School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Welcome to Laurel Elementary Magnet School of Innovation and Career Exploration! The pride, enthusiasm, and excitement that Laurel was founded on in 1922 is still evident today and shared with you in this year's School Accountability Report Card.

The success of Laurel Elementary School's students is due to the dedication of teachers, parents and volunteers who work together.

Mission and Vision:

We are a diverse educational community dedicated to mindfully and compassionately engaging, elevating, and inspiring all learners.

At Laurel Elementary School, we believe that all students are innovative thinkers who problem solve, explore, communicate, and strive to be positive citizens and leaders in our community. We honor and appreciate diversity and understand that learning is a collaboration of students, staff, and the greater community to provide a positive student centered learning environment that prepares students for a dynamic and advancing future.

Laurel staff and students are positive digital and community citizens who strive to create positive learning experiences for all.

Laurel Elementary Magnet School of Innovation and Career Exploration. **Where students innovate, create, and explore!**

In our long-standing tradition of excellence, we maintain our dedication to students, parents, and community members. We rely on staff to provide the best educational experience possible. We are confident that our children take with them the necessary skills and tools to achieve both academically and in their personal life.

School Profile

Laurel Elementary School is proud to be recognized as a Brea Historical Landmark. Built in 1922, Laurel is a Preschool - 6th grade school located in the heart of the city of Brea. While many structural changes and modernization projects have taken place over the years, we are proud of our history and celebrate over 95 years of excellence in education.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: October 2016

Brea Olinda Unified School District held a Public Hearing on October 10, 2016 and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment, pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been approved by the Board of Education. All textbooks from core curricular areas for grades K-8 were selected from the most recent list of standards based materials adopted by the State Board of Education (SBE) and are consistent with the content and cycles of the curriculum frameworks adopted by the SBE. Materials adopted for grades 9-12 were selected from the most recent list of standards based materials adopted by the State Board of Education (SBE) or the local governing board and are consistent with the content and cycles of the curriculum frameworks adopted by the SBE.

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy

School Facility Conditions and Planned Improvements (Most Recent Year)

At Laurel Elementary, we believe that all students should feel comfortable and safe on school grounds before, during and after school. It is critical that we provide a safe learning environment for all on campus. During school hours, students are supervised by school faculty and staff. The school facility includes sufficient classroom space to meet the needs of an enrollment of our approximately 481 students, including pre-school.

The playground sufficiently provides play areas for students with the assistance of flexible scheduling to facilitate efficient usage of the playground. To ensure optimal learning opportunities, faculty and staff coordinate classroom facility usage to include intervention instruction. BOUSD takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, all district sites use the Facilities Inspection Tool (FIT), which was developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or at the BOUSD district office. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe and functional learning environment.

Laurel Elementary School houses 26 classrooms, a multipurpose room/cafeteria, library/media lab, an office with supply room, health office, and psychologist office. The main campus was built in 1922 and additions were constructed in the 1950s. Portable classrooms and the library/media lab were added in the 1990s. Safety concerns are the number one priority of Maintenance and Operations Department. District maintenance supervisors are proactive and conduct inspections at school sites on a regular basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. As of January 2019, none of the eight emergency conditions cited in Education Code 17592.72 exist at this school. The current Facilities Inspection Tool was completed in January 2019. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The Principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: 12/2/2019

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	56	58	63	62	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents and the community are supportive of the educational program at Laurel Elementary. We have an active PTA and School Site Council. Parents serve on committees for our PTA and volunteer in our classrooms. Anyone interested in becoming involved in our school activities may contact our school office at (714) 529-2520 and ask to be connected with the principal or appropriate committee chairperson.

Family, school, district, and community resources available to assist all students:

- Character Education implemented through PBIS (Positive Behavior Interventions and Supports) system
- Monthly Award Ceremonies/SPOT Celebrations
- Peer Assistance Leadership (PAL)
- Parent-Teacher Conferences
- PTA (Parent Teacher Association)
- School Site Council
- ELAC (English Learner Advisory Council)
- Parents in Action
- Brea Community Center
- Essay Contests
- District Spelling Bee
- BEST (Brea Elementary School Track Meet)
- EL Materials/Resources available to parents
- After-School Enrichment Programs - B.A.S.E. (Brea After School Enrichment) and teacher-led after school clubs
- School Psychologist
- Speech Therapists
- Brea Olinda Pre-school Early Education Program (BOPEEP)

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

A safe school environment is our first priority at Laurel Elementary School. All parents and visitors are welcomed and required to check in at the school office upon arrival to obtain a visitor's sticker. Additionally, visitors are required to return to the school office upon departure. During lunch, recesses, and before and after school, assigned staff members supervise students and school grounds, including the cafeteria and playgrounds to ensure a safe and orderly environment.

Annually, the School Site Council evaluates and updates the Laurel Elementary School Safety Plan. In an effort to stay current and ensure all new staff are thoroughly trained, safety procedures are reviewed with school and District staff in the fall each year. The Comprehensive Safe School Plan was developed by BOUSD to comply with Senate Bill 187 (SB 187) of 1997. Development of the School Safety Plan is a joint effort of school staff, site administration, and the School Site Council. The District Resource Police Officer signs the plan annually. The Laurel Elementary School Safety Plan was adopted and signed by the School Site Council at the regularly scheduled meeting in the fall.

The plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their safe school plans: current status of school crime; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a school-wide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures. Annually, the school evaluates and updates the plan.

Laurel's action plan has five primary goals for the school year.

1. Establish a calendar of monthly drills. Drills to be organized, calm, and quick to allow for routine and muscle memory in the event of a real emergency.
2. Meet with Classified Staff twice a year to discuss safety plan.
3. All staff will participate in SPOT to Reduce the number of major discipline incidents.
4. Review and restock emergency supplies as necessary.
5. Ensure that sub plans reflect students with severe medical needs.

Types of Services Funded (Fiscal Year 2018-19)

Laurel Elementary Magnet School of Innovation and Career Exploration offers some programs to support students after school. Through collaboration with the Brea Olinda Unified School District's Child Development Department, we offer a 90 minute after school homework help and enrichment opportunity for select students who have no other support or activities after school. Most students receive either free or reduced lunch or have been identified by teachers as in need of support or were recommended by parent request. The school uses Title 1 funds to pay for an after school aide who also works inside the classrooms to support student needs on homework and content specific work.

As an additional alternative support designed to increase the academic achievement of students, Laurel has utilized Title 1 funds to hire a fully credentialed intervention teacher to support students at risk and in need of support and growth in the area of Reading/Language Arts during the school day.

Laurel Elementary Magnet School also offers instructional aide support in all classrooms to serve students who struggle in reading and/or math via Title 1 funding. One part-time instructional aide and a full-time reading intervention teacher are funded to provide additional support. We also offer support to our students who are English learners inside the classroom setting with two additional instructional aides, whose salaries are funded via the Local Control Federal Funding.
