School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

La Vorgna Elementary School is located in French Valley, just east of Temecula. Our TK-5 school opened in August of 2005. In 2019-2020 school year our enrollment is just over 900.

Our beautiful and unique campus was named for Susan La Vorgna, a remarkable educator who always put children first. It is our hope that we continue her legacy, making sure that everything we do is in the best interest of each child. Each staff member has been carefully selected because they are extremely skilled at what they do, but most of all, because they have huge hearts for children.

High academic expectations, and a focus on appropriate social behavior, will be evident on our campus on a daily basis. We wholeheartedly believe that every child can be successful.

THE STUDENTS, STAFF, PARENTS AND COMMUNITY OF SUSAN LAVORGNA ELEMENTARY SCHOOL WORK TOGETHER TO CREATE A SAFE LEARNING ENVIRONMENT THAT PROMOTES RESPECTFUL, SELF-DIRECTED, SUCCESSFUL LEARNERS.

- All students will be required to work to their full potential toward meeting the academic standards.
- The school community will work together to develop the social skills necessary for success in a diverse, global society.
- Students will be taught to be tolerant of others, and to respect diversity through daily PBIS instruction.
- Students will become self-directed, life-long learners who value education.

School Facility Conditions and Planned Improvements (Most Recent Year)

La Vorgna Elementary School was built in 2005. The campus has 51 permanent classes, a multipurpose room, a library, and an administration building. TVUSD's Maintenance and Operations division works diligently to ensure our facilities are clean and safe for students, teachers and staff. The district follows a comprehensive preventive and deferred maintenance program to offset costly repairs and minimize disruptions to the instructional program. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Our school has one full time lead custodian during school hours, and a night crew that comes in and cleans the entire facility after school hours. In addition, between two and three times a year the carpets at each site are steam cleaned. In order to respond to work requests in a timely manner, the district utilizes an electronic work order system. When a site secretary, custodian or administrator has a request, they can put it into the system directly. This makes for a more time efficient processing of work orders.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	45	52	54	55	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

At La Vorgna Elementary School, we value families and welcome parents as an integral part of the educational team. Parents are encouraged to participate by volunteering in their student's classroom, serving on the PTA, helping with grade level activities and special campus projects, SSC, ELAC, CAP etc... We also encourage our families to join us for the numerous community events we host at La Vorgna each year: Fall Festival, Family Movie Nights, Winter Wonderland, Story Night, Back to School Night, Open House, Jog-a-thon, Family Dance Nights, Talent Show, Running Club, and Garden Club.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School 2016-17	School 2017-18	School 2018-19	District 2016-17	District 2017-18	District 2018-19	State 2016-17	State 2017-18	State 2018-19

Expulsions	0.0	0.0	0.0	0.2	0.2	0.1	0.1	0.1	0.1

School Safety Plan (School Year 2019-20)

School safety is a high priority for our school and district. Our school has a comprehensive School Safety Plan, which is updated and approved annually. The plan covers topics such as disaster response, safe ingress and egress, and ensuring a safe and orderly environment. Additionally, the plan includes data on suspensions and expulsions, as well as school and district crime data.

Our school is a closed campus that is fully enclosed by fencing. School visitors and volunteers are required to sign in at the front office prior to entering campus using the Raptor System, which completes a backcheck via federal identification. In instances of emergency, we use an automated telephone/email system through Blackboard to contact parents with pertinent information.

To better prepare our teachers, students and staff for emergencies, our schools conducts fire, earthquake, and lockdown drills regularly throughout the school year. Education Code mandates that all elementary and middle schools hold a fire drill each month they are in session as well as an earthquake drill at least four times during the school year.

District Commitment to Learning for All Students

The Temecula Valley Unified School District is committed to ensuring that each and every child in its care receives a rigorous, multifaceted educational experience preparing them for the demands of college and career.

TVUSD teachers engage in active staff development throughout the year by attending:

In-District training sessions provided by staff and consultants.

Site-based training sessions presented during staff meetings and committee/grade level meetings.

One on one training provided during formal observations and post observation conferences. One teacher per grade to attend the CUE conference and come back to be the trainer at each grade level.

Staff members are sent to national and state conferences to fine-tune instructional practices in specific areas.

Teachers with specialized training are given opportunities to train their peers, and provide instructional support as teacher leaders.

Standards Based Instruction : Staff development focuses on implementing the New State Standards and state frameworks in English-Language Arts, Science, social science, and Math, K-12. Routine district sessions bring teacher leaders and principals together to devise and refine the curriculum and assessments. Teams began by identifying priority and supporting standards, grouping the standards into units of instruction, and crafting common interim and summative assessments, developing scoring rubrics, and discussing sound grading practices for each course/grade. Leaders return to sites to facilitate their grade level/course teams in reviewing the work, suggesting resources, and providing feedback for the refinement committees.

Technology Coaches at each site to support teachers in the implementation of new technology practices.

Collaborative Teams: Teachers are divided into Professional Learning Communities (PLCs) based on content area and grade level. All instructional staff participate almost weekly during professional growth time meeting in their PLC groups to align curriculum, refine teaching strategies, create assessments, analyze student achievement data and transition to New State Standards.
