variety of fundraising activities. We also participate in an annual Canned Food Drive through the San Geronio Pass area HELP Organization, and the Winter-Wish program to help those in need during the Holidays.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Callie Beitler at Tournament Hills Elementary at (951)769-0711.

School Safety Plan (School Year 2019-20)

The safety of the students and staff is a primary concern of Tournament Hills Elementary. The school is in compliance with all laws, rules, and regulations pertaining to school safety. The comprehensive School Safety Plan was reviewed and adopted by the SSC team on 2/25/19. Every year our classified and certificated staff complete training sessions within our Hour Zero Emergency Response Plan program.

The school's current disaster preparedness plan includes steps for ensuring student and staff safety during a disaster in alignment with our Hour Zero safety program. Fire, Lock down, and Earthquake disaster drills are conducted on a monthly basis throughout the school year and documented through our Hour Zero online Program. Students are supervised before, after, and during school by classified staff, certificated staff, and administration. Classified staff and the administration supervise students during breaks such as recess and lunch. There is a designated area for student drop off and pick up. All visitors and volunteers are required to sign in through the Raptor system, using proper ID, prior to entering the school grounds. We are a "closed" campus for the 2019-20 school year which allows parents to volunteer during the school day in classrooms but does not allow parents or community members to roam campus during unstructured times (before school, recess, lunch).
