## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2019-20)

Camino Elementary School is a California and National Title 1 Distinguished School, in the Camino Union School District. Camino School is nestled amongst the "Apple Hill" Ranches, 7 miles east of Placerville in El Dorado County. In the community of Camino, industry is largely agriculture and forestry based, but there is also a large representation of professionals, retirees, and those that choose to commute west toward the Sacramento area. The students of Camino School are a diverse mix of families, including a wide range of socioeconomic groups, and a strong Hispanic population representation. The school is well supported by an incredible Parent Teacher Organization, the Camino Community Action Committee, El Dorado County Ag in the Classroom, the Apple Hill Growers Association, El Dorado Winery Association, the Camino/Pollock Pines Rotary and other groups. Camino families tend to love the outdoors and appreciate a rural lifestyle, while still enjoying easy access to the urban and suburban conveniences.

Our school provides a very strong California State standards-based curriculum, and has fully implemented the new California Assessment of Student Performance and Progress (CAASPP) testing system. Along with our talented and highly qualified classroom teachers, we have highly skilled resource teachers to provide specialized instruction in computers, GATE, English language immersion, physical education, and special education. Camino has wonderful support staff throughout the campus, always striving to take care of our Camino family. All classrooms have computers and/or Chromebooks with access to the Internet. Camino students have access to a variety of computer and internet based supplemental programs tailored to support elementary and middle school students. School and district plans incorporate strategies to maintain our current technology, while still planning for access to new technology. The school district maintains a helpful and informative website at: [www.caminoschool.org](http://www.caminoschool.org). and communicates regularly through auto-calling systems and school newsletters.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### Teacher Credentials

Teachers	School 2017-18	School 2018-19	School 2019-20	District 2019-20
With Full Credential	26	26	24	27
Without Full Credential	1	0	0	0
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2017-18	2018-19	2019-20
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

**Year and month in which data were collected:** October 2019

Camino Union Elementary held a public hearing on October 8, 2019, and determined that the school had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in October, 2019 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

All students are expected to meet the Camino School Technology standards. Technology standards are taught in conjunction with the instructional program in classrooms. We provide a 32-seat computer lab which is staffed by a full-time computer teacher providing instruction and support in basic core academic programs, digital citizenship, computer literacy, keyboarding, word processing and spreadsheet skills. Every classroom, the library, and all offices are connected into a wide-area network with access to the Internet and electronic mail. We also have a second computer lab with 30 computers where teachers have the opportunity to bring their entire class for projects and instruction. The Middle School part of campus has full access to Chromebooks as needed. Also older student computers in the regular classrooms have been replaced by Chrome book mini-labs. There are at least five computers/chromebooks/tablets in every classroom connected to the network. The school is developing Chromebook/Tablet mini-labs in all classrooms as well. Camino students and their parents must sign an internet use agreement prior to utilizing computers on the campus or their Google accounts. Internet filtering is provided to greatly reduce the risk of inappropriate content. The District technology vision is that curriculum must meet state testing and accountability standards and all student software for academics must be adaptive for long term individualized growth.

In 2019, the library collection consists of over 10,000 fiction and nonfiction books. The Library Plan, as part of the Site Council developed Site Plan, includes plans for multiple mediums available through the library. Through the allocation of general funds, Parent Teacher Organization support, book fairs, and grants, we have been investing heavily and building our collection. In addition, our library provides access to research software, Chromebooks and the Internet. Benchmark leveled text kits were added to the library for teacher access. Staffed by a library clerk, the library is available to all classroom teachers and students.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Camino School is located on a beautiful 40-acre site in a mixed conifer forest at the 3,200-foot elevation. Camino Elementary was originally constructed in 1952 and is comprised of 25 classrooms, 1 gym, 1 multipurpose room/cafeteria, 1 library, 1 staff lounge, 3 computer labs, and 2 playgrounds. Camino School boasts large athletic fields, a school garden, an amazing nature trail and many other amenities not offered by other schools. The County Office of Education also operates Regional Special Education programs and State Pre-School in the Winnie Wakely building on our campus. All classroom spaces are utilized to their fullest extent. The facilities enable the school to provide plenty of space for all educational programs including regular classrooms, library, special education, Title I, English Learner resource program, after-school enrichment and extension programs, and staff rooms. While most of the facility was built in the early 1950's, regular maintenance and some modernization has kept rest rooms, flooring, walls, roofs, plumbing and electrical systems in adequate service. However, it is requiring a greater effort every year to keep our facilities adequate. The District is working hard to secure funds from a variety of sources to upgrade and replace our aging facility infrastructure. The Camino Community passed "Measure H" in June 2016, to fix and replace aging infrastructure throughout our campus, and specifically to replace the Elementary School student bathrooms and parking area. The "Measure H" projects reached completion in the end of 2018.

The administration and maintenance staff are committed to maintaining a safe environment that is conducive to learning. Vandalism and graffiti are immediately addressed before students and staff are aware. Staff collects garbage and cleans the campus daily. Students are involved in campus beautification and cleanup efforts. Community volunteers, our Charter School, and an active agriculture/garden program regularly improve our campus environment. Cleaning Process: The principal works daily with the custodial/maintenance staff of 3 full-time employees to ensure that the cleaning of the school is maintained to provide for a clean and safe school. Student restrooms are regularly cleaned twice a day, and whenever circumstances require more cleaning. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

## Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in adequate repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. School stakeholders work hard to maintain a comprehensive Master Facility Plan. The plan contains a priority list of projects to be completed as funding permits. The MFP is posted on the school district web site for review.

### School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

**Year and month of the most recent FIT report:** December 2018

System Inspected	Rating	Repair Needed and Action Taken or Planned
<b>Systems:</b> Gas Leaks, Mechanical/HVAC, Sewer	Poor	Elementary Campus is old; although some infrastructure was recently upgraded; repairs are made regularly to keep systems in good working order. South side portables are long past their expected life cycle. A few HVAC units are not working, but are planned for replacement through Prop 39 funds.
<b>Interior:</b> Interior Surfaces	Poor	Elementary Campus is old; Some ceiling grid separating, some ceiling tiles sagging. South side portables are long past their expected life cycle.
<b>Cleanliness:</b> Overall Cleanliness, Pest/ Vermin Infestation	Good	Elementary Campus is old; some carpets & flooring need replacing. Portables have occasional pest issues. South side portables are long past their expected life cycle.
<b>Electrical:</b> Electrical	Good	Elementary Campus is old; some infrastructure needs upgrades and some has been modernized; inadequate number of electrical receptacles inside many classrooms. South side portables are long past their expected life cycle.
<b>Restrooms/Fountains:</b> Restrooms, Sinks/ Fountains	Good	Elementary Campus is old; Some bathroom and drinking fountains recently replaced. Sinks in the portables are regularly needing fixing.
<b>Safety:</b> Fire Safety, Hazardous Materials	Good	Very strong inspection history.
<b>Structural:</b> Structural Damage, Roofs	Fair	Elementary Campus is old; portable roofs patched yearly. Rain gutters repaired regularly. South side portables are long past their expected life cycle.

System Inspected	Rating	Repair Needed and Action Taken or Planned
<b>External:</b> Playground/School Grounds, Windows/Doors/Gates/Fences	Fair	Elementary Campus is old; Much of the area has been rebuilt and is brand new, however playground black top and classroom windows are still a priority for modernization. South side portables are long past their expected life cycle.
<b>Overall Rating</b>	Fair	

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
<b>English Language Arts/Literacy (grades 3-8 and 11)</b>	57	65	58	63	50	50
<b>Mathematics (grades 3-8 and 11)</b>	50	56	45	52	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

## California Physical Fitness Test Results (School Year 2018-19)

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

Camino Elementary School greatly benefits from its supportive parents who are actively involved in their students' academic progress. Camino School actively solicits participation by parents and community members in the School Site Council, Parent Teacher Organization, Title I Advisory Committee, English Learner Advisory Committee, School Board Sub-Committees, and other groups. Please contact the school office for information about any of these support groups. There are many parents who volunteer in classrooms, on the grounds, and in other capacities. We have multiple levels of Volunteers that support varied school activities throughout the year. If you are interested, please contact the school office for volunteer requirements. Also, parents and staff participate in many community groups such as the Camino/Pollock Pines Rotary, Camino Community Action Committee, Apple Hill Growers Association, El Dorado County Wine Association, Camino/Pollock Pines Chamber of Commerce and other outstanding community organizations. Camino School is proud to be a major participant in our surrounding community, and our community is very proud of Camino School.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

<b>Expulsions</b>	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

### School Safety Plan (School Year 2019-20)

Camino Union School District has a comprehensive safety plan in place. An Emergency Operations Plan is shared with emergency agencies and includes maps and instructions for all systems as well as a summary of all safety related policies. This plan was updated in August of 2018. Each classroom has an Emergency Clipboard, updated each year, with emergency contacts and procedures. The District/School Management Team meets weekly, addressing all safety issues. Fire drills, shelter in place, and other emergency drills are practiced regularly. School-wide expectations for student conduct along with consistent enforcement by all school staff ensures a safe, orderly environment for student learning. School-wide, research-based curriculum, from "Positive Action", "Time to Teach", "Love and Logic" and "Community Matters", are used to ensure student awareness and improvement in personal behaviors that promote school safety. Administrators, teachers and aides conduct playground supervision, regularly referring to our "Camino ROCKS" motto (Respectful & Responsible, On-task, Community, Kindness and Safe). All efforts to ensure building safety, cleanliness and adequacy have been successful.

We are proud of the safety record of our buses. Many Camino students ride our buses, driven by experienced, licensed drivers. Camino recently participated in the AB923 School Bus Replacement Grant through the El Dorado County Air Quality Management District to replace two aging buses. Here at Camino, student safety is of primary importance!

Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offers 1 full staff professional development day, 2 start of school in-service days, and 16 early student release days annually where staff members are offered time for professional collaboration and training opportunities in curriculum, teaching strategies, and methodologies. Grade Level groups are working in teams to develop Professional Development plans for their specific needs. Camino School is working to develop specialized differentiation programs to help close the "Achievement Gap". Camino District is also part of the EDCOE CTEIG consortium to bring EDUHSD Career Pathway programs down to the feeder school level. The District Grade Level Leadership Group is regularly meeting to plan and prioritize professional development needs of staff..

The professional development priorities for Camino Union School District are:

- Math content standards
- Math curriculum materials training
- English Language Arts/English Language Development standards
- English Language Arts/English Language Development adoption training
- Multi-tiered Systems of Support (RTI and PBIS)
- Classroom Technology Integration and One-to-One Computing
- Effective Teaching and Learning Practices including new teachers and administrators

We will utilize training provided through the El Dorado County Office of Education whenever possible to minimize costs.
