Principal's Message

Welcome to Round Valley Elementary/Middle School (RVEMS) in Round Valley Unified School District. Our school district is located in the beautiful Round Valley in Covelo, California. Round Valley Unified School District was formed in 1959 and encompasses approximately 50 square miles in the rural and isolated northeastern portion of Mendocino County. The Round Valley Indian Tribal lands are located within the school district's boundaries. A one-hour drive is necessary if residents need to travel to the next community for services. Our three district schools, Round Valley Elementary School, Round Valley High School and Yolla Bolly Continuation High School, are situated on approximately 27.5 acres of land on the west edge of the community.

Round Valley Elementary School provides a comprehensive education to 290 students in grades K-8. Round Valley Elementary School provides the following programs for students: Title I; Title VII (Indian Education); English Language Development; intervention programs (after-school tutoring provided by teachers, tutoring during the school day, pull-out intervention provided by two part-time reading teachers, an instructional assistant and in-classroom support services); preschool program; free breakfast and lunch program; and specialized programs, such as counseling, physical education, music and expanded learning opportunities. Students at RVEMS also participate in Native Land Tenure and Native American language instruction.

Round Valley Elementary/Middle School is dedicated to the belief all students can and will learn when provided quality instructional programs. Therefore, RVEMS is committed to providing a safe, nurturing environment while meeting the diverse needs of every child. RVEMS strives to educate and motivate all students to reach their academic potential by providing rigorous learning opportunities. RVEMS staff is dedicated to inspire and prepare our students to become lifelong stewards of their community, land and culture, as well as citizens of a global society.

RVEMS Goals:

1. Each grade level will show a 5 percent increase in the number of students (schoolwide and significant subgroups) who meet or exceed standards in English language arts.
2. Each grade level will show a 5 percent decrease in the number of students who do not meet standards in English language arts.
3. Class sizes in grades K-3 will be significantly reduced to an average of 20 students to enable intensive, first, best teaching practices and individualized instruction.
4. Each grade level will show a 5 percent increase in the number of students (schoolwide and significant subgroups) who meet or exceed standards in mathematics.
5. Each grade level will show a 5 percent decrease in the number of students who do not meet standards in mathematics.
6. By the end of the school year, the average schoolwide Level III behaviors will be compared to individual classroom Level III behaviors, and individual classroom Level III behaviors will not exceed 10 percent of the schoolwide average. School-Wide Information System (SWIS) data will be used for this comparison.
7. By the end of the school year, in-house and out-of-school suspensions will decrease by 5 percent.
8. School Site Council will provide four opportunities for parents and families to participate in school-based evening events. Teachers will participate in these events.
9. By the end of the school year, 90 percent of English learner students who experience a full school year at RVEMS will increase their English language proficiency by one level, as determined by individual student EL state assessment results.
10. By the end of the school year, RVEMS will sponsor a special event to celebrate the Spanish speaking population at the school. The event will be coordinated with SSC and ELAC parents to ensure it is culturally sensitive and appropriate.
11. Students will participate in experiences that support the possibility of attending college or vocational training programs after high school graduation.

School Mission Statement

The mission of Round Valley Elementary/Middle School is to provide:

- R** Rigorous curriculum and educational programs that challenge our students to become lifelong learners
- V** Validate assessment data that exemplifies highest student achievement
- E** Equal and equitable educational learning opportunities
- M** Meaningful curriculum and subject matter that prepares students as 21st-century learners
- S** Successful learning experiences for all students

School Vision Statement

RVEMS is committed to providing a safe, nurturing environment while meeting the diverse needs of every child. RVEMS strives to educate and motivate all students to reach their academic potential by providing rigorous learning opportunities. RVEMS staff is dedicated to inspire and prepare our students to become lifelong stewards of their community, land and culture, as well as citizens of a global society.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

Round Valley is a community committed to developing excellence. Our organization is caring and efficient; treats people fairly and consistently; builds connections with students, parents, teachers, other staff and the community. The learning environment is safe and motivating, including all stakeholders as members of the educational community.

District Vision Statement

Students in the Round Valley Unified School District will be motivated and confident to compete successfully in college and the workforce and become positive, productive citizens.

Academic

Have students obtain comprehensive knowledge by training them to plan, organize, execute and manage their progress toward meeting their goals.

Emotional

Respect self, others, staff and community members; clarify personal desires and goals; and deal effectively with obstacles.

Physical

Become aware of and develop natural abilities and be fit and healthy through physical activity and good nutrition.

Enrollment by Student Group

The total enrollment at the school was 291 students for the 2018-19 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

| Number of Classrooms by Size | | | | | | Three-Year Data | | | |
|------------------------------|--------------------|-------|-----|---------|-------|-----------------|---------|-------|-----|
| | 2016-17 | | | 2017-18 | | | 2018-19 | | |

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2018-19 school year.

Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates for the most recent three-year period. Note: Students are only counted one time, regardless of the number of suspensions.

| Suspension and Expulsion Rates | | | |
|--------------------------------|-------|-------|-------|
| Round Valley ES/MS | | | |
| | 16-17 | 17-18 | 18-19 |

Parental Involvement

Round Valley Elementary School is committed to the belief that students benefit from parent involvement in their education. The School Site Council (SSC), composed of parents and school staff, develops a School Site Parent Involvement Policy that is reviewed and approved by the Round Valley Board of Education every year. This policy describes specific ways in which the school will encourage parent participation. A copy of the RVEMS Parent Involvement Policy may be provided upon request.

Parents are invited to participate formally on the School Site Council, the Title VII Parent Advisory Committee, the PL 874 Parent Advisory Committee, English Learner Advisory Committee, and district committees. Throughout the year, the school staff and SSC provide a variety of parent events (back-to-school night, open house, parent conferences, family activity nights, parent education nights, music programs, Author's Tea, Covelo Reads programs). Parents are also encouraged to participate in meetings that focus on increasing student success in school, such as Student Success Team (SST), Individualized Education Program (IEP) meetings and School Attendance Review Boards (SARB) meetings.

On an informal level, parents are welcome and encouraged to visit the school and the classrooms to share their knowledge and expertise and support our students as they learn. We greatly appreciate our volunteers! Parents may volunteer in the following ways: assist in the classroom and on the yard, tutor students, chaperone field trips, and help with campus beautification.

The school solicits parent involvement in several ways. We provide information in our parent-student handbook at the beginning of the year, monthly newsletters, mid-quarter phone calls in grades 6-8, progress reports and report cards, in letters and flyers mailed to parents to invite them to attend school events, the digital sign located in front of the school, the school district app that allows us to send a text message out to all parents in a very short time period, and our school Facebook page. The district also updates our district website on a regular basis, where there is information about school events and activities.

We welcome parents into our school and our classrooms as active participants in our students' education. Please call the school at (707) 983-6171 to speak with your child's teacher or the principal, and find out how you can become involved!

Professional Development

1. Aeries training for Round Valley Elementary School (RVES) and Round Valley High School staff
2. Autism training for special education aides
3. Positive Behavioral Interventions and Supports (PBIS) training for RVES staff
4. Common Core State Standards/Go Math!/ST Math intervention for K-8 and high school
5. California English Language Development Test (CELDT) training and English language development/English language arts training for K-12
6. Professional Learning Community (PLC) focus on Common Core implementation, all high school staff
7. STEM (science, technology, engineering and mathematics) training/curriculum training: high school science and math

Professional development (PD) has been delivered in a variety of ways over the last two years. We have had professional development days set aside for all staff, used release time for full-day or part-day training or workgroups, and provided time for individual work.

The principal is also involved in instructional leadership by providing frequent observations of classroom instruction and feedback on observations, as well as by providing collaboration time for teachers to focus on student performance and instruction.

For the past three years, teachers in the district have been provided with 1.25 hours each week on Wednesday for professional development to participate in collaboration and professional learning teams.

Additional Training for RVES:

The elementary school staff participated in the following PD activities: PBIS Training, Effective Direct Instruction Training (DataWorks), Step Up to Writing Base Training and Follow-up Training, Next Generation Science Standards (NGSS) Initial Training, Common Core Math Practice/CAASPP Preparation, HMH Online Resources (Technology Mentor), and 95% WIN Instruction.

School Safety

The Round Valley Elementary School Safety Plan (SSP) will be reviewed by the School Site Council and the faculty, beginning in December 2019. We plan for the School Site Council to approve the School Safety Plan by March 2020, and submit to the board of trustees for review and approval at the March 2020 board meeting. The SSP plan is reviewed yearly. The district has updated its Disaster Preparedness Plan. School and district lockdown drills took place last year so students and staff could practice and fine-tune the school emergency plans. We plan to have our students and faculty participate again this year in school/district lockdown drills. Monthly safety drills take place on campus.

The Round Valley Elementary School Safety Plan contains the following components: School safety data (discipline, SWIS, truancy, CHKS, counseling referrals, etc.), behavioral expectations and schoolwide discipline, suspension and expulsion, professional development opportunities for staff, prevention curriculum (substance abuse, antibullying, development of life skills), crisis response, safety drills (earthquake, fire, lockdown), disaster preparedness, child abuse, developing high expectations, counseling and guidance, physical safety, collaboration, and forms and schedules in use at the school site. The district has developed policies for suspension and expulsion.

A fence surrounds RVEMS, with gates located in three places at the front of the school. In order to ensure safety, at the beginning of the school day all gates are locked during school hours, with the exception of one gate that allows entrance to the school site adjacent to the school office. Parents and community members are requested to sign in at the office prior to entering the main school grounds. Signs are displayed on the campus indicating the necessity of signing in at the office.

Staff oversees campus supervision before, during and after school. Teachers and paraprofessionals provide supervision on the yard during recess and lunch. The principal and the counselor also provide consistent supervision during times when students are out in the yard and cafeteria. All staff members walk students out to buses at the end of the school day.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California Assessment of Student Performance and Progress (CAASPP)

For the 2018–19 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3–8 and 11. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments include ELA/literacy and mathematics in grades 3–8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts and Mathematics

The table on the following page displays the percentage of students that met or exceeded state standards in English language arts/literacy and mathematics for the school by student groups for grades 3–8.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

| Quality of Textbooks | |
|---|--------|
| 2019-20 School Year | |
| Criteria | Yes/No |
| Are the textbooks adopted from the most recent state-approved or local governing-board-approved list? | Yes |
| Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education? | Yes |
| Do all students, including English learners, have access to their own textbooks and instructional materials to use in class and to take home? | Yes |

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

| School Facility Good Repair Status | | 2019-20 School Year |

School Facilities

Round Valley Elementary School is located in an older facility, built in 1958, which was remodeled in 1970. Additional construction of classrooms and a library occurred between 1970 and 1990. Many of the current classrooms are portables. In 1987, a middle-school facility was added to the school site. RVEMS currently has 16 classrooms; two office spaces for administration and counseling; one staff room; one library; one multipurpose room, which provides the hot-meal program for the district; and one room where specialized services are provided for students. Three sets of bathrooms are located on the campus. The playground consists of asphalt with basketball hoops, playground equipment, and a large grass area with a track. Our district maintenance person maintains the grounds.

A fence surrounds RVEMS, with gates located in three places at the front of the school. In order to ensure safety, at the beginning of the school day, all gates are locked during school hours, with the exception of one gate that allows entrance to the school site adjacent to the school office. Parents and community members are requested to sign in at the office prior to entering the main school grounds. Signs are displayed on the campus indicating the necessity of signing in at the office.

Staff oversees campus supervision before, during and after school. Teachers and paraprofessionals provide supervision on the yard during recess and lunch. The principal and the counselor also provide consistent supervision during times when students are out in the yard and cafeteria. All staff members walk students out to buses at the end of the school day.

Classrooms are cleaned every other day. The restrooms and the cafeteria are cleaned daily. Our toilets are 100 percent in working condition. We have three custodians who work diligently to keep the school site clean for our students and staff. Custodial staff handle normal, everyday repairs. If more significant or specialized repairs are needed, the district maintenance staff is called. There is a process in place for individuals to complete maintenance requests. The district maintenance staff follows up on all work orders as soon as possible. The head of maintenance also completes a thorough evaluation of the condition of the school facilities at least twice a year.

Round Valley Elementary/Middle School was inspected by Mendocino County Office of Education staff in compliance with the Williams case settlement guidelines in September 2018. At that time, the school facilities received a 98.10 percent rating of "good" on the Facilities Inspection Tool (FIT). Issues identified that the district is working to fix include five light bulbs burned out, stuck faucet in boy's restroom, six cracked or broken diffusers, three fixtures which have darkened, open ceiling tile in one room, and insufficient ground covering beneath play fixtures in all play areas.

"Round Valley Elementary/Middle School is dedicated to the belief all students can and will learn when provided quality instructional programs."

Types of Services Funded

General funds (basic, unrestricted) and Impact Aid funds (unrestricted) provide funding for our teaching staff, administration and the core staff that provides meals, custodial maintenance and busing. Because of our ability to access Impact Aid funds, we are able to maintain low class sizes at all school sites, provide counselors, quality music and agriculture programs, tutoring and expanded hours for student learning, athletic programs for middle and high school students at no cost to the student, and increase the quality of our educational program. Our federal and state restricted funds are used to provide small class sizes, paraprofessional support, special-education staff, directed studies classes, and alternative classroom environments. We also use restricted funds to supplement core materials, classroom supplies, staff training and student testing. We are fortunate to receive restricted federal grant funds to support counseling (small group and individual), as well as our truancy-reduction program.
