School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements (Most Recent Year)

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available through the Maintenance and Operations Department.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

| Subject | School 2017-18 | School 2018-19 | District 2017-18 | District 2018-19 | State 2017-18 | State 2018-19 |

| Mathematics (grades 3-8 and 11) | 32 | 38 | 39 | 39 | 38 | 39 |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Mountain View has a strong base of parent volunteers who provide support throughout the school. The Parent Faculty Club (PFC) is very active and has an important role in the success of our school. Volunteers organize and participate in the following PFC-sponsored activities: An annual Auction, Book Fair, Mustang Day, yearbook, movie nights, Multi-Cultural Night and class celebrations.

Volunteers work in classrooms on a daily basis providing both intervention and enrichment support. They participate in the governance of the school by serving on the School Site Council, ELAC and Technology Committee. Volunteers help support our Picture Day, hearing and vision screening, Art and Science Fair, and library events. PFC fundraising generously provided technology support, literacy support, and a new marquee to improve parent communication.

Contact information pertaining to organized opportunities for parental involvement: Contact School at (925) 689-6450.

School Safety Plan (School Year 2019-20)

Mountain View has an extensive school safety plan that includes crisis response, emergency procedures, and organization during a major emergency, emergency conditions, and emergency supplies. Fire drills are held monthly. Intruder alert drills and earthquake drills are held to train staff and students in case of an emergency. A committee including the principal, parents, and teachers review the School Safety Plan annually. Our safety plan was approved by our School Site Council at a public hearing on 2/25/19 and was most recently reviewed in August 2019 by our staff.

Other means of ensuring student and staff safety include the following: School yard walkie-talkies (recently upgraded), Crisis Plan Chain of command and emergency centers, security cameras, and security badges for staff and visitors.

The district coordinates a variety of staff development programs for teachers and administrators based on assessed needs and state mandates. Weekly staff meetings/staff development and/or grade level meetings at Mountain View give teachers and staff opportunities to plan a quality instructional program. The district has provided staff development opportunities to teachers during the summer. These opportunities have centered on specialized instruction, and the Mountain View staff has specifically participated in training to implement AVID strategies on our campus.
