Principal's Message

Boulder Oaks Elementary School is a small, community-based elementary school. Located in Alpine, California, it serves approximately 500 students in grades 1-5. Boulder Oaks is located approximately 25 miles east of San Diego and is one of three elementary schools in the Alpine Union School District. Boulder Oaks Elementary School is dedicated to providing a strong instructional program to each child at the school and is committed to educating the whole child through visual and performing arts, physical education and character education. We believe that for each child to learn to their fullest potential, they must feel welcomed and valued at school.

Through the support of our community, we offer multiple learning opportunities including a piano keyboarding lab, an art docent program, a fitness lab, STEAM pathways, organic gardening, Everyone a Reader and PawPals reading programs. Additionally, our teachers use a wide variety of technology-based instructional strategies to engage our students and personalize their learning. Our grade 3-5 classrooms have one Chromebook for each student and our first and second grade classrooms offer one Chromebook per every three students.

School Mission Statement

Boulder Oaks Elementary School provides a nurturing, inspiring, and academically rigorous school environment with an emphasis on teaching the whole child through art, music, physical fitness, social emotional learning and character education. Our students will be actively engaged in challenging content and will be able to collaborate and problem-solve preparing them for their future college and career paths.

School Vision Statement

By collaboratively working together, we will inspire a passion for learning, ensure that all students learn to their fullest potential and build their physical, social and emotional well-being.

Parental Involvement

Parent support is a key aspect of a successful educational system. We are pleased to have a high level of parental and community support. The Alpine community is an extraordinarily generous one that contributes to and participates in the school. Our very active Parent Teacher Association works hard to provide financial support and enrichment opportunities for Boulder Oaks students. On average, Boulder Oaks has more than 50 volunteer hours each week. Our School Site Council meets regularly and is actively involved in decisions related to school needs.

For more information on how to become involved with the school, contact Jenna Weinert, principal, at (619) 445-8676.

Enrollment by Student Group

The total enrollment at the school was 333 students for the 2018-19 school year. The pie chart displays the percentage of students enrolled in each group.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Beliefs

Our Alpine Union School District believes:

Education is the foundation of a democratic society.

Each person has value.

Everyone in the community shares responsibility for the educational success of all children.

We have high expectations that challenge each individual to reach his or her potential.

Effective communication fosters good human relations.

All individuals deserve to be and feel safe. Safety optimizes the learning environment.

We value and live by the highest ethical standards of respect, integrity, honesty and fairness.

Educating our children is an investment in the future.

Class Size Distribution

The bar graphs display the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California Assessment of Student Performance and Progress (CAASPP)

For the 2018–19 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3–8 and 11. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments include ELA/literacy and mathematics in grades 3–8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts and Mathematics

The table on the following page displays the percentage of students that met or exceeded state standards in English language arts/literacy and mathematics for the school by student groups for grades 3–5.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

Textbooks are adopted according to the state-mandated textbook-adoption cycle. Instructional materials are selected from the list of state-approved textbooks that align to state standards and curriculum frameworks. A committee of teachers is selected to review and identify publishers from the approved list for piloting in classrooms. Instructional materials are piloted in classrooms across all school sites and grade levels, and teachers are provided the opportunity to review the materials and provide feedback. Parents are also invited to preview proposed instructional materials and provide feedback. Based on feedback received, a publisher is selected for adoption and brought before the governing board for approval. Instructional materials, when adopted, are provided to all students, including English learners.

School Facilities

Boulder Oaks Elementary School has excellent facilities, which include 16 classrooms, 12 relocatable classrooms, a beautiful library, one fitness lab, two art rooms, one piano keyboarding lab, an auditorium and administrative offices. A large grass field and two asphalt game areas provide ample space for recess and physical-education activities. All school facilities are well maintained and in good repair.

Boulder Oaks Elementary School opened in 1990. The school provides a safe, clean environment for learning. Our custodial staff includes one full-time employee, and a district custodian services the campus at night.

A health aide cares for students who are ill or sustain injuries while at school. Five supervisors provide supervision for students during lunch and on the playground.

"Boulder Oaks Elementary School is dedicated to providing a strong instructional program to each child at the school and is committed to educating the whole child through visual and performing arts, physical education and character education."

School Safety

All district schools have developed a comprehensive school safety plan that meets state requirements. The safety plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual-harassment policy, child-abuse reporting procedures, school dress codes and school discipline policies. The district also utilizes the ConnectED message system for routine announcements to families. When necessary, the system can send out emergency messages to our students and their families.

Fire, lockdown and duck-and-cover drills are conducted monthly. Annually, the school takes part in a full-school evacuation drill in which all students, staff and volunteers are loaded on buses. Each classroom is equipped with a disaster backpack.

The School Site Council develops the school safety plan. Parents and community members have the opportunity to review the plan before it is put forth to the school board to be adopted each year. The school safety plan was last reviewed, updated and discussed with school staff in October 2019.

Types of Services Funded

In addition to state and local revenues received for general education, Alpine Union School District receives state and federal funds for Title I, Special Education and American Indian Education. California State Lottery funds have been allocated to support such programs as transition, curriculum and staff development, student transportation, student testing and computer support.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. Teachers without a full credential include teachers with district and university internships, pre-internships, emergency or other permits, and waivers.
