SCHOOL ACCOUNTABILITY REPORT CARD

2018-19 SCHOOL ACTIVITY PUBLISHED IN DECEMBER 2019

PRINCIPAL'S MESSAGE

Welcome to the 2019-2020 school year! I am Farnoosh Aguilar and it is an honor to be leading Buford as your school principal. I look forward to working alongside the parents, teachers, staff and community members to ensure that our students are provided with an exceptional educational experience at Buford Elementary. My goal is that all students leave Buford prepared for middle school and beyond but also prepared to be well-rounded citizens of this world. It is important that students not only master the academics but also develop socially and emotionally so that they can take on all their future endeavors with responsibility and confidence.

Our amazing Buford staff puts a great deal of effort and emphasis into assuring that all of our students are prepared for college and career by using the California State Standards to plan for a rigorous curriculum. We also make sure that students at all levels are able to access the instruction. We are continually bringing in new programs and technology at Buford to provide our students with the necessary skills for the 21st century. This year we are expanding our Spanish/English Dual Language Program in kindergarten through fourth grade to prepare our students to become world citizens by instilling in them the value of biliteracy. We are also proud of our innovative fourth and fifth grade School of Engineering in which teacher and engineer will work side by side to develop students' skills in problem solving, designing and creating through the use of science, math and technology. This is a unique experience for our Buford students!

As a principal, I understand the importance of a parents' role in ensuring student success. By working together as parents, teachers, administrators, staff and community members, we can provide a great educational experience for our Buford students. I encourage you to become involved by attending school meetings and events, participating in our parent education classes, becoming a member of School Site

Council (SSC) and the English Learner Advisory Committee (ELAC), or becoming a parent volunteer in the classroom or at our Parent Center.

I am looking forward to a wonderful school year and I am excited to be a part of all the amazing things that our Buford Bengals will accomplish in 2019-2020!

Sincerely,
Farnoosh Lashkari Aguilar

DISTRICT VISION

The Lennox School District is dedicated to providing our students an education that emphasizes:

- Cradle to College - Preparing students academically from birth to career.
- Community - Embracing the role of parents as partners in the educational process.
- Culture of Caring - Encouraging committed employees to support students and their families socially, emotionally and academically.
- Continuity - Entrusting that each generation achieves and excels, and returns to the Lennox Community to give back.

DISTRICT MISSION

Every Lennox School District student will successfully transition to college or career.

BUFORD SCHOOL VISION

We the staff of Buford School are committed to serving an academically and culturally diverse community. We strive to foster an atmosphere of cultural awareness and acceptance. We provide a stimulating, comprehensive and academically appropriate program which empowers all students to achieve to the best of their ability. In cooperation with parents and the community, we prepare all students to be responsible citizens and life long learners.

Buford School Mission

The Buford School instructional program utilizes an integrated and demanding curriculum to educate the whole child. Our faculty, staff and administration work together to provide a nurturing and productive environment which supports our students as they prepare to meet the challenges of higher education and the 21st Century. We are committed to developing the child's cognitive, social and physical abilities as well as his/her ethical responsibility. Buford students develop critical and independent thinking skills through their work with other students, parents, staff, and community.

School Profile

Buford Elementary School serves students in grades transitional kindergarten through five following a traditional calendar. At the beginning of the 2018-19 school year, 664 students were enrolled, including 9.9% in special education, 56.8% qualifying for English Language Learner support, 92.3% qualifying for free or reduced price lunch, 0.3% foster youth, and 15.5% homeless youth.

Student Enrollment by Student Group and Grade Level 2018-19			
Student Group	% of Total Enrollment	Grade Level	# of Students
Black or African American	1.1%	Kindergarten	119
American Indian or Alaskan Native	0.2%	Grade 1	108
Asian	0.2%	Grade 2	121
Filipino	0.0%	Grade 3	109
Hawaiian or Pacific Islander	0.6%	Grade 4	93
Hispanic or Latino	91.9%	Grade 5	114

Foster Youth	0.3%	Enrollment	

Teachers continue to employ innovative strategies to improve student's reading fluency and reading comprehension. In language arts, a balance of whole group direct instruction and small group guided reading strategies show promising results in developing reading and comprehension skills.

All teachers participate in comprehensive math training and coaching activities in order to be well-equipped to teach the Common Core State Standards, with emphasis on the ability to explain answers in a written format. Buford Elementary School has a 2:1 ratio of iPads for students in grades TK - K and a 1:1 ratio in grades 1st - 5th. Teachers use

technology for intervention, group projects, and to prepare students for the Common Core State Standards.

This year, Buford has a Dual Language Program in English/Spanish for students in grades Kindergarten to fourth. In this program, half of their day is English instruction and the other half of their day is Spanish instruction. We also have a School of Engineering for our 4th and 5th graders where students have the opportunity to receive instruction from an engineer working side-by-side with their classroom teacher. In the school of engineering, students work together to solve real-world science and engineering projects through hands-on activities and technology. At Buford, we are preparing our young learners to be global citizens of the 21st Century.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP) that supports the priorities for the state of California. The following components of this SARC address some of the priorities identified in the State's LCAP:

State Priority 1: Basic (Conditions of Learning)

The SARC provides the following information relevant to the State priority:

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area for the pupils they are teaching.
- Pupils have access to standards-aligned instructional materials; and school facilities are maintained in good repair.

State Priority 2: State Standards (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 2.

State Priority 3: Parental Involvement (Engagement)

The SARC provides the following information relevant to the State priority:

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

State Priority 4: Pupil Achievement (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

- Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general

education population and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards (CCSS) (for students with the most significant cognitive disabilities).

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority 5: Pupil Engagement (Engagement)

The SARC provides the following information relevant to the State priority:

- High school dropout rates
- High school graduation rates

State Priority 6: School Climate (Engagement)

The SARC provides the following information relevant to the State priority:

- Pupil suspension rates
- Pupil expulsion rates
- Other local measures on the sense of safety

State Priority 7: Course Access (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 7.

State Priority 8: Other Pupil Outcomes (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

- Pupil outcomes in the subject area of physical education.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, volunteering in the Parent Center (open daily) or simply attending school events. School-to-home communication is provided in English and Spanish. Parents stay informed on upcoming events and school activities through the weekly calendar, School Messenger, campus posters,

and the school website. There are many volunteer opportunities both in the classroom and for schoolwide activities. Contact the parent liaison at (310) 680-8900 for more information on how to become involved in your child's learning environment.

Leadership Groups

- School Site Council
- English Learner Advisory Council
- Superintendent's Advisory Council

Attend Special Events & Workshops

- Back to School Night
- Family Education Nights
- Open House
- Parent Conferences
- Parent Education Classes
- Parent Workshops
- Student Performances

STUDENT ACHIEVEMENT

CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering

California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Note: ELA & Mathematics test results include the Smarter Balanced Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

PHYSICAL FITNESS

In the spring of each year, Buford Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone." Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf/.

SCHOOL FACILITIES & SAFETY

FACILITIES MAINTENANCE

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Buford Elementary School's original facilities were built in 1948; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

2018-19 Campus Improvements:

- Painting of the entire campus exterior
- Campus beautification through murals and artwork
- Installation of a new playground structure
- Construction of a two story building with 10 classrooms to replace the temporary bungalows (estimated completion 2019-20)

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

Every morning before school begins, the lead day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. A team of four custodians (one full-time day, one full-time mid day, one

full-time evening, and one part-time evening) are assigned to Buford Elementary School. The day custodians are responsible for:

- General Cleaning
- Restroom Cleaning
- Cafeteria Setup/Cleanup
- Debris Removal
- Routine Maintenance and Minor Repairs

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Office Area Cleaning
- Cleaning of Preschool Classrooms
- Restroom Cleaning
- Classroom Cleaning

The principal communicates with custodial staff throughout the day as needed concerning maintenance and school safety issues.

SCHOOL SITE SAFETY PLAN

The Comprehensive School Site Safety Plan was developed for Buford Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, dress code policy, and bully prevention policy. The school's most current safety plan was reviewed and updated in January 2019, and shared with school staff in Fall 2019.

SUPERVISION & SAFETY

Student supervision, in the morning as students arrive on campus, is provided by: administrators, teachers, and yard duty supervisors. During recess, teachers and yard supervisor aides monitor student behavior on the playground. During the lunch recess, administrators, the counselor, and yard supervisors monitor students in the cafeteria and on the playground. When students are dismissed at the end of the day, administrators, the counselor, and teachers ensure students leave campus in a safe and orderly manner.

Many individuals visit the campus as volunteers or to participate in school events. To maintain a safe and secure environment, all parents and visitors are required to check in at the school office. Upon arrival, parents and visitors must provide picture identification, obtain and wear a visitor's badge to be scanned through the Raptor System, and then return to the school office upon departure.

FACILITIES INSPECTIONS

The district's maintenance department inspects Buford Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Buford Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on November 14, 2018. During fiscal year 2018-19, all restrooms were fully functional and available for student use at the time of the inspection.

CLASSROOM ENVIRONMENT

DISCIPLINE & CLIMATE FOR

LEARNING

At Buford Elementary, all staff believe that a safe learning environment is an effective learning environment. Schoolwide discipline policies are founded upon the district's assertive discipline model which clearly defines unacceptable behavior and consequences for poor conduct. Teachers integrate Character Counts and Dr. Olweus' Bullying Prevention program strategies to promote respect and responsibility through daily instruction and activities. Teachers have established individual, grade appropriate classroom management plans in accordance with assertive discipline policies; these plans are submitted for approval by administrators each year. Concentrations are placed in redirecting behavior, allowing students to take responsibility for their actions and demonstrate self-control through good decision-making practices.

At the beginning of the school year, a disciplinary assembly is held and each family is provided with a parent handbook which outlines school policies, safety rules and behavior expectations. Teachers provide parents a copy of their classroom management plans.

Progressive disciplinary measures begin in the classroom when students are disruptive or demonstrating poor citizenship. Students who continue to make poor choices in conduct are referred to the administration office. Consequences and disciplinary action are based upon the student's past behavioral trend and severity of infraction. Discipline measures are consistently applied in a fair and firm manner.

CLASS SIZE

The Class Size Distribution table in this report illustrates the distribution of class sizes by grade level, the average class size, and the number of classes that contain 1-20 students, 21-32 students, and 33 or more students.

CURRICULUM & INSTRUCTION

STAFF DEVELOPMENT

All curriculum and instructional improvement activities at Lennox School District are being aligned to the California State Standards. Staff development concentrations are selected and identified based on staff survey results, California State Standards, federal and state grant requirements, and student performance data. Teachers have agreed, as part of their contract, to acquire professional development on their own time to better serve their students. Therefore, district and site-based staff development offerings are highly specialized and focus on the current needs of the district's learning community.

During the 2018-19 school year, Buford Elementary School staff participated in professional development activities throughout the year on early release days, pull out days, and during the summer. Teacher training topics are selected and based upon results of classroom walkthroughs.

2018-19 Staff Development Topics:

- California State Standards
- Data Meetings
- Dual Language Training
- English Language Development
- Grade Level Planning
- Project Based Learning - Engineering
- Smarter Balanced Assessment Consortium (SBAC)
- Special Education Department: Co-Teaching
- SWUN Math
- Wonders
- Writer's Workshop

Current research and training in instructional methodology and best practice helps teachers to improve their skills in order to provide students with the best possible educational experience. During the 2017-18, 2018-19, and 2019-20 school years, Lennox School District offered a variety of professional learning opportunities for teachers and instructional aides. Teacher training topics included professional development on the following:

- Accessibility Supports
- Collaborative Teaching
- Dual Language
- ELPAC
- English Language Development (ELD)
- Google
- Nearpod
- New Teacher Training
- Non Violent Crisis Intervention
- Special Education
- SWUN Math

In addition, the ongoing collaboration between teachers and grade levels has been strengthened for our district and our academic programs. Our teachers have numerous opportunities to collaborate on best practices, grading, and discuss the best ways to meet the needs of all students.

Lennox School District and three other local districts (Lawndale, Hawthorne, and Centinela) jointly support new teachers in developing their teaching skills through the New Teacher Induction Program, which is designed for first- and second-year teachers holding a preliminary credential to earn their clear teaching credential. The Peer Assistance and Review (PAR) program is designed to improve the education of students and increase the classroom performance of teachers, targeting both new and veteran teachers.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Los Angeles County Superintendent of Schools as well as the Lennox School District. Profession and subject specific offerings are consistent with the California State Standards.

Long-term substitute teachers are invited to school-sponsored training activities. Classified support staff may receive job-related training from district representatives; training activities and workshops are designed to enhance and extend job performance.

INSTRUCTIONAL MATERIALS

All textbooks used in the core curriculum throughout Lennox School District are being aligned to the California State Standards. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education with the exception of SWUN Math which was adopted locally. The district determined that SWUN math curriculum is in alignment with the state standards. The district follows the State Board of Education's adoption cycle for core content materials and textbook adoptions in foreign language, visual and performing arts, and health. The district follows the State Board of Education's adoption cycle for core content materials and textbook adoptions in foreign language, visual and performing arts, and health.

On September 10, 2019, the Lennox School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted the [Resolution Regarding Sufficiency of Instructional Materials No. 19-03](#) which certifies as required by Education Code §60119 that (1) textbooks and instructional materials were provided to all students, including English learners, in the Lennox School District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to complete required homework assignments, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, in mathematics, science, history/social science, and English/language arts, including the English language development component of an adopted program, consistent with the cycle, process, time lines, and content of the curriculum frameworks, and (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes.

In addition to the core subject areas, districts are required to disclose in their SARC the sufficiency of instructional materials used for its visual/performing arts curricula. During the 2019-20 school year, Lennox School District provided all students enrolled in a visual/performing arts class with their own textbook or supplemental materials to use in class and to take home. These materials comply with the state's content standards and curriculum frameworks.

PROFESSIONAL STAFF

TEACHER ASSIGNMENT

During the 2018-19 school year, Buford Elementary School had 34 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

COUNSELING & SUPPORT STAFF

Buford Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally.

The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Buford Elementary's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.
