School Description

Cloverdale Elementary School, established in 1987, serves approximately 750 kindergarten through fifth grade students. The Cloverdale staff is dedicated to providing a rich educational experience where all students strive to meet or exceed California content and proficiency standards. English is the primary language spoken by the majority of our students who represent many cultures and ethnicities as reflected in the demographic information provided in this document.

California and MVUSD academic standards are used to provide a strong base for our instructional program. Supplementary resources from our School's School Plan and additional grade level and PTA fund-raising support additional instructional materials, assemblies, educational field trips, and staff development. These supplemental funds support student achievement and enrich the educational environment for our students.

The Cloverdale teachers, staff, and parents are also dedicated to providing a safe, caring learning environment with high standards and expectations for academic excellence and good citizenship. So that all students will achieve proficiency in language arts and mathematics, Cloverdale's mission is to work with staff, parents, and the community to prepare students to become socially and academically empowered so they may achieve their highest potential.

Academic Goals:

- We believe all students can succeed at high levels.
- We hold high expectations for all students to meet or exceed Standards.
- We will ensure a strong academic focus of challenging, Standards-based curriculum that enables students to be effective communicators and problem solvers in a technological world.
- We will focus instruction on learning and on reducing barriers to learning to close the achievement gap.
- We will use regular assessment to inform instruction and to foster continuous improvement.

Citizenship Goals:

- We will prepare students to become active, knowledgeable, and responsible citizens.
- We will implement Positive Behavior Intervention Supports (PBIS) as the foundation for standards of behavior, daily interactions, and character development.

School Environment Goals:

- We will ensure a safe, orderly learning environment in a climate of mutual respect.
- We will promote a caring atmosphere that supports the social, emotional, and intellectual growth of each child.
- We are dedicated to equity and respect for all in our diverse community.

Parent Involvement Goals:

- We are committed to collaborative decision-making and shared responsibility.
- We will maintain a partnership and regular communication with families, the community, and the school using Parent Links, the marquee, parent letters, Peach Jar, our school app and our website as our main forms of communication.
- We will celebrate achievements with students and parents.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

The District provides all students with high-quality textbooks and instructional resources. Instructional materials are reviewed and approved by State Board of Education (SBE) committees for local adoption in grades K-8; high school grades 9-12 materials are reviewed and approved locally. All core instructional materials are reviewed by District level committees comprised of community members, teachers and administrators and approved by the local Board of Education prior to use within MVUSD schools. This textbook adoption process is aligned with the State Department of Education's seven-year review textbook adoption cycle. Each adoption cycle provides for districts to adopt and purchase texts within a 24- month period. 2017). Each school has a library to supplement and enrich the school's instructional program. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on September 24, 2019 that each pupil in the District, including English Learners, in Kindergarten through Grade 12, utilized standards-aligned textbooks or basic instructional materials in each of the areas listed below. The chart below outlines the content areas where textbooks adopted and used by Moreno Valley Unified School District.

- 2004-05: Health

Facility Conditions and Planned Improvements (Most Recent Year)

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the District office, or on the Internet at www.mvUSD.net. Listed below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Building:

Cloverdale Elementary School is located in the northern region of Moreno Valley Unified School District. The school is composed of six main buildings that include a library and multipurpose room. There are also two and half rows of portables located in the lower section of the school. In total, Cloverdale has 22 permanent classes and 7 portables, as well as an administrative building. The campus was built in 1985 and opened 1990.

Maintenance and Repairs:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and all emergency repairs are given the highest priority.

Cleaning Process and Schedule:

The District governing board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the District's M and O office. The District Custodial Supervisor works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. Cloverdale has one head custodian during the day and two evening custodians who are responsible for maintaining the safe and functional environment of the school. Classrooms, bathrooms, play structures and other facilities are monitored monthly to ensure students and staff are free from danger or obstructions.

Improvement Projects:

Improvement projects recently completed were Fire Alarm and Window upgrades.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Math	23	28	22	24	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Parents enrich the quality of our school climate and are instrumental in promoting student achievement and success in partnership with the Cloverdale Elementary staff.

Our Parent-Teacher Association (PTA), Parent Ambassador and parent volunteers sponsor and assist in the following: Red Ribbon Week, assemblies, field trips, rewards and incentives, yearbook, school spirit, teacher and class support, and fifth grade promotion activities.

Input on program evaluation, budget, support programs, special services and needs is given through the School Site Council (SSC) and the English Learner Advisory Committee (ELAC), African American Parent Advisory Council (AAPAC), the school's staff, and community members/partners.

Parents can become involved in school activities when notices of upcoming events go home on flyers, parent links are sent out, information on our marquee is presented, and information on our website (<http://cloverdale.mvusd.net>) is uploaded. Parents are also welcome to volunteer. We encourage all parents to remain actively involved in their child's education and our school.

Community involvement includes local area businesses and civic organizations in student academic and recognition activities. Prominent among our supporters are Studio One, Taylor Martial Arts, Horace Mann Insurance and Altura Credit Union. We are very thankful for their continuing support of Cloverdale students.

For more information on how to become involved, contact Genaro Garcia, Principal or Miriam Blum, Assistant Principal, at (951) 571- 4550.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The comprehensive School Safety Plan includes, but is not necessarily limited to, assessing the current status of school crime committed on school campuses and at school-related functions, identifying appropriate strategies and programs that will provide or maintain a high level of school safety, and addressing procedures for complying with existing laws related to school safety.

Fire drills are held at least twice a year at the secondary schools and once a month at the elementary schools. Disaster and earthquake drills are conducted as needed. The School Safety Plan also includes the MVUSD discipline policy, which describes the consequences for student misconduct (such as detention, Saturday School, suspension, and expulsion).

The School Safety Plan was last reviewed, updated, and discussed with school staff on April 17, 2019. Areas of need were assessed and proposals made to the appropriate district departments for support. Our site safety team continues to monitor the status of emergency equipment and attends district safety meetings for important updates.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	12	12	12

Professional development is a critical and extensive service provided by the Moreno Valley Unified School District (MVUSD) focused on supporting the implementation of the district's strategic plan which include specific goals and outcomes. The fourteen outcomes are:

- Increase the Distance from Standard in grades 3-8 and 11 SBAC ELA and Math by 10% of the Distance from Standard.
- Progressively increase the number of students who meet their expected growth as measured by the Achievement Status Growth report in the areas of Reading and Math on the Interim MAP Assessment with 50% or better of your students.
- Increase English Learners' reclassification rate by 2% annually.
- Increase the status of the English Learner Progress Indicator(ELPI) by 2% annually.
- Progressively increase high school graduation rates to 90% for all students with an emphasis on African American, Hispanic, English Learner and Special Education student groups as measured by the CA School Dashboard.
- Decrease high school dropout rate by 2% annually with an emphasis on African American, Hispanic, English Learner and Special Education student groups.
- Progressively increase the A-G course completion rate to 65% with an emphasis on African American, Hispanic, English Learner and Special Education student groups.
- Attain a 50% AP qualifying score rate of 3+ for all students with an emphasis on African American and Hispanic students.
- Attain an 85% FAFSA Completion Rate.
- Increase the High School Readiness Indicator by 10% annually.
- Address Middle School Readiness by increasing the percent of students scoring Average or above on the MAP Reading Assessment by 5% annually.
- Decrease suspension rate for Foster Youth* and African American* students by 2% annually.
- Meet or exceed 95% attendance rate for all students.
- Decrease the chronic absenteeism rate for all students by 2% annually.

The MVUSD Professional Development and Digital Learning Department develops and implements a wide variety of sessions to support staff members as they grow and extend their skillsets in providing highly-effective instruction to ensure student success and meet the goals and outcomes mentioned above. These sessions include, but are not limited to, initial full-day or half-day trainings, on-site trainings, classroom coaching, classroom observation and feedback, co-planning/co-teaching, webinars, demonstration lessons, and conferences. The department also assists with promoting curriculum understanding, developing curriculum guides/scope and sequence documents, implementing programs focused on grade level academic content standards, acquiring highly-effective instructional strategies, training for assessments (data analysis and content training), participating in review processes, designing coaching/training for individual school site needs, and addressing special needs students. Further, the department focuses on the analysis of teaching (effectiveness) and student learning, accountability strategies, and the integration of technology. There are twenty-nine Professional Development Specialists who serve MVUSD's thirty-nine school sites. They receive high-level coaching training support the Professional Learning Communities model and are available for assistance with implementation on all campuses.

Additional professional development support areas are as follows:

1. Teachers with preliminary credentials new to MVUSD are provided the opportunity to clear their credentials through the Induction Program coordinated by this department and RCOE.
2. Multilingual and Special Education trainings are coordinated through Professional Development.
3. CPR and Instructional Assistant trainings are also coordinated through Professional Development.
4. Local colleges and universities partner with the district and the department to offer a wide variety of professional development coursework. UCR/MVUSD STEAM Certificate Program with UCR has certified 35 teachers in the district. This strand of graduate level courses is developed and taught by the Professional Development and Digital Learning Department after vetting themselves as UCR adjunct faculty.
5. Teachers receive required training for new textbook materials and district initiatives by Professional Development personnel.
6. Teachers are offered extended training beyond the initial training for textbooks by Professional Development personnel.
7. The Professional Development and Digital Learning Department offers comprehensive technology trainings--specifically Google Education Suite, STEAM, Problem-Based Learning and 3D Printing.
8. Other extensive trainings include ELA, Math, Writing(Step Up To Writing), NGSS and STEAM
9. Of the District's approximate 1,200 TK-12 classroom teachers, over 10,000 instances occurred where teachers participated in Professional Development and Digital Learning opportunities beginning July 1, 2019 to January 2020.

Teachers are compensated for attending professional development during their non-contract time. Substitutes are provided through various funding sources for trainings taking place during the school day.

Types of Services Funded

The average daily attendance(ADA)dollars provide services budgeted from the general fund and Local Control Funding Formula(LCFF)including regular classroom instruction and support, special education, counseling, psychology, child welfare, services for English Learners, Gifted and Talented Education (GATE), support for foster youth, support for homeless students and attendance and program assessment. Additional services funded as categorical programs include: Title I, which provides supplemental funds designed to ensure every student is proficient and meets the grade level standards.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
