School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Principal's Message

Walnut Creek Intermediate School, a Gold Ribbon School with an exemplary visual and performing arts program, serves approximately 1,050 sixth-, seventh- and eighth-grade students. Certificated personnel consist of a principal, two assistant principals, one part-time and one full-time counselor, one part-time crisis counselor, and 47 full- or part-time teachers. Our special education department consists of four resource specialists and two special day class teachers. Walnut Creek Intermediate has 25 full- and part-time classified employees, including office staff, a library/media specialist, custodial staff, cafeteria workers, noon-duty supervisors and special-education paraprofessionals. Our goal as a staff this year is to continue to increase student achievement, provide a safe campus, and to strengthen our interventions and MTSS plan.

Students attend school for seven periods each day, with an additional period offered before school for Jazz Band.

Sixth graders have one period of math; one period of science; and a three-period reading, writing and social science core. They are also enrolled in P.E. and one elective or exploratory course.

Seventh graders are enrolled in a two-period core, one period of science, one period of math, P.E. and two elective courses.

Eighth graders are enrolled in one period of English, social studies, math, science, P.E. and two elective courses. For the 2018-19 school year, Walnut Creek Intermediate will continue implementing Common Core State Standards and Next Generation Science Standards.

School Mission Statement

The mission of Walnut Creek Intermediate School is to educate students in a rigorous, supportive, and engaging environment that honors diversity and inspires innovative and creative thinking while encouraging positive citizenship.

School Vision Statement

Empowering self-reliant, open-minded, and compassionate lifelong learners, who positively contribute to the global community.

District Mission Statement

To inspire a community of learners empowered to positively engage with the world through discovery, innovation, creativity, leadership and character.

District Vision Statement

Engage, inspire and empower all learners!

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September 23, 2019

The state of California requires that each child have a current standards-based textbook in each of the four core areas of instruction. As a part of this requirement, Walnut Creek School District has purchased editions for teaching language arts (reading, writing, speaking and listening), science, social science, mathematics and health. We are fortunate to have a music text (K-5) for our students and a music specialist who meets with all of the classes. Our foreign-language texts are also up-to-date. Thus, all textbooks in the Walnut Creek School District are current, standards-based, and consistent with the content and cycles of the Curriculum Frameworks and adopted and approved by the State Board of Education.

We have an abundance of supplementary reading materials at varying levels of difficulty in each of our elementary classrooms that are integrated across all core curricular areas. These leveled reading materials provide students with experiences in reading narrative as well as expository text.

The Walnut Creek School District governing board held a public hearing on September 23, 2019 and affirmed that each pupil, including English learners, has his or her own textbook to use in class and to take home.

School Facility Conditions and Planned Improvements (Most Recent Year)

Walnut Creek Intermediate opened in 1955. There are 52 classrooms, a multiuse room, a gymnasium, a library and a main office. There is a weight room, two computer labs and athletic fields. The school is cleaned daily by 4.5 custodians. If repairs need to be made on the facility, there is a web-based ticket system, where any staff member can create a ticket indicating a repair needs to be made. There are sufficient spaces to support teaching and learning. The maintenance warehouse is adjacent to the school, and the maintenance crew is at the school on a regular basis. Before and after school, teachers have supervision duty at critical points around the school to ensure students are safe. During lunch, students are only allowed to be in the library or on the west side of the campus. Three administrators, a campus supervisor, and two counselors supervise during the lunchtimes as often as they are available.

In June 2016, a \$60 million bond was passed for the Walnut Creek School District to modernize and improve the seven schools that are in the district. As a result, repairs were made immediately to critical issues, such as the driveway and the sewer lines. The master planning process for this started in October 2016. We anticipate continued improvements and modernization as the master plan will identify.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	68	66	71	70	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

There are many opportunities for parent involvement at Walnut Creek Intermediate. Parental support is needed and highly encouraged at many levels. Examples include joining the Parent Teacher Association (PTA) or School Site Council (SSC); being a board or committee member; being a library assistant; attending parent education events; chaperoning dances or field trips; supervising during lunch; participating in health and safety; supporting staff appreciation; assisting with making photocopies; supporting the school through communication outreach; volunteering to work at TRI-S registration; and volunteering to work at and/or organizing grade-level events. For more information on how to become involved, visit our PTA website at www.wciptata.org or contact Lisa McConnell, PTA president, at (925) 890-1936 or president@wciptata.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

At Walnut Creek Intermediate, we expect all students will have the opportunity to attend school in a safe and orderly learning environment. Our expectations are that students conduct themselves in a responsible manner that does not jeopardize the safety or interfere with the safety and/or learning of other students. Our hope is that students enjoy themselves and become involved in healthy and productive interactions with their peers.

In addition to the principal, campus supervision is performed by the assistant principals, one full-time counselor, one part-time school counselor and one part-time campus supervisor. This team maintains a safe and orderly environment during both lunch periods along with parent volunteers. Teachers assist with campus monitoring during morning drop-off and afternoon pickup times.

Through a partnership with the city of Walnut Creek, the school employs one part-time crisis counselor who works directly with at-risk students. Students who break school rules receive counseling and are subject to progressive disciplinary actions. Communication with parents and students help to maintain a safe and orderly campus environment. The school maintains an excellent relationship with the Walnut Creek Police Department and communicates regularly with the school resource officer. For the 2019-20 school year, the City of Walnut Creek has provided a full-time school resource officer that shares time with the Walnut Creek School District and Las Lomas High School.

Safety drills are practiced monthly, and the school safety plan is updated yearly. This year we are implementing the ALICE school safety model. The school safety plan was last reviewed, updated and discussed with the school faculty in February & October 2019. In October 2019, our School Site Council reviewed the plan.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	4	4	4

All professional growth is determined by both school site and district strategic planning process, which is ongoing throughout the school year and culminates with an update in the spring of each year. Planning teams include all school and community stakeholders, and the work is based on site-needs assessments. Input from all school and community stakeholders is collected during the planning process and is used to develop the district Local Control and Accountability Plan (LCAP).

For 2019-2020, the district focus will be on the implementation of the recently adopted math programs at both the K-5 and 6-8 levels, and there will be an emphasis on the implementation of Readers' and Writers' Workshop. In addition to identifying the implementation of Common Core State Standards for professional growth in the district LCAP, other areas for professional development identified in the district LCAP are: Technology Integration, English Language Development (ELD) instructional strategies and Silicon Valley Mathematics Initiative (SVMI) training.

As a "community of learners," each staff member participates in personal growth and collegial study. As each school identifies goals for supporting the district focus, staff members meet by grade level or departments to study student assessment data or student behaviors and determine how to improve instruction through research and effective pedagogy. Weekly collaboration time is provided for all TK-8 teachers. Instructional coaches provide individual student-centered coaching cycles and participate in grade-level and department meetings to support professional growth.

Individual teachers and administrators keep their skills current by researching about learning, attending workshops and classes and reading on their own. Some examples are attendance at various conferences: Teachers College Reading and Writing Project, ISTE, PBL World, SVMI, Middle School Conference, Socratic Seminar, Reading Recovery, and technology. Teachers attend training sessions in differentiated instruction, special education, Next Generation Science Standards (NGSS) and in all core curricular areas. Beginning teachers participate in a two-year induction program with a mentor who is trained through the Contra Costa County Office of Education Teacher Induction Program.

We continue to provide four days each school year that are dedicated to staff and professional development. The district ensures the agendas for these professional growth days are tied to areas defined by the strategic plan and LCAP.
