School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

SCHOOL COMMUNITY

Viejo Elementary School is located in the beautiful city of Mission Viejo in Southern Orange County and is a family-oriented community, with more than forty-one parks and five recreation centers to serve the tremendous amount of participation in youth sports. It is known for being a well-planned community and was recently named the safest city in the nation. According to a report published by the CQ Press, and FBI, Mission Viejo has the lowest crime rate in the nation for cities with a population of 75,000 or more. Mission Viejo has consistently been in the top ten rankings in the nation since the Safest City Awards began fourteen years ago.

Viejo has five student subgroups including Hispanic, White, Socio-economically Disadvantaged, English Learners and Students with Disabilities.

MISSION STATEMENT

Achieving high academic levels as we become bilingual global citizens

Logramos altos niveles académicos mientras nos transformamos en ciudadanos globales bilingües.

VISION STATEMENT

Working hard every day to build our students' character and skills in Reading, Writing, and Math in order to prepare them for their future, because they are smart, they are important, and they are on the way to a college or university.

COLLECTIVE COMMITMENTS

We are committed to closing the achievement gap between English language learners and native English speakers, by continuing to provide the best instruction to all learners using the foundational skills and data reflection as a platform for success.

STUDENT DEMOGRAPHICS

Viejo teachers believe in the importance of student acquisition of standards and skills, and the ability to use those skills in all subject areas. We know that all students, within our five subgroups, can meet and exceed academic goals and standards. Over the past few years our demographics have changed socio-economically and we have had a noteworthy increase of English Learners. Viejo teachers have continued our commitment to excellence and meeting the needs for all students within our changing population. Though our demographic population changes yearly, our students continue to meet and exceed academic goals and expectations.

SCHOOL PROGRAMS

- Two-Way Language Immersion Program - Viejo Elementary has implemented a K-5 Two-Way Language Immersion Program starting in the 2010-11 school year. The school has increased its two-way population in past few years and we now have students in kindergarten through eighth grade in the two-way program. The goal of this program is for students to be bilingual and biliterate by the end of their 5th grade year. Viejo Elementary is the 3rd school in the Capistrano Unified School District to implement the Spanish Two-Way Language Immersion Program.
- Viejo Elementary has an all day kindergarten program. Viejo is one of only a handful of schools in Capistrano Unified that offers this program.
- Technology - Viejo Elementary offers technology to all students. All of our classrooms are equipped with computers and internet access. Viejo Elementary has purchased Chromebooks and iPad carts to support instructional goals and curriculum standards throughout the school.
- Mandatory School Uniforms - Viejo Elementary school has a mandatory school uniform program that has been in place for several years. Our program encourages appropriate dress and has been supported each year by our Parent Teacher Association.

CITIZENSHIP, CHARACTER COUNTS AND COMMUNITY SERVICE

The Viejo community prides itself on creating a safe and nurturing learning environment that enables each student to reach their maximum potential. At Viejo, each student, teacher and staff member strives to do his or her BEST! The following is the Viejo School Pledge:

Viejo Student Pledge:

I am proud to be a student at Viejo Elementary.

With the support of my teachers and my family,

I will work hard every day to build my character and my skills in Reading, Writing, and Math.

I will work every day to prepare for my future.

I am smart. I am important.

My teachers believe in me. I believe in myself.

I am COLLEGE BOUND!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September 2019

All textbooks used in the core curriculum throughout Capistrano USD are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the State's list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards based and approved by the District's Board of Trustees. On September 18, 2019, the Capistrano USD's Board of Trustees adopted Resolution 1920-24 which certifies as required by Education Code 60119 that for the 2019-2020 school year, the Capistrano USD has provided sufficient textbooks or instructional materials, or both that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil including those enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

School Facility Conditions and Planned Improvements (Most Recent Year)

Viejo Elementary School has 31 classrooms, a multipurpose room, library, and an administration building. The main campus was built in 1970. Portable classrooms were added in 1998 to accommodate class size reduction and in 2002 a portable was added to house a new preschool program.

The district maintenance staff ensures that the repairs necessary to keep the school in good repair are completed in a timely manner. A work order process is used to ensure services and emergency repairs are given high priority. The custodial staff has developed a cleaning schedule to ensure a clean school.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	41	42	58	59	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

At our school, parent participation is evidenced through a large volunteer program. Parents provide many volunteer hours in the classrooms, assisting individual or small groups of children and doing clerical work for the classroom teacher. Our very supportive Parent Teacher Association (PTA) and Viejo Elementary School Foundation (VESF) work hand-in-hand with the school to provide funds and programs, which further enrich the school experience for our students.

From the district level, the CUSD Foundation also provides resources and support to our school.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Each Capistrano Unified school site has a School Safety Plan, which includes a comprehensive disaster preparedness plan. Copies are available to read at each school office. The Safety Plan is updated annually, and reviewed by the Executive Director, Safety and Student Services. Aerial pictures and floor plans of each school site are loaded on all local police unit computers. Fire drills are held monthly in elementary schools, four times per year in middle and two times a year in high school. Drop, cover and hold drills are held each semester in middle and high school and quarterly for elementary. Lockdown drills are held twice a year and a disaster drill is held once a year throughout the District. The District also participates in multi-agency response drills, working with law enforcement, fire and other responding agencies.

Types of Services Funded (Fiscal Year 2018-19)

Each district school provides some supplemental services to assist students:

- in reaching academic proficiency
- in mastering grade level content standards and
- to successfully graduate from high school.

Services vary by school and may include:

- Supplemental instructional materials and books in mathematics, reading/language arts, science and social science
- Programs for English Learners
- Extended Day/Year/Summer School
- Intervention Programs
- Enrichment Programs
- Technology
- AVID Programs
- Parent Education/Family Nights
- Tutoring (some Title I schools and other federal programs)
- Translation for Home-School Communication
- Counseling (Social, Emotional, and College and Career)
- Special Education

Please check with your child's principal to receive information regarding the services that are specific to your child's school.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	2	2	3

Capistrano Unified School District places great value on the role of professional learning, and utilizes systems-wide structures and strategies to promote continuous learning of adults that result in increased learning for students. The ongoing focus for professional learning is to support the district's Wildly Important Goal for Teaching and Learning. It is the district goal to engage students in meaningful, challenging, and innovative educational experiences to increase post-secondary options for all students.

It is the goal of Capistrano Unified School District to ensure all students receive Great First Instruction (GFI). The vision for GFI is that all learning environments include Lesson Preparation, Interaction, Strategies, and Review and Assessment as defined by the Sheltered Instruction Observation Protocol (SIOP). By design, the model for providing professional learning is multi-tiered, and ranges from large-scale, district-wide learning opportunities focused on priority areas to site-specific, embedded professional learning (including coaching) that supports teachers in the transfer of that learning to the classroom. In addition, professional learning "academies" provide supplemental training during the summer and after school hours to further support district initiatives and teacher needs for ongoing professional learning. The outcome of all CUSD professional learning is to improve educator effectiveness in order to increase student learning. In support of this outcome, administrators participate in professional learning to increase their knowledge of quality practices, California Content Standards, and strategies for instructional leadership.

Since 2004, all schools provide specific release time for embedded professional learning using late start or early release days. In grades K-8, this time is known as ACE time (Articulation and Collaboration for Excellence). The purpose of this time is for educators to examine the impact of their practice on student learning, with a focus on continuous improvement. Schools work to identify key areas of learning based on an analysis of student data, upon which they place their focus for professional learning and set annual measurable goals based upon those identified areas of need. These areas are determined through the analysis of student learning data from multiple sources, including, but not limited to high stakes testing. The action plan developed to accomplish these goals outlines priorities for teacher training and implementation.

Throughout the year, the structure of collaboration typically involves teacher teams engaging in ongoing examination of standards-based curriculum, the examination of meaningful formative and summative assessment data, and powerful teaching strategies that get results in student learning. In 2017 the District developed the CUSD Professional Learning Communities Framework as it's guiding document for professional collaboration. All collaborative teams utilize Common Goals, Relational Trust, Focus on Learning, Shared Responsibility, Action-Oriented, Data Driven, and Systems and Structures for Support to ensure all students are learning at high levels. These embedded professional learning activities help prepare teams to provide a differentiated instructional program that meets the needs of all students.

Beginning teachers receive systematic training and support during their first two years of teaching within the CUSD Induction Program. This program assists new teachers as they build upon the skills they already possess upon entering the field of teaching, and provides them with support from a veteran teacher. The program is approved by the California State Commission on Teacher Credentialing and meets the requirements necessary to "clear" teaching credentials. In addition to those activities previously described, all teachers may receive support, assistance, and opportunities to grow professionally through their participation in school site learning teams, student study teams, from district resource teachers, and the Peer Assistance and Review Program.
