## Principal's Message

Welcome to North Beardsley Elementary School, Home of the Cubs! At North Beardsley, we believe that when parents bring their children to our classroom doors, they are entrusting us with this nation's most precious resource. This commitment will assist each student in developing the necessary abilities for successful careers, and participation in and promotion of a free and democratic society.

## Student Achievement

### Physical Fitness

In the spring of each year, North Beardsley Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart reported in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2018-19			
Grade Level Tested	Percentage of Students Meeting Standards		
	Four of Six Fitness Standards	Five of Six Fitness Standards	Six of Six Fitness Standards
Fifth	23.8	11.4	2.9

*Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.*

### California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## **School Facilities & Maintenance**

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. North Beardsley Elementary School's original facilities were built in 1952; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

- Replacement of carpet in four classrooms
- Pruned and trimming of trees throughout campus
- Addition of four new trees
- Installation of a new chain link fence on east border of property
- Roofing projects to classroom 18
- Patch work and painting projects to the interior ceiling of classroom 18

2019-20 Campus Improvements in Progress:

- Replacement and upgrades to toilet partitions in two student restrooms
- Replacement of carpet in selected classrooms
- Remodel and upgrades to two student restrooms to meet ADA standards
- Removal and replacement of roofs throughout entire campus

Every morning before school begins, the custodians inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Two day custodians and two evening custodians are assigned to North Beardsley Elementary School. The day custodians are responsible for:

- Cafeteria setup/cleanup
- Restroom cleaning
- Trash removal

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

The most recent school inspection took place on Wednesday, September 04, 2019. No emergency repairs were needed and no unsafe conditions were found. During fiscal year 2019-20, all restrooms were fully functional and available for student use at the time of the inspection.

### Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, crossing guards, staff members, and the student intervention facilitator are strategically assigned to designated entrance areas and the playground. During recess, teachers, aides, and the student intervention facilitator monitor playground activity. Staff members and the student intervention facilitator monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, crossing guards, staff members, and the student intervention facilitator monitor student behavior to ensure a safe and orderly departure.

North Beardsley Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office with their valid state issued identification to be scanned thru the Raptor system and wear the printed identification sticker while on school grounds.

### School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for North Beardsley Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in January 2020.

## Classroom Environment

### Discipline & Climate for Learning

North Beardsley Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. ## Curriculum & Instruction

### Staff Development

All training and curriculum development activities at North Beardsley Elementary School revolve around the California State Content Standards and Frameworks. During the 2018-19 school year, North Beardsley Elementary School held staff development training devoted to a deeper focus on district provided workshops.

Decisions concerning selection of staff development activities are performed by the principal using tools such as teacher input, state assessment results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. North Beardsley Elementary School supports ongoing professional growth throughout the year on weekly early release days. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2017-18 and 2018-19 school year, North Beardsley Elementary School's teachers attended the following events hosted by the Beardsley School District:

#### 2017-18 Training Topics:

- Inclusion Training
- Suicide Prevention Training
- Social Media in Schools

#### 2018-19 Training Topics:

- Active Shooter Training
- History/Social Studies Adoption Training
- Inclusion - Growth Mindset
- Suicide Prevention Training
- SMART Notebook Training

During the 2017-18 and 2018-19 school years, teachers also had the opportunity to attend the supplementary training provided by the district on the following topics:

- Chromebook Training
- Classroom Management
- Digital Library
- Google Suite
- Illuminate
- Language Arts
- Mathematics
- Physical Fitness Training for Primary Grades
- Recognizing Occupational Therapy needs of Primary Grade Students
- Recognizing Speech Needs in Primary Grade Students
- Science
- Teacher's Roll in IEP Process

North Beardsley Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

### Instructional Materials

All textbooks used in the core curriculum at North Beardsley Elementary School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Monday, September 09, 2019, the Beardsley School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution #1 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2019-20 school year, Beardsley School District did not offer visual/performing arts classes and therefore did not require the distribution of respective textbooks and instructional materials.

North Beardsley Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to North Beardsley Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

### Expenditures Per Student

For the 2017-18 school year, Beardsley School District spent an average of \$10,594 of total general funds to educate each student (based on 2017-18 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels.
