School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Rancho Elementary School is one of TVUSD's original schools, opening its doors in 1987. In 2017/18 our school's enrollment was approximately 524 students.

In 1999, the school underwent an expansion adding 9 classrooms, a computer lab and library to the site. At Rancho Elementary School we believe that all students can be successful learners. We believe that learning is a life-long process in which students, teachers and parents must work closely together to ensure student progress and success during the school experience. The staff at Rancho Elementary School is committed to providing an educational learning environment that is safe, caring, nurturing, focused and responsive to student needs. Instruction is based on District curriculum, which is aligned with the California Standards and incorporates a variety of materials and strategies. Student products reflect students becoming independent learners and participating citizens as 21st Century Learners.

The Rancho School community holds the following core values:

- Focus on results
- Decisions made on the best interest of students
- Respect of teachers, staff and students
- Value parents as participants
- Maintain the integrity of district-wide expectations while meeting the needs at the school site level

School Facility Conditions and Planned Improvements (Most Recent Year)

Rancho Elementary School was built in 1987 making it the third oldest elementary school in the district. It originally had 31 classrooms plus a multipurpose room, a speech classroom, a psychologist's office and an on-site childcare facility. In 1999, the campus was expanded to 40 classrooms with a computer lab and library being created. Being an older site, there are sometimes more maintenance demands. But those demands are met by our district Maintenance and Operations Department in a timely manner. Cleanliness of the site is maintained by one day-lead custodian and a district night custodial crew. Buildings are cleaned and restrooms are cleaned, stocked and sanitized daily. The condition and cleanliness of the school grounds, buildings and restrooms is continually being evaluated and improvements being made as needed. Students, parents and staff feel safe as we pursue improvements in safety and security at Rancho School. This is evidenced by the results of our student and parent surveys and parent, student and staff input to our school safety plan. Whenever an unsafe condition is detected, immediate steps are taken to mitigate the issue.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	51	52	54	55	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Rancho Elementary School has numerous opportunities for parental involvement. We encourage parents to volunteer in their children's classrooms. We currently have in excess of 200 parent classroom volunteers. There are also opportunities through the Rancho PTA including serving on the board, on any of numerous committees or helping in a volunteer position. In addition, Rancho Elementary School parents also have the opportunity to serve on site and district advisory committees. To involve parents in the Title 1, Part A programs, the following practices have been established:

- Send home parent letters for students receiving intervention services and/or tutoring
- Annual Title 1 Meeting held in the Fall to introduce parents to programs and services offered
- Family Engagement Nights, parent Conferences, Back to School Nights, Open House
- Parent groups such as PTA, ELAC, SSC, CAP and Watch D.O.G.S

Multiple opportunities to attend meetings at different times of the day, and location will be made available to parents based on their input. Parents are given the opportunity to provide input on the Parent Involvement Policy on an annual basis. SSC and other parent groups, such as ELAC, provided input on the School Plan for Student Achievement (SPSA). Regular meeting with SSC/CAP and ELAC are held to discuss Title 1 allocations in the SPSA. Consistent communication is given to parents from teachers on students' academic progress. Electronic communication is sent to parents through Infinite Campus Messenger, text messaging, and other communication. Directions for accessing electronic communication programs will be sent out annually. Communications are translated as needed. The school provides parents with an explanation of the curriculum and assessments used and grade level expectations at Back to School Night and Parent Conferences. Parent workshops and/or literacy events are held based on surveys/needs assessments.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Expulsions	0.0	0.0	0.0	0.2	0.2	0.1	0.1	0.1	0.1

School Safety Plan (School Year 2019-20)

School safety is a high priority for our school and district. Our school has a comprehensive School Safety Plan, which is updated and approved annually. The plan covers topics such as disaster response, safe ingress and egress and ensuring a safe and orderly environment. Additionally, the plan includes data on suspensions and expulsions as well as school and district crime data.

Our school is a closed campus that is fully secured by fencing. School visitors and volunteers are required to sign in at the front office prior to entering campus utilizing the District Raptor Electronic Sign-in System. . In instances of emergency, we use an automated telephone system to contact parents with pertinent information.

To better prepare our teachers, students and staff for emergencies, our school conducts fire, earthquake, and lock down drills regularly throughout the school year. Education Code mandates that all elementary and middle schools hold a fire drill each month they are in session as well as an earthquake drill at least four times during the school year.

District Commitment to Learning for All Students

The Temecula Valley Unified School District is committed to ensuring that each and every child in its care receives a rigorous, multifaceted educational experience preparing them for the demands of college and career.

TVUSD teachers engage in active staff development throughout the year by attending:

In-District training sessions provided by staff and consultants.

Site-based training sessions presented during staff meetings and committee/grade level meetings.

One on one training provided during formal observations and post observation conferences.

Staff members are sent to national and state conferences to fine-tune instructional practices in specific areas.

Teachers with specialized training are given opportunities to train their peers, and provide instructional support as teacher leaders.

Standards Based Instruction

Staff development focuses on implementing the New State Standards and state frameworks in English-Language Arts, Science, social science, and Math, K-12. Routine district sessions bring teacher leaders and principals together to devise and refine the curriculum and assessments. Teams began by identifying priority and supporting standards, grouping the standards into units of instruction, and crafting common interim and summative assessments, developing scoring rubrics, and discussing sound grading practices for each course/grade. Leaders return to sites to facilitate their grade level/course teams in reviewing the work, suggesting resources, and providing feedback for the refinement committees.

Collaborative Teams

Teachers are divided into Professional Learning Communities (PLCs) based on content area and grade level. All instructional staff participate almost weekly during professional growth time meeting in their PLC groups to align curriculum, refine teaching strategies, create assessments, analyze student achievement data and transition to New State Standards.
