School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Here at Trajan Elementary, we have a very professional and personable staff that believes strongly in the academic success of every child.

We have implemented a standards based curriculum in reading, writing, math, science, and social studies. One aspect of our standards based instruction includes a balanced literacy approach in reading and writing. We continue to implement the Benchmark English Language Arts curriculum. Reading instruction provides shared reading activities in a variety of genres in both fiction and non-fiction, as well as differentiated guided reading groups to meet the needs of each student. Writing activities are centered on genre studies in various units of personal narrative, opinion, persuasive, argumentative, and nonfiction writing. Both our reading and writing instruction incorporate Guided Language Acquisition Design (GLAD) & critical literacy strategies, which support students in collaborating and thinking at higher levels. We believe that by doing so, we will grow together into a strong, highly literate community of learners. Students will become better writers, readers, and thinkers; all critical skills for success. In math, we implement the Pearson Envision math curriculum. We also continue to use the instructional strategies from Just Think Math (critical thinking math instruction) to support our standards based math instruction with the curricular materials and incorporate Number Talk strategies across the grade levels to increase achievement with math content, procedures, and conceptual understanding. The curriculum provided is aligned to the Common Core State Standards. The school supports cultural awareness and character education development on a daily basis through its diverse literature selections and other school activities.

School culture and climate has an impact on all students and adults. Trajan has a schoolwide behavior/character education program called Trajan PRIDE (grit/Perseverance, gRowth mindset, gratitude/respect, self-Discipline, and collaborativE). We continuously foster positive behavior, supporting positive character traits and relationships for all. We also recognize students who have good school attendance--which is crucial to student success.

Parent involvement is also a key factor in building a solid foundation that encourages academic and personal achievement. Parents are regularly invited to participate in school activities, volunteer in classrooms, and be an integral part of Trajan's PTA. Strong communication between staff and PTA is highly valued. Trajan's PTA is extremely supportive of the academic, physical, and social/emotional success of all students. Fundraisers, monthly family nights, assemblies, our Trajan Trackers running program, etc...all benefit the curricular focus, positive relationships, and sense of community at Trajan. We value and encourage open communication between parents and staff as partners in educating students. It is our goal to promote a positive learning environment in which students and staff enjoy attending and learning each day.

Mission Statement:

Valuing every individual's contribution, Trajan Elementary School will challenge and prepare students to become critical thinkers who demonstrate personal accountability and responsible citizenship by promoting lifelong learning in a safe, collaborative community with innovative and relevant instruction.

At Trajan, we believe:

1. Education is the shared responsibility of students, parents, families, teachers, staff, and community.
2. Everyone can learn, develop positive attitudes, and contribute significantly.
3. Everyone is expected to show TRAJAN PRIDE: grit/Perseverance, gRowth mindset, gratitude/respect, self-Discipline, and be collaborativE.
4. Children need to live in a caring environment that holds them accountable for their behavior.
5. Fun is an essential part of learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September, 2018

San Juan Unified held a public hearing on September 25, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

School Facility Conditions and Planned Improvements (Most Recent Year)

Trajan Elementary School is evaluated for ongoing maintenance needs on a yearly assessment. This evaluation includes roof/repair or replacement, exterior painting, energy-efficient lighting, heating and cooling system condition, doors with handicapped accessible hardware, restroom restoration, electrical infrastructure ability to provide for internet, cable, telephone, new fire, intrusion, and intercom systems. Currently, there is sufficient space to house the student population. There is a site custodial staff that cleans the building, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. Field repair, and irrigation system retrofit continues to be a concern. In 2005 under the Measure J Bond, a new gas service was installed to support future heating and air conditioning upgrades. Summer of 2013 brought Phase 2 of modernization through Measure J funds. This included the second half of the classrooms and student restrooms including walls, ceilings, lighting, low voltage/AV projectors, interior paint, store front windows and doors, new HVAC systems in all rooms, and path of travel sidewalks.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in August 2019 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	57	57	34	35	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Opportunities for Parental Involvement (School Year 2019-20)

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Trajan Elementary Principal, Monica Curiel, at (916) 971-5200.

Parent Involvement

Trajan supports a program that allows parents to become involved in various ways. Many parents are active participants with the teachers in the classrooms. Our school's PTA offers support through a sponsorship program, grant partnerships, various school-wide events, student assemblies, and monthly family nights. Monthly newsletters with noteworthy information are prepared and sent out by the school with input from the PTA. Trajan PRIDE assemblies, School Site Council, PTA, and Parent Conferences are other ways parents can be involved in their child's school.

Activities to involve parents:

Very active PTA - All parent participation is welcomed!

School Site Council

Superintendent's Parent Advisory Committee

Art Docent Program

Harvest Festival

Back to School Night

Pancake Breakfast

Open House

Family Night Out

Book Fairs

Jog-A-Thon

School Safety Plan (School Year 2019-20)

School Safety Plan (School Year 2019-20)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. The Safe Schools Program has a Community Safety Specialist assigned to this school within a geographic zone that includes nearby schools. In addition, via a partnership with the Sacramento Sheriff's Department (SSD) and the Citrus Heights Police Department (CHPD), there are two uniformed deputy sheriff's and two uniformed CHPD officers assigned to patrol the school district including this school. The Deputy Sheriffs are assigned to patrol a geographic zone either on the east side of the district or the west side of the district. They are assigned specific schools within their assigned zone and respond to this school, or others, as safety needs dictate. The two CHPD Police Officers are School Resource Officers (SRO) who work identified schools within the City of Citrus Heights and respond as safety needs dictate. The two law enforcement agencies will overlap response when necessary. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. This school has a school safety team which reviews safety matters that may affect the campus. Our school safety team meets regularly to discuss safety issues, update our site emergency plan, and to take steps to be proactive in preventing various types of school-related safety issues. Community Safety Specialists and law enforcement provides speakers to address students, staff and community groups on matters of school safety. Our safety team receives training, when requested, from Safe Schools or law enforcement. This school is responsible for updating our Comprehensive School Safety Plan (CSSP) by March 1st of every year per the Education Code. As part of the update, this school meets at least once per year with a law enforcement officer to review the CSSP, has the local fire department review the CSSP and we hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district safe schools manager. Every classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. This school conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by the Education Code.

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
