School Description

Principal's Message

Kohn Elementary School serves approximately 640 students in the transitional kindergarten through sixth grades. In addition to our strong academic focus, our school is characterized by a hands-on philosophy of learning that is designed to inspire curiosity, enthusiasm, and self-motivation in each of our students. Our talented teaching staff works hard to ensure that each child achieves his or her fullest potential. We believe that the children of Kohn Elementary School are given the necessary tools to become positive, responsible, and productive citizens in the future.

The focus of Kohn School's professional development program is to support our efforts to improve student achievement school-wide and for students of significant subgroups. Each year, the professional development program is planned for Wednesday early-release days. The professional development program is based on information gathered from student assessment data and from teachers, parents, and student perceptual data. This information is the foundation for the school needs assessments, which is the basis of the school-wide plan. The needs assessment data, supplied in the school-wide plan, confirm the type of professional development programs/activities provided to teachers that will have positive outcomes on student achievement.

The parental involvement program at Kohn School is one of the most effective parent involvement programs within our district. The school website for Kohn has been designed to help keep parents and the community informed about all the events that are happening throughout the year. Kohn School recognizes character and achievement of students during a positive recognition assembly, with parents invited on a monthly basis. The School Site Council/ELAC Local Review enables parents to visit classrooms and view the curriculum, materials, and student activities referenced within the school-wide plan.

Our Mission Statement is as follows: The Frank Kohn Elementary staff is committed to excellence in education, and our mission is to provide each student an opportunity to reach his/her full potential—academically, ethically, emotionally, physically, and socially.

In addition to our school's Mission Statement, we also operate with our District's Mission Statement in mind: It requires all of us to move beyond our own personal and professional biases, To work collectively as a team that is committed to achieving the common expectation. It is a purpose greater than oneself.

"Raising Up a Community of Caring, Creative, and Confident Children"

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

The district uses effective, research-based, high interest, up-to-date textbooks and instructional materials. The textbook adoption is aligned with the State Standards adopted by the State Board of Education (SBE). Students are provided quality textbooks in each subject area. In addition to the hardcover and consumable textbooks, the district supports the integrated use of educational technology. All classrooms and libraries have computer and Internet capabilities. Students in the Tulare City School District have access to copies of the standards-aligned textbooks, approved by the California Board of Education, and instructional materials in the core curriculum areas of reading/language arts, math, science, history/social science, and health.

School Facility Conditions and Planned Improvements (Most Recent Year)

Our school has a Safe School Plan that is in place and updated yearly by the School Safety Committee, an offshoot of the School Site Council. Evacuation drills are scheduled on a regular basis to ensure that staff and students know what to do in an emergency. A Cal-OSHA representative attends monthly meetings and provides updates to staff on safety and health issues. In addition to these programs, adequate supervision is provided before school, during break/recess, at lunch, and after school, and is noted on the school's duty schedule.

All school district facilities are supportive of teaching and learning. Classrooms are clean and orderly, and provide a safe learning environment reflective of student work and current curriculum. Our school cafeteria provides students with a breakfast and lunch program, and is used as a multipurpose facility for large-scale programs and meetings. Our school library provides students with supplemental reading materials and provides additional educational resources. The school grounds are kept clean and well maintained for student play, recreation, and athletic activities.

We take pride in our well-maintained buildings and landscaping. The Tulare City School District employs skilled professionals to ensure a safe and clean environment throughout the school year. Students, staff, and parents are committed to keeping our campus clean and litter free.

The Tulare City School District provides ongoing maintenance, and routine and major repairs for all permanent and portable buildings to guarantee all schools in the district are in good working order and condition. Additionally, school restroom facilities for pupils are maintained so that they are functional and meet local hygiene standards generally applicable to public facilities, including operational toilets and sinks in all restrooms. The district has established a facilities inspection system to ensure that all school buildings meet the standards listed above.

The school grounds, buildings, and restrooms are kept clean, safe, and regularly maintained. Kohn has a morning custodian from 6:30 A.M. to 3:30 P.M. and an evening custodian from 12:30 P.M. to 9:00 P.M. Custodians are regularly monitored and evaluated by the building principal and a director of custodians to make sure that all schools are safely maintained and cleaned. In addition to the assigned school custodians, the district has a general maintenance crew that takes care of the more technical repairs (plumbing, heating, cooling, gas, electrical, carpeting, painting, major repairs, and so on). At times, the district will hire an independent contractor to handle repairs that may be beyond the scope of the district's resources. Repairs are made on an ongoing basis. The district has a work order repair procedure that begins with the school principal referring needed repairs that cannot be taken care of by the site custodians to the district superintendent. The superintendent assigns the repairs to the maintenance director who, in turn, assigns the work out to the different maintenance specialists. Work orders are completed on a timely basis. Each school also has a school site safety representative who attends ongoing safety meetings. The school district also has a Superintendent's Advisory Committee that meets on a regular basis with the district superintendent to discuss questions or concerns.

Kohn School opened in the fall of 1962. It had a complete modernization of all permanent structures in 2003. The buildings and grounds are well kept, safe, and present a positive atmosphere for students to grow socially and academically. There are two wings consisting of eight adjoining classrooms each and one wing that has six classrooms and a library in the center. The school has approximately 47,500 square feet of indoor educational space. The library has approximately 19,230 books with 11,515 different titles. We have eight student computers with full Internet and educational programs and a teacher workstation for the librarian. We also have six portable structures that, for all intents and purposes, are permanent. All structures are handicap friendly. All classroom and administration facilities have new carpet, double pane windows, shelving, white boards, and lighting, and are equipped with computer and Internet hook ups.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	27	27	33	36	50	50
Math	19	17	22	22	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Parental support and involvement is vital to success in school. Kohn Elementary School encourages parents to take an active role in determining school goals, identifying supportive programs, and enhancing student activities. Here's how you can help:

- Join our Parent-Teacher Organization (PTO)
- Attend School Site Council meetings
- Volunteer in the classroom
- Attend Class parties
- Assist with school projects
- Chaperone field trips
- Run games at our school carnival
- Attend parent conferences, Back to School Night, Open Houses, and Student of the Month Assemblies
- Attend English Language Advisory Committee meetings
- Attend Migrant Parent Advisory Committee meetings
- Assist with school fund-raisers

For more information on how to become involved contact your child's teacher or Whitney Gallegos, Principal, at (559) 685-7340 or wgallegos@tcsdk8.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

We have developed and implemented a Comprehensive School Safety Plan and a Crisis Management Plan, covering all possible disaster scenarios. Our school personnel, parents, and community annually review and update these plans for effectiveness. Our School Safety Committee revised and updated our School Safety Plan in the spring of every year. Students and staff also participate in monthly fire drills, periodic earthquake drills, crisis emergency drills and an annual bus evacuation drill.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	1	1	1

Tulare City School District (TCSD) is committed to providing on going professional development to all staff members. The District has three effective educational practices (EIP's) that serve as the focus for all professional learning opportunities: Depth of Knowledge; Student Engagement; Checking for Understanding. Annually, staff are surveyed to determine needs and interests, data is reviewed and feedback is obtained in order to determine areas for ongoing professional development. Professional development is a part of every site plan and a major component of instructional support to departments. The District's professional development program provides opportunities for teachers to implement the district's adopted and supplemental curriculum for all students, implement State standards, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Professional development and ongoing support is delivered in numerous ways: District sponsored days, in class coaching, after school workshops, conference/workshop attendance, early release days, summer sessions, and sub release time.

In addition to optional professional development sessions, the following opportunities were provided:

Early Release Professional Development Day(s):

2013-14: 9
 2014-15: 22
 2015-16: 27

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
