## **School Accountability Report Card**

### **Reported Using Data from the 2018-19 School Year**

#### **Published During 2019-20**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2019-20)

An active, caring community and exemplary teachers are the heart of Olive Street School. The staff is committed to providing a challenging, standards based curriculum and instruction which develops knowledge and skills in Language Arts, Mathematics, Science, History/Social Science. Our primary goal is student learning and achievement. Our mission statement at Olive Street School specifies we believe everyone deserves the opportunity to grow with dignity and has the desire to achieve, improve and reach their potential. Our focus is on all children learning to read by grade three, so they can read to learn in grades four through six. The entire staff at Olive Street School works together to provide the Olive Street School students a safe, supportive, learning environment.

**Mission Statement:** The mission of Olive Street School is to ensure a positive learning environment where active learning of academics, character, and health and fitness prepare students to be confident, fluent, and fit for success in the 21st Century global society.

Olive Street School opened in 1996, serving students in preschool to sixth grade. Approximately 62% of our school population are Emergent Bilingual Students and 94% receives free/reduced lunches. The staff includes regular education teachers (grades TK-6), five GATE teachers (grades three, four, five, and (2) six), four Special Day Class teachers (two primary, one upper, and one social skills), and other support staff including two Teachers on Special Assignment (TOSA), curriculum coach, one part-time digital learning coach, one Resource Specialist Program Teacher, one speech and language specialist, psychologist, one full-time and one part-time counselors, and one full-time nurse and one part-time health clerk. In addition to the teaching staff, we have two site administrators, one office coordinator, two full time office assistants, one full-time Family and Community Engagement Specialist (FACES), one full-time library technician, one full-time technology assistant, 16 special education instructional assistants, two full time and one half-time custodians, 10 part-time noon yard supervisors, one full time food service clerk and two part time food service clerks.

A number of special services are provided to students on an as needed basis beyond the regular classroom by the above personnel. The GATE class is provided for students in third - sixth grades. The Special Day classes service children with specific learning disabilities as identified in their Individual Education Plans. The Resource Specialist program serves students with specific learning disabilities whose Individual Education Plans require minimal placement in special education with most education occurring in the regular classroom setting. At-risk students are serviced by two TOSAs, in addition to small group support in the classroom by the regular classroom teacher, in order to meet their academic needs. Teachers meet with the site School Study Team to gain insight on best practices in working with students with academic and social challenges. Emergent Bilingual students receive English Language Development instruction based on their ELPAC assessment results.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: 08/2019

Instructional Materials Resolution adopted on 08/14/2019. The Anaheim Elementary School District follows the State's curriculum cycle to adopt updated, high quality textbooks and related materials. Students are provided with an adequate supply of Board-approved textbooks for all subject areas that are aligned with District and State content standards.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Inspection Date: 09/25/2019

Average Percentage of 8 categories evaluated: 96.24% Overall rating: GOOD

General: The District takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. Safety inspections take place on a quarterly basis at all sites. Below is more specific information on the condition of the school and efforts made to ensure that students are provided with a clean, safe, and functioning learning environment.

Maintenance and Repair: District maintenance staff ensures that repairs necessary to keep the school maintained and in working order are completed in a timely manner. An electronic work order process is used to ensure timely and efficient service. Emergency repairs have highest priority. A maintenance worker is assigned to the site, and is usually on campus once every week. No emergency repair needs exist at this site.

Cleaning Process and Schedule: The District has standard cleaning procedures and guidelines used at each school site. Cleaning schedules are developed jointly between the principal and custodial staff to ensure a clean and safe school. Since January of 2006, the District has implemented the "General Deep Cleaning" crew procedure. On average, once every 10 months all schools are being deep cleaned on a rotation schedule.

The District's completed deferred maintenance plan is available at the Operations Center at 1411 S. Anaheim Blvd. Anaheim, CA 92805.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	21	20	25	28	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

The Parent Involvement Program at Olive Street School has been developed to create a community of learners, based on parent needs and interests. Monthly meetings are held for parental support, instruction and interests based on surveys as well as School Site Council discussions. Our staff provides the following organized activities including: School Site Council (SSC), English Language Advisory Committee (ELAC), volunteers in the classrooms, kindergarten parent orientation, attendance at parent conferences and IEP meetings, Back to School Night and Open House. Parent engagement activities included Read Across America, Welcome Wednesdays, and Lunch with a Loved One, all of these connect families and students at school to our school goals of reading and social development. A variety of parent classes were held on site, including 10 Educational Commandments and Parent Leadership through PLI and Parenting Partners. The PTA is actively involved in supporting programs to enhance learning for the Olive Street students. There are Student-Parent-Teacher compacts signed by every student, teacher, and parent. Olive Street School also offers the assistance of our FACES to assist with parent outreach and translating. Support for parent outreach is provided through Title I funding, which allows us to set aside at least one-percent for that purpose. Parents also participate in two parent leadership programs. One is Parent Leadership Institute and the other is Parenting Partners as discussed earlier. Olive Street is committed to providing authentic leadership opportunities through engaging parents in decisions that impact our school. In addition, we look for ways to provide education and training for parents through learning walks and coffee chats (Mathematics, English Language Arts, ELD, Social Emotional Learning, and various programs such as Accelerated Reader and Lexia Phonics). In addition, parents have the opportunity to learn and play healthy activities during lunch recess through the Padres en Acción program. Padres en Acción provides nutrition classes and meetings for parents.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

## School Safety Plan (School Year 2019-20)

Most recent review date: 10/14/2019

The Safe School Plan is reviewed and updated annually by the staff. Administrators are actively involved in school emergency response using the Standardized Emergency Management System and the site Safety Committee meets regularly to review safety issues at Olive Street School and address ways to enhance a safe environment for the students and staff. The School Site Council and English Language Advisory Committee meet at least six times during the year and also address site safety issues on an ongoing basis. Emergency preparedness procedures are prominently posted in each classroom and the office. The staff reviews safety procedures with students on a regular basis, and monthly emergency drills are held for various situations such as fire, earthquake, or lock-down. The staff also reviews with students each trimester safety procedures including videos pertaining to bullying and/or sexual harassment. Adult supervision is provided for student protection before school, during recess and lunch, and during dismissals. Olive Street School has a single point of entry. All visitors to Olive Street School (non-students and non-instructional staff) must enter via the main front door, sign-in/out through the use of Raptor (database for managing visitors and volunteers), and carry a visitor's badge while on campus. All employees are required to wear AESD district-issued badges with color headshots on them. All telephones on campus have the ability to make local calls, including 911, and to communicate within the school. In the event of an emergency or disaster, key school personnel are responsible for facilitating and coordinating communication with administrators, Anaheim Elementary School District offices, Anaheim Police Department, Fire Department, and other agencies throughout the emergency.

The school safety plan is a public document and will be readily available for inspection at the school site and at the district office.

### Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	2	2

The vision of AESD is to create an exceptional learning environment that engages, challenges, and supports all students so that they thrive and achieve their academic potential every year, while preparing them to pursue college and career opportunities to become competitive global citizens. The vision for e<sup>2</sup>STEAM-D (equitable and engaging science, technology, engineering, art, math and dual language immersion) education in Anaheim Elementary School District is to empower school communities to integrate science, technology, engineering, arts, mathematics, and Dual Language Immersion through the process of critical thinking, communication, creativity, and collaboration to foster innovation not just for today, but the future.

Core Strategy: In order to increase the achievement of all students and close the achievement gap, all professionals will build meaningful student relationships and collaborate in data-informed learning communities to ensure the engagement of all students in a rigorous curriculum.

Professional Learning is offered in a variety of flexible formats and structures to meet the diverse professional and personal needs of teachers. Such structures include both in person and virtual training and are offered after school, during off track time, on Saturdays and/ or through the provision of a substitute when possible. Additionally, all schools are provided with on site specific professional development as needed through district curriculum specialist and off site conference attendance. Job embedded professional learning is provided by a site instructional coach and/or facilitated through both peer learning opportunities. All schools have a full time instructional coach who facilitate a student centered coaching framework and maximize individualized professional learning for teachers through lesson studies, co-planning/teaching, PLCs, peer learning walks and provide professional learning.

Professional Learning areas of focused are identified through analysis of both formative and summative data. All unduplicated student groups ELA and Math summative data as reported by summative and interim CAASPP test items indicate a gap of achievement from the standard met indicator.

To meet these identified students needs the following professional learning has transpired:

#### 2019-20

- All Second and Third grade teachers will have participated in a one day training on implementing Guided Reading in small groups as a complement to the district adopted English Language Arts Curriculum.
- All Second and Third grade teacher will have participated in a one day training around differentiated small group instruction.
- Teachers in grades 4-6 will be afforded the opportunity to participate in a one day training around differentiated small group instruction.
- Selected schools and teachers in Grades K-2 will be trained in Cognitively Guided Instructional strategies.

#### 2018-19

- All certificated educators participated in two days of professional learning around the the ELA/ELD Framework and our newly adopted Benchmark Advance Curriculum Materials. Day 1 focused on the five key themes of literacy and language in the CA ELD/ELA framework in addition to familiarizing themselves with the newly adopted ELA materials, instructional supports (i.e. objective, concept development, scope and sequence), pacing and assessment and technology. In day 2 participants explored how to use the framework to inform how best to use the new ELD curriculum as a tool to teach the ELD standards during Designated ELD.

Job embedded professional learning through peer support is orchestrated and provided by on site coaching opportunities. All schools have support from a full time or half time Curriculum Coach and shared Digital Learning coach to help apply professional learning through co-plan/co-teach opportunities, lesson studies, grade level calibrating and planning, peer learning walks and modeling of effective delivery of instruction.
