School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

MISSION STATEMENT

Inspire curiosity | Value every student | Empower student leaders | Encourage a love of learning | Cultivate academic and personal growth

SCHOOL PROFILE

Northridge Elementary is one of 41 elementary schools in the San Juan Unified School District. The curriculum provided is aligned to the California Common Core Standards. The school supports cultural awareness on a daily basis through its diverse literature selections and other school activities.

Northridge Elementary School has an academic focus and stresses balance. We work hard to provide both basic skills and thinking, reasoning curriculum which will prepare students to meet their world of advanced education, work, and citizenry.

Northridge Elementary School has implemented a writing workshop and a reading workshop in order to provide a comprehensive, balanced literacy approach to teaching English Language Arts. All students are assessed to find their “just right” reading level - children need to be exposed to a great deal of text or written words at their own reading level to improve and become better readers.

Northridge Elementary School is a place where:

- Parents, staff, and students have mutual respect, work together to solve problems, and take responsibility for our actions.
- Parents, staff, and students work collaboratively with the best interest of our students in mind.
- Parents and community are involved in the learning process.
- Students feel psychologically and physically safe.
- Students have multiple opportunities to succeed.
- Teachers teach grade level, standards-based curriculum.
- Teachers use multiple learning modalities.
- Teachers hold students to high academic, social, and behavioral standards.
- Staff works toward continual improvement in the educational process.

Our school program includes, but is not limited to, the following components:

- Four-hour Kindergarten
- Discovery Club (before and after school program)
- Bridges After School Program (creative and supportive enrichment)
- Classes for special needs students from across the district
- Student Leaders
- Northridge Choir and Strings Program
- Read Across America celebration in the spring
- About Kidz Sports Clinics
- Northridge Garden
- After School Tutoring
- Northridge House System

Students at Northridge Elementary are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy, and acceptance of others. Parents and students are informed of school rules and discipline policies through the student handbook which is sent home at the beginning of the school year. The school-wide expectations at Northridge Elementary School are: "Practice Respect, Act Responsibly, Work Together, and Stay Safe (PAWS)." School rules assemblies are conducted monthly to review rules and procedures and to celebrate students who show the "Wildcat Way". Northridge students are taught to recognize, refuse, and report bullying behaviors. Each month, students are rewarded for perfect attendance and for showing our Successful Practices.

Students at Northridge also participate in our House System. The purpose of the Northridge House System is to promote a positive and welcoming environment in which students, staff and community members feel a strong sense of belonging. This supports the Northridge mission of valuing every student and empowering student leaders. Through the Northridge House System, students are taught the Essential 25. Learning these essentials offers opportunities to learn and practice social emotional skills to prepare for college and career readiness. Students will become intrinsically motivated to do their best and take responsibility for creating and sustaining a positive environment for our community.

PRINCIPAL'S MESSAGE

Welcome to the 2019-2020 School year, Wildcats!

We are looking forward to another year of laughter, teaching, and learning. Our teachers and staff have been busy getting our campus ready for everyone and we are excited to see all our Wildcats back again in just a few days!

We are excited to welcome new staff members joining our Northridge team. Please welcome the following teachers and staff when you see them on campus: Mrs. Lydia Truitt (K/1st grade), Mrs. Mary Durbrow (1st grade), Mr. John Naranjo (5th grade), Mrs. Carissa Enriquez (6th grade) and Mrs. Jill Soto (ELD).

In addition to new staff members, we are excited to open up our newly remodeled Kindergarten Playground!

This year, we have a big surprise in store for our students, staff and families! As a school staff, we are committed to building a community in which we value every student, empower student leaders and cultivate academic and personal growth. As a way to embrace these beliefs, we will be rolling out a Northridge House System this year, similar to that found in Harry Potter. In the fall, your student/s will be assigned a house with 60 other students across grade levels. Each house has a specific character trait, color, and animal to represent their house and will hold 8-9 adult mentors from across campus. Students will work towards earning points for their house and the house with the most points per trimester will be declared the Winning House and will be treated to a field trip off site! Your student/s will participate in weekly house meetings as well as monthly house rallies. All house events occur every Friday from 8:55-9:25 and families are welcome to join in the fun! We hope you will consider stopping by during a house event.

If you have not already done so, please consider joining us on social media, where you will receive updates on upcoming events as well as pictures posted of our Wildcat adventures throughout the day. You can find us at @NRWildcats on Instagram and Twitter and join our family page on Facebook at Northridge Elementary or the closed group, "Northridge Parent/Family Group."

As your site principal, please know that I am committed to ensuring that all families and students feel welcome and safe at Northridge. My door is always open if you have concerns or questions. I return calls and respond to emails within 24 hours. I can be reached at 916-867-2066 or petra.luhrsen@sanjuan.edu.

Go Wildcats!

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September, 2019

San Juan Unified held a public hearing on September 25, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

School Facility Conditions and Planned Improvements (Most Recent Year)

Northridge Elementary was modernized in 1995, and a new multi-purpose room was added in 2001. The scope for modernization included roof/repair or replacement, interior, and exterior painting, selected window system replacement, energy-efficient lighting system upgrade, new doors with handicapped accessible hardware, restroom restoration, electrical infrastructure upgrade to provide for internet, cable, telephone, new fire/intrusion, and intercom system throughout the school. Currently there is sufficient space to house the student population. There is a site custodial staff that cleans the building, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. Complete HVAC system installed in Summer 2007 (Measure-J). The exterior was painted in 2009 with Deferred Maintenance funds.

The pod B and pod C interior student restrooms were remodeled in Summer 2012 (Measure-J). At the same time the pods interior drainage and cement work was replaced and cement work in front of the office was improved (Measure-J).

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in August 2019 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	28	20	34	35	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Northridge has an active parent community. Volunteer activities include working as classroom and office helpers, library aids, and art docents. Parents are also an integral part of School Site Council and Safety Team. The parents of Northridge take an active role in school programs. The PTA provides resources to bring in assemblies, fine arts, and projects which benefit all students. Parents are kept informed of school matters through a family handbook, class/school newsletters, the school web site, School Site Council, PTA meetings, Social Media (Facebook page, Instagram and Twitter @nrwildcats), all calls, and parent/teacher conferences.

Northridge has a Family/Volunteer Resource Room that provides a dedicated work space for parents and volunteers, as well as a space to conduct parent training and hold meetings.

Northridge has a neighborhood liaison who works to facilitate home-school-district communication.

Northridge has an active parent/community volunteer program.

Northridge School also has mutually supportive relationships with the Fair Oaks Library, Fair Oaks Rotary Club, The Orangevale-Fair Oaks Food Bank, Intel - Folsom, New Life Community Church, Fair Oaks Church, The Women's Thursday Club, Inner Wheel, Barnes & Noble Book Store, Bev's Angels Project, AboutKidz/Graduation Day, Criterion Critical Systems, Inc. and the Chamber of Commerce.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school office 916-867-2066 for more information.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. The Safe Schools Program has a Community Safety Specialist assigned to this school within a geographic zone that includes nearby schools. In addition, via a partnership with the Sacramento Sheriff's Department (SSD) and the Citrus Heights Police Department (CHPD), there are two uniformed deputy sheriff's and two uniformed CHPD officers assigned to patrol the school district including this school. The Deputy Sheriffs are assigned to patrol a geographic zone either on the east side of the district or the west side of the district. They are assigned specific schools within their assigned zone and respond to this school, or others, as safety needs dictate. The two CHPD Police Officers are School Resource Officers (SRO) who work identified schools within the City of Citrus Heights and respond as safety needs dictate. The two law enforcement agencies will overlap response when necessary. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. This school has a school safety team which reviews safety matters that may affect the campus. Our school safety team meets regularly to discuss safety issues, update our site emergency plan, and to take steps to be proactive in preventing various types of school-related safety issues. Community Safety Specialists and law enforcement provides speakers to address students, staff and community groups on matters of school safety. Our safety team receives training, when requested, from Safe Schools or law enforcement. This school is responsible for updating our Comprehensive School Safety Plan (CSSP) by March 1st of every year per the Education Code. As part of the update, this school meets at least once per year with a law enforcement officer to review the CSSP, has the local fire department review the CSSP and we hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district safe schools manager. Every classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. This school conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by the Education Code.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			9

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
