School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Magnolia Intermediate School is located in the Lake of the Pines area between the communities of Grass Valley and Auburn. It is one of four schools in the Pleasant Ridge Union School District. Magnolia Intermediate has an enrollment of 387, serving students in grades six through eight. Zachary Pless is the Magnolia Principal and Rusty Clark is the Superintendent of the Pleasant Ridge Union Elementary School District. The school enjoys a stable and active community that supports the many and varied programs available for our students. Magnolia Intermediate School was recognized in 1988, 2001 and again in 2009 as a California Distinguished School, an honor earned by the district's two elementary schools, as well. This recognition is awarded annually to only four percent of California's schools.

The educational needs of all children are recognized as extremely important. An accelerated math track is available for students who qualify. Teachers in other core curriculum areas differentiate instruction to address the needs and ability level of their students. In addition to the general education program, the special education program has been specifically designed to meet the needs of all special needs students through the collaborative educational expertise and specialized talents of our resource specialist designated instructional services, speech/language, and adaptive PE teachers and other necessary specialists. Magnolia has a diverse elective program that includes a vibrant performing arts program, bands, choir, and theater arts. Most seventh grade students take a College/Career Exploration class. The elective program includes Spanish, woodworking, art, photography, leadership, coding & robotics, and advanced computer skills and video production.

An important element of the overall school program is the co-curricular and extracurricular activities that encourage and supports the involvement of more than fifty percent of the student body. In addition to the co-curricular components of the electives noted above, many students participated in interscholastic sports: volleyball, basketball, cross country, and track. Students are involved in countywide academic tournaments and the district's Odyssey of the Mind (OotM) program. In 2019-20 the school added a Wrestling club, a Leo service club in partnership with the local Lions club, chess club, and an E-Sports team.

Recognizing the need for additional time for students who may be falling behind or for students that have demanding extra-curricular schedules, we offer a lunch study hall available on a drop-in basis or as a mandatory assignment for make-up work two days per week. Magnolia's academic intervention programs are multi-faceted. Students deficient in basic skills are assigned to Academic Workshop classes designed to improve those skills. An opportunity center pulls students who are struggling to offer supports and goal-setting interventions. Many teachers are available before or after school and during the lunch period to assist students. The school also offers a self-contained classroom (SOAR- Success through Ownership, Achievement, and Responsibility) for students who need support in motivation and behavior.

There is a continued emphasis and focus on providing a successful academic and social environment for all students utilizing the most attainable technology, innovative teaching strategies, and specific skills. The Rattler PIT and Den house Magnolia's iMac technology labs. The labs are designed by teachers to be used for integrating technology with the daily curriculum. Magnolia also has a mobile iPad (30) lab and 300 Chromebooks that are utilized daily to access digitized curricula. There are 105 Intel-based Macintosh iMac computers making it possible to teach three separate classes or accommodate three classes working on the same project. It is a project-based lab, meaning that teachers do not have assigned times, but sign up by projects.

Each year all sixth-grade students participate in a week-long science camp. This program provides the students in our community with an opportunity to gain an understanding of the relationships between man and his natural environment. Located in Sonoma County, Magnolia students work with the University of California students at the UC Marine Biology Laboratory in Bodega Bay studying tide pool life, visiting Armstrong Redwoods State Park and participating in environmental study activities at Alliance Redwoods Camp.

Magnolia Intermediate School is a Positive Behavior Intervention Support (PBIS) school. The School-Wide Positive Behavioral Interventions and Supports program is a systemic method for developing and supporting social competence and academic achievement. All students meet once a week in small groups to focus on social-emotional learning using videos, journaling, and restorative circles to facilitate this learning.

Mission Statement: Encourage, Engage, and Educate

Vision Statement: Magnolia provides a safe and engaging environment where students develop academic, social and life skills to become productive, responsible citizens in a constantly changing global society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: January 2019

A new math adoption was conducted during the 2013-2014 school year. Magnolia selected College Preparatory Mathematics (CPM) from the standards-based materials adopted by the SBE and implemented CPM during the 2014-2015 school year. During the 2014-2015 and 2015-2016 school years, English curriculum was piloted. The National Geographic Reach for Reading program was adopted for the sixth grade and grades K-5 in the districts elementary schools. The McGraw-Hill StudySync program was selected as the seventh and eight grade program. These ELA programs were implemented in the 2016-2017 school year.

School Facility Conditions and Planned Improvements (Most Recent Year)

Magnolia Intermediate School was first opened in 1975 after a conversion of a technology manufacturing center into a middle school. Additional classrooms, multipurpose technology centers, art, science and other facilities were added from 1979 through 1990. An additional multipurpose room was completed in 2001 and three relocatable classrooms were added in 2006. The 34 acre school site is shared with Cottage Hill School and Arete Charter Academy. The campus totals 40,000 sq. ft. of educational facilities. School playgrounds were reconstructed in 2007 through a joint project with the Bear River Recreation and Parks District. The facilities are widely used by the recreation district during non school hours.

Magnolia Intermediate School provides a safe, clean environment for all students, staff and public use. All facilities are in "good repair" as determined pursuant to a Facility Inspection Tool (FIT) developed and approved by the State of California Office of Public School Construction. The school is also maintained by the standards established by the District Board of Trustees.

The maintenance and custodial staff consist of a full-time maintenance worker and 1.5 F.T.E. school custodians. The Assistant Director of Maintenance also provides services to the site. The school is cleaned and maintained on a regular basis. Kitchen facilities are subject to inspection by the county health department. No Williams Act complaints regarding the condition of the school facilities have been filed.

The District is committed to providing an attractive, safe, clean environment that enhances the instructional program and provides for a positive school experience for all students. For more information about the condition of the school facilities, please contact the school principal.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	41	30	42	39	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents play an important role in the life of Magnolia Intermediate through their involvement in Site Council, Odyssey of the Mind (OotM), bands, choirs, classroom activities and interscholastic sports. Parents are welcomed and encouraged to be contributing partners in their child's education in a variety of instructional and social settings. Parent's are always welcome to visit our classrooms.

In addition, our dynamic Parents' Club has played an integral role in enhancing our positive school climate. Thanks to the involvement of our parents and a supportive school community, we have a beautiful shade structure in a landscaped quad area for the students to enjoy at lunch, computers for the computer labs, a mobile Chromebook lab for the classrooms, document cameras to accompany LCD projectors in all of our classrooms, coding and robotics materials, equipment for the wood shop and an acoustic shell to benefit our highly successful choir, band, and theater arts program.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

The Pleasant Ridge Union School District has developed a comprehensive districtwide safety plan that identifies major safety concerns as well as specific prevention and action strategies involving the community and local law enforcement agencies. In conjunction with district goals and priorities, Magnolia Intermediate's safety plan ensures a safe and secure campus by maintaining a positive learning environment that uses prevention strategies and emphasizes high expectations for student conduct. We have a Comprehensive School Safety Plan in place at our school which is regularly reviewed and updated as new information becomes available. The date of the last review/update was May 2019.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	4	4	4

The Pleasant Ridge Union School District offers four Professional Development days per year. Curriculum improvement goals and programs are directly correlated to identified needs and are based on student assessment data and input from staff, administration and the Peer Assistance and Review/Professional Development and Assistance Program Committee. Areas of professional development may include new curricular adoptions, technology updates, behavior management practices, student health needs, as well as strategies and techniques to effectively implement the curriculum. Specific focus will continue to be placed on student application of the California State Content Standards. Methods include district-wide and site level activities, as well as a “mini-conference” style format with outside consultants who provide professional development training. Throughout the year, staff attend on-site trainings, conferences, workshops, and school visitations. Support for staff is provided by curriculum specialists, Beginning Teacher Support Program (BTSA) coaches, mentor teachers, the district psychologist, district nurse, district counselor and administration.
