It is an honor to be your partner in education and to work with a staff that is truly dedicated to our students and their academic achievement and positive social development. We strive to ensure that students are academically and socially successful and view learning as an adventure. We partner with parents and our community to make a difference in the lives of our students by empowering and preparing them for the world of work or college. We invite you to visit our school so that you can experience first hand the commitment we have to our students.

Our highly trained staff provides learning opportunities that assist students in reaching their academic proficiency levels and strive towards their individual potential. Students are active participants in the learning process and work closely with staff in setting these goals. The integration of technology compliments the core curriculum as well as weekly offerings of choral music and band (for upper grades), and physical education for all students. Imagine Learning, Typing Pal, Google Apps, ST Math (MIND), and Compass Learning are just a few on-line programs that we offer students to enhance their technology skills and additional support for mastering the state standards.

Parents, families, and community members of McSweeney Elementary School are integral to the success of our students! Their commitment and support is reflected in the hours they spend volunteering their time and participation in advisory councils, committees, and school events. Our PTA is committed to student involvement, community programs, and the academic and social growth of every student through our school events! Our McSweeney families are dedicated to support our students in an effort to prepare them for college or career readiness. All of this combined, cultivates and maintains a positive, nurturing learning experience for our students.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, including English learners, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 9/3/2019 that each pupil in the district, including English learners, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

**School Facility Conditions and Planned Improvements (Most Recent Year)**

McSweeney Elementary School opened in the fall of 2003 and provides a safe, clean environment for learning. Students and staff take pride in the beauty and cleanliness of the school. The design of the school creates a home-like feeling as the majority of classrooms are contained under one roof, with a large, open library situated in the heart of the school. Twenty-five classrooms, school office and health office, multipurpose room with a state of the art sound system surrounding an open-air courtyard used for celebrations and events. Eight relocatable classrooms and restrooms were added to our campus in 2004 to accommodate enrollment growth. Every classroom has adequate space and all the materials needed to ensure student success. In 2007 we welcomed a Head Start Pre-School Program.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

##### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	27	29	36	37	50	50
Math	22	20	22	22	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs and initiatives. The training provided by the Professional Development Academy allows teachers, administrators, and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

The primary focus of the Professional Development Academy is supporting instruction of California State Standards and the new curriculum adoptions that have taken place during the past few years. The district's Educational Services Department, including Teachers On Special Assignment (TOSA), provide ongoing support and training in the skillful delivery of the adopted standards. Additionally, the TOSAs provide a variety of district and site-based trainings based on data, principal feedback and, teacher survey results.

The PDA also supports new teachers through our Center for Teacher Innovation (CTI) Induction Program, which provides intensive coaching and support in the inquiry process. Additionally, the TOSAs support seven elementary site-based Instructional Coaches and eight secondary Math Coaches, located at designated schools across the district. A new teacher academy is offered for all new HUSD teachers during the summer, and all elementary classroom teachers participated in ongoing training which supports ELA and Math standards, and our secondary ELA teachers also participated in training for the newly adopted secondary ELA curriculum (Collections). Additional training and support are offered to Special Education Teachers, Science and History/Social Studies teachers.
