School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Ivanhoe Elementary School takes great efforts to ensure a safe, clean, and functional physical environment for students, staff, and volunteers. Sufficient space is provided for students and staff to support teaching and learning. This includes space provided by classrooms, playgrounds, and staff work rooms. To assist our school in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

Maintenance and Repair

Ivanhoe School received several upgrades in maintenance and repair. This includes classroom repairs, asphalt resurfacing, sprinkler repairs, etc.

Cleaning Process and Schedule

In addition to custodial staff on duty during the school day, a team of maintenance specialists come in after hours for daily cleaning. District and school maintenance staff work cooperatively with administrators to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Program

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The deferred maintenance program ensures that all class-rooms and facilities are maintained to a degree of adequacy that allows for a good learning environment.

Facilities Improvements

During the summer of 2015, Ivanhoe Elementary School made facilities improvements including roofing and painting.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	24	37	31	33	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parent involvement and communication are essential to our school success. Ivanhoe Elementary School continually strives to involve parents by sharing information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities.

There are numerous and varied opportunities for parent involvement, including but not limited to, attending school functions, participating in parent-teacher conferences, volunteering in classrooms, and chaperoning field trips. Parents may also serve on advisory committees and leadership teams, including, but not limited to, the English Learners Advisory Committee (ELAC), School Safety Committee, School Site Council (SSC) and PIQE training beginning in 2020. Parents may develop leadership skills through additional opportunities for parental involvement offered at the site based on the district's Parent University schedule.

Parents who would like more information on how to become involved may contact Principal, George Rodriguez; School Secretary, Patty Rojas; or School And Family Engagement Technician, Edwin Castillon; at (559) 730-7849.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Safety of students and staff is a primary concern of Ivanhoe Elementary School. Campus-wide supervision ensures students are safe on school grounds before, during, and after school. Ivanhoe School is a closed campus during school hours. Entrances to school grounds are secured and monitored during the school day. All visitors must sign in at the office and wear appropriate identification while on campus.

The Comprehensive School Safety Plan is designed to assist in maintaining a safe school environment and preparing for emergencies. The school safety committee on campus has the responsibility of continuously reviewing the plan, gathering input from all stakeholders, and making revisions as needed. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students. The safety plan is fully compliant with federal and state regulations. An updated copy is available to the public at the school office.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency preparedness drills are conducted regularly and the school staff is appropriately trained. IN addition, the school staff works closely with the Tulare County Sheriff's Department Community Based Officer in order to assess and address safety issues as they arise.

The school safety plan was approved by the Ivanhoe Elementary School - School Site Council on October 2019 and approved by the Visalia Unified School District Board of Education.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

The following areas of professional development have been provided to staff: professional learning communities, PBIS, effective math and literacy instruction and other areas as indicated by school data. Our district provides professional development based on data from both the district and school level to ensure that areas of need are being addressed. Professional Development occurs at the district, school and classroom level dependent on teacher goals. The district provides Teachers on Special Assignment at all grade levels to provide on-site coaching and support after professional development has occurred.

Support for Novice Teachers: Due to a shortage of highly qualified teachers in our area, twenty percent of Visalia Unified's certificated educators do not yet hold a clear credential and are considered "novice" educators. In response to this challenge and in compliance with the California Commission on Teacher Credentialing, Visalia Unified offers a robust support and training system for these novice educators including differentiated professional development and continuous professional growth opportunities. The professional learning system begins with the New Certificated Staff Summer Institute which is a five-day interactive training offered in August one week before school begins. This training covers classroom management, classroom culture, curriculum frameworks, and lesson design. In addition, a four-day workshop on student engagement and cooperative learning is offered during winter break so that teachers may implement new structures and strategies during the spring semester. All novice teachers receive ongoing support and individualized training throughout the year via weekly meetings with their assigned mentor at their respective school sites. Mentors and district teachers-on-assignment support implementation of new knowledge by providing in-class coaching, collaborating on lesson design, accompanying novice teachers on classroom tours, and assisting with student data analysis to drive instructional decisions. In addition, novice teachers and their mentors attend monthly after school training in action research and are provided time to reflect on their instructional practice. Mentors and teachers on assignment are carefully selected experienced educators trained in how to facilitate the individualized professional growth of novice teachers. Novice teachers who have preliminary credentials participate in the VUSD Teacher Induction Clear Credential Program which is accredited by the Commission and is offered at no cost to the candidate.

Support for Veteran Teachers: Veteran teachers in need of classroom management assistance also have access to one-on-one mentor support as may be needed in the case of a new grade level assignment or challenging class. Visalia Unified also offers a Peer Assistance and Review (PAR) program which is a formal system of mentoring and accountability.
