School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Description of District

The Visalia Unified School District is the oldest school district in Tulare County. Our family of schools includes 26 elementary schools, a newcomer language center, five middle schools, four comprehensive high schools, a continuation high school, an adult school, a charter independent study school, a K-8 charter home school, and a charter technical early college high school. Over 32,000 students Pre-K to adult are served through Visalia Unified School District.

Description of School

Crestwood Elementary School served approximately 640 students in grades TK-6 in 2018-19. Our teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. The school holds high expectations for the academic and social development of all students. Curriculum planning, staff development, and assessment activities are focused on assisting students in mastering the Common Core academic content standards, as well as increasing the overall student achievement of all subgroups.

School Mission Statement: Our mission is to promote high academic achievement, maintain a safe and respectful learning environment and to foster a strong collaborative partnership between school, parents and community.

We believe that with exploration, discovery, and knowledge, the possibilities for our students' futures are endless. We also believe that if we can capture students' hearts, we will impact their future.

We will achieve this by ensuring that students:

- will encounter a challenging and interesting curriculum based on common core standards
- will experience a variety of instructional strategies including the use of technology to enhance learning opportunities
- will build high self-esteem through success in personal achievement based on a foundation valuing hard work, perseverance, trustworthiness, caring, responsibility, respect, fairness, and citizenship.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Crestwood Elementary School takes great efforts to ensure a safe, clean, and functional physical environment for students, staff, and volunteers. Sufficient space is provided for students and staff to support teaching and learning. This includes space provided by classrooms, playgrounds, and staff work rooms. To assist our school in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

In addition to custodial staff on duty during the school day, a team of maintenance specialists come in after hours for daily cleaning. District and school maintenance staff work cooperatively with administrators to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Program

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The deferred maintenance program ensures that all class-rooms and facilities are maintained to a degree of adequacy that allows for a good learning environment.

Facilities Improvements

During the 2017-18 school to accommodate preschool growth an portable building was added. A storage shed and cement sidewalks were added to preschool for playground safety. During the summer of 2017 three buildings, including the office, were updated with new roofing, and all blacktops were resealed. During winter of 2019 a tree near the cafeteria was removed because of a safety issue, the old blacktop was removed, and cement was poured to provide a clean, safe eating area. Flooring was replaced in room 66.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	30	26	31	33	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parent involvement and communication are essential to our school success. Crestwood Elementary School continually strives to involve parents by sharing information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities.

There are numerous and varied opportunities for parent involvement, including but not limited to, attending school functions, participating in parent-teacher conferences, volunteering in classrooms, and chaperoning field trips. Parents may also serve on advisory committees and extra curricular teams, including, but not limited to, the English Learners Advisory Committee (ELAC), and School Site Council (SSC), Positive Behavior Committee, and track team. Parents are also encouraged to help in the classrooms, and with school events. Additional opportunities for parental involvement also exist at the district level. Parents are invited to attend the PIQE classes, a series for parents giving strategies for students to be successful learners, and the School Smarts program offered every other year.

Crestwood's PTA is an active participant at Crestwood. They plan school activities including: "Parents and Pastries", Craft Night, Family Game Night, Movie Nights, and a yearly carnival. The PTA also supports our literacy goals and provides incentives for promoting literacy school-wide. They support our parent engagement nights, and help with the garden and nutrition lab. The PTA also supports improvements at our site including an electronic marquee, and are currently working to provide extra shelter outside of our cafeteria.

Parents who would like more information on how to become involved may contact Principal Debbie Peterson at (559) 730-7754.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Safety of students and staff is a primary concern of Crestwood Elementary School. Campus-wide supervision ensures students are safe on school grounds before, during, and after school. Entrances to school grounds are secured or monitored during the school day. All visitors must sign in at the office and wear appropriate identification while on campus.

The Comprehensive School Safety Plan is designed to assist in maintaining a safe school environment and preparing for emergencies. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. An updated copy is available to the public at the school office.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency preparedness drills are conducted regularly and the school staff is appropriately trained.

The plan was discussed by the school staff during the month of September 2019. It was last approved by our School Site Council in October of 2019.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

The following areas of professional development have been provided to staff: professional learning communities, PBIS, effective math and literacy instruction and other areas as indicated by school data. Our district provides professional development based on data from both the district and school level to ensure that areas of need are being addressed. Professional Development occurs at the district, school and classroom level dependent on teacher goals. The district provides Teachers on Special Assignment at all grade levels to provide on-site coaching and support after professional development has occurred.

Support for Novice Teachers: Due to a shortage of highly qualified teachers in our area, twenty percent of Visalia Unified's certificated educators do not yet hold a clear credential and are considered "novice" educators. In response to this challenge and in compliance with the California Commission on Teacher Credentialing, Visalia Unified offers a robust support and training system for these novice educators including differentiated professional development and continuous professional growth opportunities. The professional learning system begins with the New Certificated Staff Summer Institute which is a five-day interactive training offered in August one week before school begins. This training covers classroom management, classroom culture, curriculum frameworks, and lesson design. In addition, a four-day workshop on student engagement and cooperative learning is offered during winter break so that teachers may implement new structures and strategies during the spring semester. All novice teachers receive ongoing support and individualized training throughout the year via weekly meetings with their assigned mentor at their respective school sites. Mentors and district teachers-on-assignment support implementation of new knowledge by providing in-class coaching, collaborating on lesson design, accompanying novice teachers on classroom tours, and assisting with student data analysis to drive instructional decisions. In addition, novice teachers and their mentors attend monthly after school training in action research and are provided time to reflect on their instructional practice. Mentors and teachers on assignment are carefully selected experienced educators trained in how to facilitate the individualized professional growth of novice teachers. Novice teachers who have preliminary credentials participate in the VUSD Teacher Induction Clear Credential Program which is accredited by the Commission and is offered at no cost to the candidate.

Support for Veteran Teachers: Veteran teachers in need of classroom management assistance also have access to one-on-one mentor support as may be needed in the case of a new grade level assignment or challenging class. Visalia Unified also offers a Peer Assistance and Review (PAR) program which is a formal system of mentoring and accountability.

To support our goal of a positive climate and culture all staff members have been trained with the Flippen Group "Capturing Kid's Hearts". Staff were initially trained with a two day in-service in the fall of 2017. In February of 2018 a group of 20 staff members received additional training in "Process Champions" to serve as coaches to further the development of using the "Capturing Kid's Hearts" systems. We met with a trainer on two traction days to evaluate the use of the strategies campus wide. In October of 2018 all staff received "recharge" training of the processes from previous training. Crestwood will continue its use of "Capturing Kids Hearts" by moving to "Capturing Kid's Hearts 2" in the fall of 2019.

In the 2017-18 school year all teachers received math training in common core standards from Tulare County Office of Education trainers. Each grade level participated in learning how to best put all strands of Common Core together for an effective math program. In the 2018-19 school year teachers used TOSA support to use this training with the new district benchmarks to create meaningful math experiences for students. In the 2019 school year all teachers are receiving math training on four minimum days from our district TOSAs. Topics include: Growth Mindset in Math, Number Sense, Problem Solving, and Procedural Fluency. Teachers are then using the other two minimum days to unwrap standards in math and develop learning progressions and targets for each grade level.

In the 2017-2018 and 2018-19 school years with the help of our intervention teacher and TOSA support K-3 have worked to improve literacy instruction to all students. Training has been provided on guided reading, interactive read-alouds, and purposeful learning experiences for all students. Teachers have been provided after school and whole day workshops, training from Fountas and Pinnell trainers, and individual mentoring. Teachers have been supported through implementation with in-class coaching, grade level collaboration meetings, and teacher-principal meetings.

Grade 3-6 teachers have been provided professional development in using the Renaissance Place STAR reading and Accelerated Reader to improve students' reading skills. Teachers have been supported with TOSA support as well and teacher-principal meetings and learning to use the student performance data to drive their instruction. Teachers will continue to improve ELA instruction in the 2019-20 school year by attending the professional development offered by the district. These topics include: Book Clubs, Guided Reading, Interactive Read-Alouds, and Cognitively Guided Math Instruction. Every teacher will attend at least one of these trainings.

In the 2017-18, and 2018-19 school years teachers and support staff received instruction in using Google docs. Through staff development with the help of site tech. coach all staff were trained to successfully use google to access important documents, help to improve school communication, and how to use google to empower students and increase their learning opportunities. Teachers continue to receive professional development in using technology with students from our tech coach during the technology training offered weekly. 5 staff members attended the Tulare County Office of Education Technology conference in January 2019, and will share their learning at monthly staff meetings. All staff are receiving professional development in the area of Social Emotional Learning. By the end of the 2019-20 school year Crestwood will have a plan in place to make sure we are meeting the Social/Emotional needs of our students.
