School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Principal's Message

Welcome to Vieja Valley School!

The vision of Vieja Valley Elementary School is to ensure that each student will experience optimal academic, social-emotional, and physical success through a challenging child-centered educational program within a safe learning environment. Partnerships between the staff and families provide support of students as they learn to incorporate the VV5 character traits of kindness, respect, responsibility, co-operation, and honesty within their daily lives.

Vieja Valley School continues to be a strong pillar in the community that exemplifies kindness, respect and exuberant learning. We have a strong commitment to provide a challenging curriculum implementing California Common Core State Standards, high expectations and where students are actively engaged in the learning process.

We believe that the first years of formal education are critical for gaining the foundation skills and developing the habits of mind that will ensure success in later years. Our goal is to launch children into a world of lifelong learning. Our dedicated teachers and staff have a deep understanding of teaching and learning. They provide a nurturing and stimulating environment where children are challenged and supported to explore and discover their world.

The Vieja Valley staff, parents, and community work together to promote academic excellence and social development, teach responsibility and pride, and model learning as a lifelong adventure. We are excited about our school and welcome all to join in our efforts to create successful, responsible citizens. As you review this document, we are sure that you will see why we are very proud of our students and our school. We hope that you will also visit us at our website: www.viejavalley.school.org.

School Profile

Vieja Valley Elementary School is located in the western region of Santa Barbara and serves students in grades transitional kindergarten through six following a traditional calendar. Currently (2019-20) 317 students attend the school. The enrollment consists of 28% of students on free and reduced lunch, 8% receiving special education services, 10% are English Language learners.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: December 2019

All textbooks used in the core curriculum at Vieja Valley Elementary School are aligned to the California Content Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's adoption cycle for core content materials (English/language arts, math, science, and social science).

In the fall, the Hope Elementary School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted a Resolution which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2018-19 school year, Hope Elementary School District did not offer visual/performing arts classes and therefore did not require the distribution of respective textbooks and instructional materials. Students have music and art weekly with specialists.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Vieja Valley Elementary School's original facilities were built in 1961; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Parking lot re-engineered and resurfaced
- Kindergarten yard grass planting and grounds redone;
- Kindergarten play structure had some pieces replaced and others refurbished
- Larger playground play structures were removed and replaced with new ones which are current with safety specifications
- Playground wall around structures was enlarged for new structure and a ramp put in for accessibility for all
- tree trimming

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one part-time evening custodian are assigned to Vieja Valley Elementary School. The day custodian is responsible for:

- Groundskeeping
- Office area & Library cleaning
- Restroom cleaning
- Set-up and tear-down for special events

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff when necessary concerning maintenance and school safety issues.

Facilities Inspection

The district's maintenance department inspects Vieja Valley Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Vieja Valley Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place in August 2019. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2018-19, all restrooms were fully functional and available for student use.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: December 2018

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	need new grease trap
Interior: Interior Surfaces	Poor	
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Poor	gopher issues on field, some issue with rats
Electrical: Electrical	Good	
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	
Safety: Fire Safety, Hazardous Materials	Poor	All safety drills and protocols followed, need upgraded fire alarm system
Structural: Structural Damage, Roofs	Poor	Roofs all over 20+ years old
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Poor	Kindergarten playground had pieces replaced and others refurbished. The larger playground had all equipment removed except for one structure that was grandfathered in. The rest is brand new and up to current safety standards.
Overall Rating	Poor	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	57	60	60	61	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, the school marquee, the school website, and Parent Square. Contact the school office at (805) 967-1239 for more information on how to become involved in your child's learning environment.

School Safety Plan (School Year 2019-20)

The Comprehensive School Site Safety Plan was developed for Vieja Valley Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed and updated by school staff and approved by the Board of Trustees in the beginning of 2019. Staff responsibilities and safety plan updates were distributed to all staff. Copies of the safety plan are kept on hand in the school and district office.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	2	2	2

All training and curriculum development activities at Vieja Valley Elementary School revolve around the California State Content Standards. During the 2017-18 school year, Vieja Valley Elementary School held staff development devoted to:

- Common Core State Standards
- Struggling learners
- NGSS
- Development of Academic Vocabulary
- English Learners
- Advanced Academics
- Trauma Informed Practices
- MTSS
- Cultural Proficiency

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Vieja Valley Elementary School supports ongoing professional growth throughout the year on early release Thursdays. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

Vieja Valley Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

For the 2017-2020 years, the district has a team of teachers engaging in MTSS staff development as part of a recent grant award.
