Santa Susana is able to support all learners whether they need intervention or enrichment across core curricular areas. Our English Learner Students are able to access curriculum with the support of highly qualified teachers and paraeducator support. Special education students are supported in our Learning Center or Success Academy classes and mainstreamed with general education peers as much as possible.

Our dedicated staff works to meet the differing needs of all students, while simultaneously maintaining high expectations for academic excellence. YMCA and Boys and Girls Club work with us in providing an after-school care. The Parent Teacher Association at Santa Susana is integrated within our school community. They provide meaningful activities to enrich the academic program at Santa Susana. Our curriculum is organized around the California State Standards. All instructional materials are adopted by the Simi Valley Unified School District in congruence with those standards. Student progress is assessed on a regular basis, allowing us to tailor the instructional program to better assist the student in achieving those standards, as well as reporting that progress to parents. We welcome all families to Santa Susana.

STUDENT ACHIEVEMENT

PHYSICAL FITNESS

In the spring of each year, Santa Susana Elementary is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart disclosed in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

California Physical Fitness Test Results 2018-19			
Grade Level	% of Standards Met:		
	4 of 6	5 of 6	6 of 6
Fifth	10.7%	7.1%	10.7%

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core

State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

SCHOOL FACILITIES & SAFETY

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The achievement level percentages are calculated using only students who received scores.

SUPERVISION & SAFETY

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal and campus supervisors are strategically assigned to designated entrance areas and the playground. During recess and lunch, the principal and campus supervisors monitor playground activity. At the end of the day when students are dismissed, the principal, campus supervisors, and support staff monitor student behavior to ensure a safe and orderly departure.

Santa Susana Elementary is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

SCHOOL SITE SAFETY PLAN

The Comprehensive School Site Safety Plan was developed for Santa Susana Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in October 2019.

SCHOOL INSPECTIONS

On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for Santa Susana Elementary School took place on November 4, 2019. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During fiscal year 2019-20, all restrooms were fully functional and available for student use at the time of the inspection.

CLASSROOM ENVIRONMENT

DISCIPLINE & CLIMATE FOR LEARNING

Santa Susana Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

All teachers at the Santa Susana Elementary School have been trained on Classroom Instruction That Works (CITW) and the program has been fully implemented. CITW is a program that consists of effective research-based strategies that are proven to increase student achievement.

The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Santa Susana Elementary's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. DISTRICT EXPENDITURES

SALARY & BUDGET COMPARISON

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state.

EXPENDITURES PER STUDENT
