Principal's Message

Welcome to Reagan Elementary School!

Reagan Elementary School is committed to establishing strong academic and co-curricular programs in order to promote the success of all students now and in their future. All Reagan staff members understand the importance of providing a quality education through exemplary teaching practices and a commitment to excellence. We feel that all students, regardless of socioeconomic, physical or cultural differences, can learn and be successful. We are committed to establishing traditions that will provide a strong foundation for future academic growth and achievement as well as social emotional growth and support. Developing partnerships between staff members, students, parents and community members is essential for creating an environment that meets the needs of all students at Reagan Elementary.

The staff at Reagan Elementary School is dedicated to the following goals: to maximize student achievement, to provide a safe and positive learning environment that exemplifies solid character development, and to operate in an effective and efficient manner where constant improvement can be achieved. Reagan Elementary School is to be commended for earning the distinguished awards of Campaign for Business and Education Excellence (CBEE) Honor Roll, Clovis Assessment System for Sustained Improvement (CLASSI), the Bonner Center for Character Education Character Award, the state Platinum PBIS Recognition, and Certified Digital Citizenship. Reagan Elementary is has proudly developed a partnership with The Positivity Project to help support the social and emotion development of ALL students.

As we start our 14th year of operation, we look forward to continuing our traditions and celebrating the future success of our students, both academically, socially, and in our co-curricular programs. As a California Distinguished School, we believe in maintaining high expectations for ourselves as well as for all students, and understand the importance of developing a seamless transition between elementary school, intermediate school and high school. We are proud to be on the same complex as the Reagan Educational Center, as there is nothing better than being a part of the Wolfpack! We are proud to be "Inspiring Excellence....the T-wolf Way!"

Sincerely,
Pamela Hoffhous
Principal

School Mission Statement

We believe that all students will learn and will be successful. We set high standards for student achievement and expect all students to reach these goals. We are committed to the development of independent learners, creative thinkers, and problem solvers. Together, we will create a positive school community that includes parents, students and staff.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Clovis Unified School District sets a high priority upon ensuring there are sufficient textbooks and materials to support the district's instructional program. CUSD Board Policy Number 3301 establishes criteria and procedures for the adoption of all textbooks. All K-8 textbooks purchased have been approved by the State Board of Education and adopted by the Clovis Unified Governing Board. Textbooks and instructional materials purchased for grades 9-12 are aligned to the state content standards and adopted by the Clovis Unified Governing Board.

The Department of Supplemental Services continues to support the school sites with funding that allows for the purchase of supplementary instructional material for our students, including English learners in grades K-12. The supplemental material is designed to accelerate pupils as rapidly as possible toward grade-level proficiency in the core subjects of English-language arts, math, social science and science. These supplemental materials are used in addition to the basic reading/language arts and other core materials provided for every student and are correlated to state content standards.

School Facility Conditions and Planned Improvements (Most Recent Year)

Reagan Elementary was built in 2006. Reagan Elementary School has a main office area with a library and computer lab attached. A cafeteria (multipurpose room) with a stage, storage area, custodial office, kitchen, refrigerator/freezer, staff lounge and patio are all located within one general area of the campus. Two kindergarten classrooms with a fenced playground are located on the southeast end of campus. There are three classroom buildings, containing a total of 26 classrooms, around the center of campus. Six portable classrooms have been added to support growth. Three additional portable classrooms house preschool and Campus Club. A snack bar and large storage room is located next to the baseball and softball fields. The school also features athletic fields that are utilized throughout the year.

Our custodial staff consists of one daytime plant supervisor and three evening custodians who perform basic cleaning operations daily and maintain the grounds and buildings. In addition, deep cleaning is conducted two times a year at each site. Weekly plant meetings occur to address immediate needs and updates with our facilities. Annual meetings are held with facilities staff from the district office to review any outstanding work orders or building needs that were submitted from Reagan.

Our SART committee also conducts eight clean-campus inspections each year to help our staff see items we might have otherwise missed. This committee of parents inspects the campus grounds and restrooms on a regular basis to provide feedback to our student body. According to the 2018-19 Reagan SART survey, 98 percent of the parents graded the school "good" to "excellent" when rating how well the school buildings and grounds were maintained. Reagan continues to maintain newly planted shrubs and plants from the 16-17 school year. In addition, the blacktop has been repaved and new wood-chips have been used to enhance our planters. District-wide. Removing graffiti is a top priority, thus, it is removed immediately. We strive to improve student responsibility and community support in keeping our campus safe and clean. Through collaboration with the community, increased awareness and an open-campus policy, we hope to keep vandalism and burglary to a low level at Reagan Elementary. In this effort, new security cameras have been installed and are online at school 24 hours a day, 365 days a year.

Supervision on campus is and has been a number one priority for the Reagan staff. Reagan has worked with the community to ensure all areas of the campus are well supervised before, during, and after school. Staff members wear neon green safety vests and carry safety whistles while on duty so adults and children can spot them easily. In addition, staff members who are present at a crosswalk location utilize new light-up stop signs while on duty to help with the pace of traffic and ensure safety. Last, but not least, each Reagan staff member wears their Clovis Unified employee badge throughout the day and all other adults are required to check into the office prior to walking through the campus or volunteering in a classroom to have their valid ID scanned through our new Raptor system.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Math	66	62	58	59	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Parental involvement and support is a vital component to the success of Reagan Elementary. Involvement is always encouraged to create a true learning community in which students are the ultimate benefactors. Reagan enjoys the benefits of a very supportive parent community. Since 1973, CUSD has been fortunate to establish the strong parent advisory group, the School Assessment Review Team (SART). The SART committee meets on a quarterly basis to provide a forum for school personnel and interested parents to discuss school-related issues and review the effectiveness of the school's operations. Parents may also join the Parent Teacher Club (PTC), School Advisory Council (SAC, formerly SSC), English Learner Advisory Committee (ELAC), Intercultural and Diversity Advisory Council (IDAC), and various other school committees. In addition, parents and community members may assist in school fundraising events, volunteer in the classroom, accompany school-related field trips and participate in a wide variety of other activities on campus. Community members will continue to be an important part of Reagan's success.

For further information on how you can volunteer your time at Reagan, please contact our PTC President, Rechelle Trent, at (559) 327-8900. The front office and administration are also available to assist with possible volunteer opportunities.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety is of the utmost importance at Reagan Elementary. We have a school safety plan and Crisis Intervention Plan, and both are reviewed and updated annually. Most recently, the school safety plan was updated in January 2020. The principal and staff develop the plans with input from parents and community members to ensure a safe school campus. The school safety plan includes emergency procedures for a variety of situations such as lock-down and evacuation procedures as well as injuries, fire, earthquakes and suicide. Safety drills are conducted each month to review safe school practices and simulate various emergency situations. Classroom discussions are encouraged to review and gain a better understanding of safe school procedures. Reagan employs five campus monitors to provide adult supervision during both cafeteria and playground lunches. Reagan faculty and staff have assigned duties before school, during recess, and after school. Parent volunteers, along with school administration, also assist in campus supervision. Lastly, two CUSD police officers are located at the Reagan Educational Center for additional assistance in safety matters.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	5 days	5 days	5 days

Many factors determine areas of need for staff development: surveys, teacher needs, assessment, and formal and informal discussions between faculty and the administration. There are two professional-development staff meetings per month held on Wednesday mornings, and professional learning community meetings are held every Wednesday afternoon.

The content of staff development is based on Common Core State Standards, research, state frameworks and other guidelines. Professional development reflects school and district goals for curriculum, assessment, instruction and student achievement. Currently, teachers are acquiring additional training and certification in Closed Reading, Balanced Math, Number Talks, Research-based Instructional Strategies, standards-aligned lessons and units of study, Integrating Technology, and the Data Teams process. Reagan and all Clovis East area schools are engaged in Building Coherence for Instructional Improvement (BCII). Reagan represents one of the pilot schools engaged in the project. In addition, many teachers, as lifelong learners, network and pursue advanced degrees and specialization.

Professional learning community meetings are held each week on early release Wednesdays. During this time, teachers share research-based "best practices" matching instructional strategies and interventions to student needs. A coaching model is in place that provides support and a time to reflect on our first time best instruction. Colleagues and administrators work together to learn new programs and strategies or work with new materials and lessons. Teachers are aware of funds that can provide for substitutes so that staff members may observe other exemplary teachers, meet in grade-level articulation sessions or attend conferences that focus on student achievement. Teachers, upon their return from these conferences, share the valuable information with their colleagues. The district also provides many professional growth opportunities that offer in-services and educational seminars.

New teachers receive further support through the many workshops of the Beginning Teacher Support and Assessment (BTSA) program and through their association with individual support providers. Professional growth provides staff members with training to enable them to better meet the needs of all students.

Reagan Elementary understands the importance of informing and enhancing support to its students and to strengthen ties with the entire community.

Training for volunteers is provided at the district or site level. Volunteer members participate in many capacities including the high-school physical-education tutorial program, parent classroom volunteers, campus monitors, SAC (SSC), ELAC, SART, Parent Club and more.

The district focused all professional development activities around five identified needs: first time best instruction, mastery learning, multi-tiered system of supports, implementation of the California Content Standards and NGSS Standards, and cultural relevant understanding. In the 2018-19 school year, the district dedicated five professional development days for certificated staff. Teachers were offered professional development opportunities on staff development days, substitute release days, and on early release days. A variety of after-school workshops were also offered throughout the school year. One hundred mentors and one hundred and thirty-five participating teachers received ongoing professional development and classroom coaching through the CUSD Induction program. In addition, all certificated teachers participated in site-based training and district sponsored training that included: curriculum training, utilization of AVID strategies, Visible Learning, multi-tiered systems of support, and culturally relevant instructional practices.

Types of Services Funded

"Children Are Our Most Precious Resource"

On an annual basis, Clovis Unified School District (CUSD) submits the Application for Funding Consolidated Application and Reporting System for Categorical Aid Programs commonly called CARS. The application is submitted in two (2) parts: Part I, which contains program and demographic information, is submitted by June 1 each year; and Part II, which contains the budget information and additional program data, is submitted by January 31 each year. The categorical programs included in the application are Title I, Part A – Improving the Academic Achievement of the Disadvantaged Improving, Title I, Part C – Migrant Education, Title II, Part A – Preparing, Training and Recruiting High Quality Teachers and Principals, and Title III – Language Instruction for Limited English Proficient and Immigrant Students. Essentially, these funds are designed to assist students in mastering state standards.

Clovis Unified Schools are committed to establishing a true partnership with all facets of the Clovis Learning Community. CUSD values feedback and input. Parents continue to make positive differences in the lives of the children we all support. We know from research that participation in your child's education will not only bring success to your child but other children in the school. Our parents truly make a difference in the lives of Clovis kids!

CUSD is pleased and proud to offer a variety of parent involvement opportunities that improve our overall program. Depending on the type of categorical funding a site may receive, district or school parent councils and committees are required under certain requirements and guidelines. Such advisory committees in the CUSD include:

- School Site Council (SSC)
- English Learner Advisory Committee (ELAC)
- District Advisory Committee (DAC) and School Advisory Committee (SAC)
- District Learner Advisory Committee (DELAC)
- District Migrant Education Parent Advisory Committee (DMEPAC)
- District Indian Education Parent Advisory Committee (IPAC)
- School and District level School Assessment Review Team (SART)
- Intercultural and Diversity Advisory Council (IDAC)
- Local Control Accountability Plan Public Forums (LCAP)

We encourage all parents and guardians to become involved with their child's education at the classroom level the school-wide level as well as the district level. Each school's School Plan for Student Achievement (SPSA) describes the school's basic educational program and the categorical supplementary programs/services that are designed to support student achievement of each and every student. Parental involvement is a necessary and vital part of developing the SPSA as well as our overall program. At the district level, parent committees provide input into each of the site's SPSA and to the District's Local Education Agency Plan (LEAP). If you would like additional information on any of the District Parent Councils or Committees, please call your child's school. The Principal, Learning Director, or Guidance Instructional Specialist (GIS) would be happy to assist you, or go: to <http://www.cusd.com/supplementalservices>.

Listed below are several parent committees that assist with categorical programs and funding.

School Site Council (SSC): All schools receiving categorical funds are required to form a SSC. The SSC is composed of parents, students at the secondary level and school personnel. It is responsible for developing, implementing and evaluating the School Plan for Student Achievement programs. Members serve for two years and are elected by their peers.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

District Advisory Committee (DAC) & School Advisory Committee (SAC): The entirety of the SSC acts as the SAC. The SAC serves as an advisory committee for the purpose of advising schools regarding supplemental education programs and acting as a liaison for their school community. They serve to share information and comments both at the district and site level. These education programs are supplemental education opportunities that provide services to students who are disadvantaged, English learners, foster youth and/or at-risk. The SSC has approved to designate our SSC pursuant to California Education Code (EC) Section 52852 to function as the School Advisory Committee.

English Learner Advisory Committee (ELAC): All schools enrolling 21 or more English learners are required to form an ELAC. The ELAC is composed of parents and school personnel. The ELAC provides input and makes recommendations to the principal, staff and SSC regarding services for English learners and conducts an annual survey. Members serve for two years.

District English Learner Advisory Committee (DELAC): Whenever there are 51 or more EL students in the district, there shall be a functioning District English Learner Advisory Committee (DELAC). It is important that each school site ELAC elect a DELAC representative and arrange to have that representative attend every DELAC meeting. Currently the DELAC bylaws require each DELAC representative to be 1) a parent/guardian of an EL or former EL (i.e., a reclassified fluent English proficient student) currently enrolled at the site he/she represents, and 2) elected to serve as the DELAC representative by the site's ELAC.

District Indian Education Parent Advisory Committee (IPAC): The CUSD Native American Indian Education Parent Advisory Committee meets four times a year to discuss program issues, services provided, and other needs related to the student achievement of our students, community agencies and outreach programs. CUSD Indian Education Program addresses the needs of American Indian and Alaskan Native students in grades K - 12. The program assists eligible students to achieve at the same challenging state performance standards expected of all students in grades pre-K -12.

Local Control Accountability Plan (LCAP) Forums: CUSD develops an LCAP annually that works to better align the academic plan with the district expenditure plan that is approved by our CUSD Governing Board each June. Parents and other stakeholder groups are invited to participate in the development of the LCAP through participation of school and district committee meetings and community forums. LCAP School, District Meetings and Community Forums are exciting opportunities for all stakeholders and school committees to engage with the District and share their ideas on how CUSD can provide quality opportunities and support for CUSD youth and schools. Community participation and feedback in the forums will inform the District's LCAP's funding priorities over the next several years.

These forums are designed to provide an opportunity for school communities to hear about CUSD's current efforts to support youth and families and to provide input and feedback on future plans and opportunities. Sites also have an opportunity to work together in teams to share new ideas to support identified groups and to plan for site engagement and implementation.

The following is an overview of the categorical funding and programs in CUSD. These funds are further discussed and outlined in each school's SPSA and at the committee meetings.

Rationale

General District funds provide support for the District's base/core curriculum program. Some children have special characteristics, not reflective of the general school population, that affect their success in the base/core programs. Some come from economically disadvantaged homes; some are educationally disadvantaged or lack English language proficiency because they have a primary language other than English. Children, such as those described above, require supplemental services and materials not generally provided through the base/core curriculum program. The needs of our children are identified and supplemental services and materials are planned and targeted to meet their special needs. Categorical funds are to be used to provide the financial support to meet these special needs.

Philosophy

All CUSD schools offer students with special needs the same kinds of high quality learning opportunities and access to the core curriculum in all curricular areas. Categorical funds are designed to support additional assistance to help students succeed in the regular classroom program (base/core curriculum) and address any learning gaps. The focus is on the effective utilization of supplementary materials, personnel, and staff development. Staff development activities are used to improve instructional practices and strategies to increase the ability of teachers and other staff to challenge and assist all students to reach their fullest potential.

Categorical Program Descriptions

After School Safety and Education Funds (ASES): This state funded and administered program provides three-year grant funding to establish or expand after school programs that provide students with academic support and intervention, enrichment opportunities and supportive services to help the students meet state and local standards in core content areas. The purpose of the ASES program is to create additional educational and recreational opportunities for students within the learning community while providing a safe environment for students. The goals of this program are to: 1) improve academic achievement, and 2) provide enrichment opportunities that reinforce and complement the academic program.

1. Title I, Part A (Improving the Academic Achievement of the Disadvantaged): A federal-funded program to provide high-quality opportunities for students in high-poverty schools to meet district and state content and performance standards.
2. Title I, Part A, Title X, Part C, Education for Homeless Children and Youths: Title I, Part A funds provide comparable services to homeless children that assist them to effectively take advantage of educational opportunities as provided to children in schools funded under Title I, Part A. These comparable services shall be provided to homeless children in public and private schools, shelters and other locations where children may live, institutions for neglected children and, where appropriate, local institutions such as local community day school programs.
3. Title I, Part A Equity Performance and Improvement Program: Designed to support and build capacity within school districts and schools to promote equity for disadvantaged student populations in California schools. The CEPIP will build the capacity of school districts and schools in order to implement proven or promising evidence-based program and practices, specially targeted at building equity and narrowing the achievement and opportunity gaps for all underserved students.

4. Title I, Part C (Migrant Education Program): A federal-funded program focused on providing services for migratory students and their families.
5. Title II, Part A (Preparing, Training and Recruiting High Quality Teachers and Principals): A federal-funded program focused on teacher and principal training and recruitment programs.
6. Title III (Language Instruction for English Learners (ELs) and Immigrants): A federal-funded program focused on assisting school districts in teaching English to limited English proficient students (English learners) and immigrants and helping these students meet the same challenging State standards required of all other students.
7. Title IV, Part A Student Support and Academic Enrichment: The Student Support and Academic Enrichment program under Title IV, Part A of the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA) is a federal categorical program contained in the Consolidated Application. These funds are intended to increase the capacity of local education agencies (LEAs) to meet the goals of the ESSA by providing all students with access to a well-rounded education, improving school conditions for student learning, and improving use of technology in order to improve the academic achievement and digital literacy of all students
8. Title VI (Indian Education Formula Grant): A federal-funded program focused on helping Native American/Alaskan Native students meet the same challenging state standards required of all other students.

The goal of the CUSD staff is to create and maintain the best educational environment possible. This can be accomplished with your support and input. If you have any questions, concerns, or would like to become more involved in the educational process at your school, please contact your school principal. Your school can assist you in learning more about categorical programs. You may want to become involved in your school's School Site Council (SSC), English Learner Advisory Committee (ELAC) and/or attend the Annual Title I Parent Meeting. During the fall, each school will send you additional information about these activities. At the district level, we encourage you to become involved with our DELAC. We encourage and look forward to your involvement in the programs we offer our learning community. If you have any questions, please call your child's school or the CUSD Department of Supplemental Services @ 327.0661, additional information may be found @ <http://www.cusd.com/supplementalservices>.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
