2018-19 School Accountability Report Card

Published January 2020

Principal's Message

It is the hope of the administration and staff of King School that you find this annual school report card informative and that it will give you a better understanding of our instructional program and of our school. We invite your comments about this report and any comments you may have for better serving our students and/or informing you of King School's policies and curriculum. You may call us at (760) 337-6555 if you have any questions about this report.

School Vision

The M.L. King Community envisions an environment that is academically balanced by:

- Fostering academic excellence
- Encouraging responsibility and self discipline
- Developing a lifetime love of learning
- Promoting values, respect for other cultures, and tolerance for all
- Instilling pride through a sense of purpose and
- Providing a safe and supportive environment.

School Mission

The mission of Martin Luther King School is to equip each student with the skills, knowledge, and personality to succeed as a productive citizen in a global society.

District & School Description

The El Centro Elementary School District is located in Imperial County, and is surrounded by thousands of acres of California's most productive farming land. El Centro Elementary School District is comprised of nine elementary schools, two middle schools, and one home school academy which educates approximately 5,700 students in transitional kindergarten through eighth grade per school year. The district is committed to preparing its students for the future and dedicated to excellence in the realm of academics. All programs within the district are founded on the principle that "children come first."

King Elementary School serves students in kindergarten through sixth grade. During the 2018-19 school year, the school had an enrollment of 446 students including 10.8% in special education, 52.9% qualifying for English Language Learner support, 0.7% homeless youth, 0.7% foster youth, and 90.1% qualifying for free or reduced price lunch.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP) that supports the priorities for the state of California. The following components of this SARC address some of the State's priorities:

State Priority 1: Basic (Conditions of Learning)

The SARC provides the following information relevant to the State priority:

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area for the pupils they are teaching.
- Pupils have access to standards-aligned instructional materials; and school facilities are maintained in good repair.

State Priority 2: State Standards (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 2.

State Priority 3: Parental Involvement (Engagement)

The SARC provides the following information relevant to the State priority:

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

State Priority 4: Pupil Achievement (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

- Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards (CCSS) (for students with the most significant cognitive disabilities).
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority 5: Pupil Engagement (Engagement)

The SARC provides the following information relevant to the State priority:

- High school dropout rates
- High school graduation rates

State Priority 6: School Climate (Engagement)

The SARC provides the following information relevant to the State priority:

- Pupil suspension rates
- Pupil expulsion rates
- Other local measures on the sense of safety

State Priority 7: Course Access (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 7.

State Priority 8: Other Pupil Outcomes (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

- Pupil outcomes in the subject area of physical education.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or attending school events.

Parents stay informed of upcoming events and school activities through flyers, newsletters, parent conferences, progress reports, the school marquee, the school website, monthly calendars, and Blackboard Connect (automated telephone message delivery system). Contact any school office staff member at (760) 337-6555 for more information on how to become involved in your child's learning environment.

Curriculum & Instruction

School Leadership

The administrative team is comprised of the principal, who works closely with parents, teachers, and school staff. Principal Terri Ponce is responsible for the day-to-day operations of the school and the overall instructional program. Coordinating efforts with the principal is the School Site Council, comprised of the principal, classified representatives, parents, and teacher representatives. The School Site Council meets monthly throughout the year to discuss school operational systems and educational concerns.

Specialized Instruction

All curriculum and instruction is being aligned to the California State Standards approved by the State Board of Education. The instructional program is structured so that all students receive instruction appropriate to their learning level. Teachers use a variety of research-based instructional strategies and techniques using state-approved instructional materials to ensure academic success.

Students with special gifts and talents need more challenging curriculum and instruction. The Gifted and Talented Education (GATE) program is offered to students in grades 3 through 6 who have been identified as academically gifted through district-administered assessments. Students participate in GATE activities during regular school hours; activities are based upon a designated theme. Instruction is provided by teachers who are GATE Trained.

For students whose primary language is not English and who have limited English proficiency, King Elementary offers programs to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. All classrooms are Structured English Immersion (SEI) and English learners may be clustered during ELD instruction. Some students may receive English Language Development instruction as a supplement to their regular Language Arts instruction. ELD instruction is provided through a team-teaching approach. For designated time periods, students regroup based on language fluency to receive targeted instruction at their proficiency level. King Elementary's teachers utilize the Houghton Mifflin Harcourt: Journeys (K-2), and Houghton Mifflin Harcourt: Wonders (3-6) series, state-approved reading intervention programs and textbook adoption. English Learners are assessed annually using the ELPAC exam (English Language Proficiency Assessment for California); results are used to evaluate student progress, intervention programs, and teaching strategies.

King Elementary's special education program is staffed by a special education teacher and resource specialist. Instruction is provided in the least restrictive environment and based on each student's Individual Education Plan (IEP). Students have access to a comprehensive curriculum and are mainstreamed into the general education class with in-class support in both small group and individual settings. A portion of instruction may be provided in a RSP/SDC combination class. The IEP team meets annually to establish goals and objectives, define academic instruction, evaluate the effectiveness of the student's plan, and make instructional adjustments as necessary. King Elementary takes advantage of the district's participation in the Imperial County Office of Education Special Education Local Plan Area (SELPA), which provide a pool of professional resources and expertise in the field of special education.

King Elementary provides a variety of intervention and remediation programs to support students' efforts to achieve academic success and reach grade level expectations. Using Interim Block Assessments (IAB), as well as, district benchmark assessments, end-of-unit exams, teachers and administrators can identify students who are struggling or performing below state proficiency grade level standards. For those students who need extra help in any subject area, a Problem Solving Team pulls together school and family resources to identify and develop strategies to help students improve academic and/or behavioral performance. Intervention strategies include:

- After School Tutoring - Migrant & Low Performing
- MobyMax
- Think Central
- Imagine Learning

Supplementary instructional materials are purchased as needed to support intervention programs. Classroom teachers monitor student performance on district benchmark assessments, daily classwork, homework, and end-of-unit tests to measure ongoing academic progress and adjust instructional needs.

Enrichment Programs

King Elementary School offers a half day TK program, an all day kindergarten program, a band program to all fourth grade students, and an orchestra program to all fifth grade students who wish to participate. All kindergarten through sixth grade students can participate in the After School Education & Safety (ASES) Program which offers enrichment programs in science, visual arts, performing arts, and physical education.

Instructional Materials

All textbooks used in the core curriculum at King Elementary School are aligned to the California State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The District follows the State Board of Education's adoption cycle for core content materials (English/Language Arts, math, science, and social science).

On Tuesday, October 8, 2019, the El Centro Elementary School District held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Governing Board adopted Resolution No. 100819-3003 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students,

including English Learners, in the District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/Language Arts, including the English Language Development component of an adopted program, and 3) each pupil enrolled in a foreign language has sufficient textbooks or instructional materials that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board for those subjects.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2019-20 school year, El Centro Elementary School District provided each student, including English Learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

Staff Development

All training and curriculum development activities in the El Centro Elementary School District are aligned to the California State Standards.

During the 2018-19 school year, King Elementary School held site-based professional development devoted to:

- AVID
- Common Core State Standards
- Data Analysis
- District Curriculum Guides
- English Language Arts Grade Level
- English Language Arts Program Resources
- Formative Assessments
- GO! Math
- Non-Violent Crisis Prevention Intervention
- Positive Behavior Intervention & Support
- School Business
- Social Science & Science Training

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. King Elementary School supports ongoing professional growth throughout the year on minimum days and early release days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need.

During the 2017-18, 2018-19 and 2019-20 school years, El Centro Elementary School District provided districtwide professional development trainings on the following:

2017-18 & 2018-19 Trainings:

- Curriculum Embedded Technology Training
- Next Generation Science Standards Training
- Math Lesson Studies
- Intro to New Financial System, AED Training, Technology Updates
- iRead Training
- Synergy Grade Book
- WonderWorks Intervention Curriculum
- Wonders ELA/ELD Curriculum
- Journeys ELA/ELD Curriculum

- Read 180 Universal Intervention Training
- Data Teams Training
- Universal Design for Learning (UDL) Site Team Training
- Renaissance Star Reading, Math, and Early Literacy Training

2019-20 Trainings:

- Building Positive School and Classroom Culture
- CPR and First Aid - PE Teachers
- Department Collaboration Meetings
- District Writing Buckets
- District Curriculum Guide Updates (ELA, ELD and Math)
- Support for New Teachers in ELA Curriculums, Math Curriculums, Online Gradebook and Report Cards, Science Kits
- PEAKing English language Arts and Math Instruction
- Reading and Math Intervention Program Trainings
- Reading Foundations Including Phonics and Phonemic Awareness
- Technology Integration with District Initiatives and Curriculum
- Trauma Informed Practices
- Digital Badging Trainings in District Curriculum and STAR Assessments
- Reading Foundations

- iRead Site Team Trainings
- Schoolwide AVID
- Universal Design for Learning (UDL)
- Passionate Kids Trainings for GATE Teachers
- Co-Teaching

King Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Student Achievement

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Physical Fitness

In the spring of each year, King Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone." Comparative district and state results can be found at the CDE's Website www.cde.ca.gov/ta/tg/pfi/.

Note: ELA & Mathematics test results include the Smarter Balanced Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

An asterisk () appears in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.*

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Discipline & Climate for Learning

King Elementary School's discipline policies are based upon behavior expectations, which is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. Teachers clearly identify and explain behavior expectations to their students and discuss consequences for poor or disruptive behavior in the classroom. King Elementary School employs a progressive approach in managing students who make poor choices in behavior, do not follow school rules, or are disruptive in the classroom.

Professional Staff

Counseling & Support Staff

King Elementary School provides professional, highly qualified staff who provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to King Elementary School's students.

Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

*One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Teacher Assignment

During the 2018-19 school year, King Elementary School had 18 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teacher that grade level, subject area, student group, etc.

Facilities & Safety

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. King Elementary School's original facilities were built in 1989, and ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. In the last 12 months, the following campus repair/improvement projects were completed:

- Replacement of the stage door
- Installation of security cameras to the exterior of the campus
- Installation of a wrought iron fence around the front of the school
- Replacement of two swing sets in the back playground
- Installation of carpet in Rooms 1 & 2

2019-20 Campus Improvements:

- Replacement of the drinking fountains
- Installation of a security camera TV in the office
- Installation of three swing sets and other playground equipment pieces

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

Every morning before school begins, the custodian inspects the facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to King Elementary School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- Classroom cleaning
- Office area cleaning
- Restroom cleaning
- Trash removal

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Common use area cleaning
- Restroom cleaning

The principal communicates with custodial staff on an as-needed basis concerning maintenance and school safety issues.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, the custodian, the resource clerk, and six playground supervisors are strategically assigned to designated entrance areas, the breakfast area and playground. During recess, teachers supervise playground activity. Playground supervisors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, playground supervisors monitor student behavior to ensure a safe and orderly departure.

King Elementary is a closed campus. During school hours, all visitors must sign in at the school's office with their drivers licence through the Lobby Guard system, and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for King Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's safety plan is reviewed, updated, and was discussed with staff in January 2020.

Facilities Inspection

The district's maintenance department inspects King Elementary on an annual basis in accordance with Education Code §17592.72(c) (1). King Elementary uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on May 25, 2019. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2018-19, all restrooms were fully functional and available for student use.

SARC Data & Internet Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about King Elementary School and comparisons of the school to the district, the county, and the state. District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2017-18 salary comparison data was the most recent data available at the time this report was published.)

Expenditures Per Student

For the 2017-18 school year, El Centro Elementary School District spent an average of \$12,338 of total general funds to educate each student (based on 2017-18 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the District and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)
