School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Mission Statement: Jackson Elementary School is to have every student be successful to their best ability. The faculty and staff are committed to providing your child with the finest education possible in all areas of curriculum. Our educational strategies must meet the individual needs of all students while developing their talents and potentials.

Instructional Vision Statement: Our Jackson Family is committed to building collaborative partnerships and a growth mindset to implement rigorous curriculum, create innovative real-life experiences, and develop opportunities to become self-reflective in their academic, social, and personal growth resulting in lifelong learning.

Jackson has a variety of academic, athletic, leadership, and social programs to meet the diverse needs of our population. Among our social programs is the "Community of Caring," used to help students adjust to school and create a "safe - friendly" environment. The character traits of family, caring, respect, responsibility, and trust are emphasized throughout the school and in every classroom. The "Community of Caring" program is coordinated by a classroom teacher and supported by a team made up of teachers, parents, and students. "Second-Step" program is taught in the classroom and provides all students with the opportunity to learn social and emotional skills. "Special Friends" and the "Friendship Club" are specialized programs that work with our most at-risk students. These programs are facilitated and coordinated by a trained para-professional. Jackson offers a wide variety of athletic opportunities including football, cross country, volleyball, track, basketball, softball, wrestling, and cheerleading. Staff members coach all sport teams. Leadership activities include a Student Council made up of officers and classroom representatives. Student Council coordinates school activities with an outside private program, "FunWorks."

To ensure that the needs of all students are met and that we continue to make academic gains, the District and Jackson have implemented a variety of instructional strategies, programs, and interventions. The Sanger Unified School District has adopted the "Houghton Mifflin Reading Series," a comprehensive language arts program. It also has adopted the standards-based math program "Houghton Mifflin Mathematics." These programs are the foundation for SUSD standards-based curriculum. Teachers are supported by Jackson's Curriculum Support Provider. All Jackson teachers make use of these programs as their core curriculum. All students have access to these programs, and every student has his/her own textbook. Jackson Elementary has purchased the "Accelerated Reader" program as supplemental resources for grades Kinder-6th as well as the computer based reading program, LEXIA. We open the computer lab daily before school for students to have access to these programs and encourage them to use these programs at home for supplemental reading practice. This program is a computer curriculum that provides individualized and differentiated instructional support. Students are deployed based on their ELPAC scores for ELD instruction. Sanger Unified also uses "Scott Foresman Social Studies" for use in classrooms in the area of Social Studies. Through grade-level PLC meetings, teachers develop their own lessons and units to cover the California Academic Content Standards in this content area. Students use our school library as a resource for additional information. Student progress in math, reading, language arts, and writing is monitored and instruction is adjusted to ensure all students make academic progress towards achieving proficiency levels on District Assessments and common formative assessments created by the teachers. Jackson's Response to Intervention program is available to all students. Students are placed according to need and they are monitored to ensure growth in literacy skills. Jackson has one full-time Intervention Teacher, an RSP teacher, and a part time RSP Para-educator to assist in this program. Students are referred to the intervention program based on their reading and language performance. Teachers are available for support after school for students as well.

The Jackson principal communicates with parents regularly through a monthly newsletter and calendar, School Site Council (SSC), ELAC, and monthly meetings with the PTO president. School events are advertised in both English and Spanish with flyers and through the Remind app. Parents are reminded of events, parent-teacher conferences, and minimum days. Translators are provided for parent events and parent teacher conferences. Facebook is used as a Social Media platform to highlight student events and recognitions.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: October 2018

Sanger Unified School District policy is to provide only standards aligned textbooks and Instructional Materials. District adoption of new curriculum, standards and instructional materials follow California Department of Education time lines. Purchases of new texts and supporting materials are based on district adopted curriculum standards. Texts and supporting materials are provided throughout the district on a basis of one per student. Teachers and administrators are trained in instructional methodology (s) in each new curriculum, text or standards adoption at the beginning of the school year. Additional training in support of new curriculum and additional training in existing curriculum is continuous throughout each school year. Teachers and Administrators participate in district provided early release day in-services which are scheduled most Wednesday's of the school year.

School Facility Conditions and Planned Improvements (Most Recent Year)

Sanger Unified retains an independent contractor to provide comprehensive facilities inspection of every school site. This inspection meets or exceeds the criteria of the State of California Williams inspection requirement. The Williams compliance inspections are done by Fresno County Office of Education (FCOE). Only one SUSD site is inspected by Fresno County Office of Education annually for Williams compliance. This site is not a FCOE inspected site. The most recent inspection, either district or Williams, available when this SARC is prepared is utilized for this report. Inspection reports are maintained at the SUSD District Office.

The rating scale used for this inspection is as follows:

99% - 100% = Exemplary: School meets most/all standards of good repair. Noted deficiencies, if any, are not significant.

90% - 98.99% = Good: School maintained in good repair with some isolated deficiencies from wear/tear or are being mitigated.

75% - 89.99% = Fair: School is not in good repair with some critical or widespread deficiencies and repairs are necessary.

00% - 74.99% = Poor: School facilities are in poor condition with deficiencies of various degrees throughout and major repairs are necessary.

The results of the most recent report available for this campus are disaggregated below.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	27	32	41	43	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Our school strives to maintain an active Parent Teacher Organization (PTO). The Jackson PTO works to support school wide and individual classroom activities. This has often taken the form of support for Red Ribbon Week, a School Carnival, Family Fun Nights, a Family Father/Daughter Dance, Family Mother/Son Dance, Pastries with Parents, Grandparents Day, and Family movie nights. Our PTO is instrumental in providing "extras" for our school. We welcome volunteers as general help in the office or for specific service in a classroom. Anyone wishing to become a member of our PTO may obtain an application at our Office. We also have parents serving in elective positions on our School Site Council (SSC) and English Language Advisory Committee (ELAC), which monitor our use of School Improvement (SI) funds and other categorical funds. Meetings are held throughout the year and all meetings are open to the public. Jackson School has Parent/Family Pride Team Events in which we come together to celebrate successes, work together to find ways to support our children and families with homework, participate in Literacy Nights, and engage in family hands on academic activities. We have parent volunteers in the classrooms that supports students in small group additional supports.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Sanger Unified School District Emergency Plans and Procedures are enforced at Jackson School. This is a newly implemented District Plan beginning December 2015. Plans are reviewed with staff annually at the beginning of each School Year. Jackson's School Site Council (SSC) approves our Safe School Plan. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to maintain a safe, healthy, nurturing, and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter free. Site maintenance staff surveys the campus as the first order of business each day. They insure the campus is clean, any vandalism is corrected, and that the campus is presentable and representative of the priority Sanger School Board sets on safety and appearance. Oversight of Sanger Unified Safe School Plans is through the Welfare and Attendance Office. This site's Safe School Plan was reviewed with site staff in August 2019.

Types of Services Funded (Fiscal Year 2018-19)

Local Control Funding Formula (LCFF) from the state provides general funding for the base programs and supplemental programs. The LCFF funds are distributed based on the Local Control Accountability Plan (LCAP) adopted by the SUSD board and developed by the district in conjunction with stakeholders including parents, students, school employees and other stakeholders.

Title I, Part A - The purpose of Title I, Part A federal funds help to meet the educational needs of low-achieving students in California's highest-poverty schools. Funds are used to support effective, research-based educational strategies that close the achievement gap between high-and low-performing students and enable the students to meet the state's challenging academic standards. All Sanger Unified Title I schools operate school-wide programs.

Title III Limited English Proficient - The purpose of the Title III Limited English Proficient (LEP) Student Program is to ensure that all LEP students, referred to as English learners in California, attain English proficiency, develop high levels of academic attainment in English, and meet the same challenging state academic standards as all other students.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			43

What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?

All of our professional development is based on the needs of our students and teachers, assessed through observations, surveys, disaggregation of SBAC data, PBIS data and other assessment data. Teachers in Sanger Unified have completed professional training courses designed to support educational priorities and objectives. Staff Development Days are designed to provide continuous learning opportunities for administrators, teachers and classified personnel.

What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?

As a district, we are committed to offering teachers a variety of professional learning opportunities and options for personalized professional development. Sanger Unified provides professional learning in all subjects (Math, STEAM, ELA, ELD, assessments etc.) for TK-6th grade teachers throughout the school year. For single-subject teachers, Sanger Unified provides two to four full days of training dedicated to specific initiatives, strategies and frameworks (Balanced Literacy, Guaranteed and Viable Instruction, ELD, Writing, Speaking and Listening, Close Reading, Project Based Learning, Universal Design for Learning, etc.) Sanger Unified also offers after-school workshops on various math instructional strategies and routines, after-school technology trainings and Universal Design for Learning trainings. Each year, we offer a district conference where teachers share their best practices with one another. Teacher leaders at all sites are given a variety of opportunities to attend national and state conferences and seminars, as to further the collective knowledge of all members of their grade level teams and learning communities. Teachers also have the opportunity to engage in personalized professional development through instructional coaching.

New to the profession Teachers are also supported through the Sanger Unified School District Beginning Teacher Support and Assessment Induction Program (BTSA) and New Teacher Support. A teacher that is teaching under a PIP or STSP, or is an Intern is assigned a mentor that provides the new teacher with a minimum of 4 hours per week of direct or indirect support for his/her individualized professional growth. In addition, the teachers attend required professional development provided by the district and school site. New teachers that have a preliminary credential participate in our formal BTSA Induction Program. Teachers participating in BTSA receive support from a trained support provider for two years. The Sanger BTSA Induction program uses the "just-in-time" concept of mentoring and the Formative Assessment for California Teachers (FACT) formative assessment to guide new teachers in their individualized professional growth plans. New teachers, along with their mentors (support providers) attend 4 Network meetings together over the 2 years. In addition, the program may offer additional professional development offerings based on participant request and through surveys that include the following: Classroom Management, Conducting Parent Teacher Conferences/Parent communication, Meeting the needs of special needs students, Technology, Writing, etc. Sanger Unified's BTSA Induction Program provides support and assessment opportunities for all first and second year Participating Teachers to increase understanding of their own professional development, which will enable them to more effectively meet the diverse learning needs of their students. The mentors, called support providers, are trained in cognitive coaching, working with adult learners, and FACT. Support Providers attend a two-day training their first year and a one day Refresher every year after. In addition SPs are required to attend an orientation, and 2 after school trainings each year to work on their mentoring skills.

How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)? With so many district initiatives, it is essential to have support for all teachers and administrators during implementation. Through many of our contracted trainings (Balanced Literacy, NGSS, UDL), our expert trainers provide on-site support and follow up personalized coaching. There are varied levels of support, both at the site and district level. At school sites, teachers are supported during implementation by their grade-level or content colleagues through Professional Learning Communities. In addition, Curriculum Support Providers, Literacy Specialist Teachers, (Teachers on Special Assignment) and administrators provide on site support. District support is provided at the PLC level through collaborative unit/lesson planning and facilitated curriculum curating experiences.

All of our professional development is based on our students and teachers needs. Teachers in Sanger Unified have completed professional training courses designed to support educational priorities and objectives. Staff Development Days are designed to provide continuous learning opportunities for administrators, teachers and classified personnel.

Sanger Unified uses Staff Development Days and support from site level Curriculum Support Providers and district level District Instructional Specialists to assist teachers in classroom instructional strategies. The district provided a strong base for Common Core English Language Arts Implementation over the last few years through professional development focused on academic vocabulary, content reading and writing, and unpacking standards. This year the district will provide an extensive Math training on the mathematical practices, math tasks, and academic discourse. Further English Language Arts professional development will focus on writing mini lessons and units.

New to the profession Teachers are also supported through the Sanger Unified School District Beginning Teacher Support and Assessment Induction Program (BTSA). Teachers participating in BTSA receive support from a trained support provider for two years. The Sanger BTSA program uses the Formative Assessment for California Teachers (FACT) formative assessment to guide "new" teachers in their professional growth. The Sanger BTSA program also provides a menu of professional development opportunities for BTSA Participating Teachers, Support Providers, and invites all teachers in the district to participate, if the topic meets their need. The menu of professional development offerings include the following: Classroom Management, Conducting Parent Teacher Conferences/Parent communication, Meeting the needs of special needs students, Technology, UDL, Writing, etc. Sanger Unified's BTSA Induction Program provides support and assessment opportunities for all first and second year Participating Teachers to increase understanding of their own professional development, which will enable them to more effectively meet the diverse learning needs of their students.

In addition to staff development days, teachers participate in workshops and conferences on the following: Literacy Strategies, Writing, Reading and Literacy Training, and ongoing SBE textbook adoption in-services are provided throughout the first 2-years of a curriculum, text implementation period. In-services in Effective Instructional Strategies, Professional Learning Communities, and strategies for English Learners are also provided.
