Principal's Message

Published January 2020

Lincoln School is an ideal place to learn, where children are given opportunities to grow and succeed academically. The staff of Lincoln School recognizes that educating children is our primary role as instructional leaders. We embrace students' strengths.

We take great pride in our clean and beautiful campus and work hard at keeping it attractive and welcoming for all students, parents and staff in our surrounding community. Our staff is committed to a high academic and enrichment program. We provide a balanced, integrated, and relevant educational program for all students. Lincoln staff is committed to providing a quality education to the entire student population.

This school accountability report card provides parents and the community with ongoing information about Lincoln Elementary School. We hope you find it important and useful.

School Mission

At Lincoln Elementary School we believe that all students can be academically successful. We encourage ethnical and cultural diversity as well as provide a safe, orderly, and welcoming environment. We will achieve this by creating a positive and college going school culture in which every stakeholder does their part to reach our school goal with a maximum effort on everyone's part. We will know that we have accomplished this goal when our English Language Learners advance at least one language proficiency level annually. Our school will be analyzing current data to help drive instruction and allocate appropriate resources to meet our goals. The school staff will build professional learning communities that will strengthen our communication and collaboration to ultimately improve student achievement. Using this monitoring system, all students who are not meeting expectations will be assigned to an appropriate support system to help ensure that we meet our goals. To help reach this goal our leadership will be composed of the leadership team and the principal.

District & School Description

The El Centro Elementary School District is located in Imperial County, and is surrounded by thousands of acres of California's most productive farming land. El Centro Elementary School District is comprised of nine elementary schools, two middle schools, and one home school academy which educates approximately 5,700 students in transitional kindergarten through eighth grade per school year. The district is committed to preparing its students for the future and dedicated to excellence in the realm of academics. All programs within the district are founded on the principle that "children come first."

Lincoln Elementary School serves students in kindergarten through sixth grade. During the 2018-19 school year, the school had an enrollment of 390 students including 16.2% in special education, 54.6% qualifying for English Language Learner support, 0.5% homeless youth, 0.5% foster youth, and 94.6% qualifying for free or reduced price lunch.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP) that supports the priorities for the state of California. The following components of this SARC address some of the State's priorities:

State Priority 1: Basic (Conditions of Learning)

The SARC provides the following information relevant to the State priority:

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area for the pupils they are teaching.
- Pupils have access to standards-aligned instructional materials; and school facilities are maintained in good repair.

State Priority 2: State Standards (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 2.

State Priority 3: Parental Involvement (Engagement)

The SARC provides the following information relevant to the State priority:

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

State Priority 4: Pupil Achievement (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

- Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards (CCSS) (for students with the most significant cognitive disabilities).
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority 5: Pupil Engagement (Engagement)

The SARC provides the following information relevant to the State priority:

- High school dropout rates
- High school graduation rates

State Priority 6: School Climate (Engagement)

The SARC provides the following information relevant to the State priority:

- Pupil suspension rates
- Pupil expulsion rates
- Other local measures on the sense of safety

State Priority 7: Course Access (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 7.

State Priority 8: Other Pupil Outcomes (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

- Pupil outcomes in the subject area of physical education.

Parent Involvement

Parents are encouraged to get involved in their children's education by volunteering in the classroom, participating in a school government group, and by attending school events.

Parents stay informed of upcoming events and school activities through flyers, parent conferences, progress reports, the school marquee, the school website, and Blackboard Connect (automated telephone message delivery system). Contact any school office staff member at (760) 352-3060 for more information on how to become involved in your children's education.

Curriculum & Instruction

School Leadership

The administrative team is comprised of the principal, who works closely with the leadership team, teachers, and school staff. Principal Juan Aguilera is responsible for the day-to-day operations of the school and the overall instructional program. Coordinating efforts with the principal is the Leadership Team, comprised of the principal, the reading coach, and grade level representatives. The Leadership Team meets monthly throughout the year to discuss school operational systems and educational concerns.

Specialized Instruction

All curriculum and instruction is being aligned to the Common Core State Standards approved by the State Board of Education. The instructional program is structured so that all students receive instruction appropriate to their learning level. Teachers use a variety of research-based instructional strategies and techniques using state-approved instructional materials to ensure quality programs and academic success.

For students whose primary language is not English and who have limited English proficiency, Lincoln Elementary School offers a Structured English Immersion (SEI) program to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. English Learners receive small group and/or individualized instructional support in the classroom. Instruction focuses on reinforcement of class lessons, reading intervention, and targeted support in areas of need. Some students may receive English Language Development instruction as a supplement to their regular Language Arts instruction. Students provided ELD instruction are regrouped based on language fluency and receive targeted instruction at their proficiency level. Lincoln Elementary School's teachers utilize the Journeys and/or Wonders series, state-adopted programs. English Learners are assessed annually using the ELPAC (English Language Proficiency Assessment for California). This result is used to evaluate student progress, intervention programs, and teaching strategies.

Lincoln Elementary School's special education program is staffed by special education teachers and instructional aides. Instruction is provided in the least restrictive environment based on each student's Individual Education Plan (IEP). Students have access to a comprehensive curriculum and are mainstreamed into the general education class with in-class support in both small group and individual settings. A portion of instruction may be provided in the special day class. The IEP team meets annually to establish goals and objectives, define academic instruction, evaluate the effectiveness of the student's plan, and make instructional adjustments as necessary. Lincoln Elementary School takes advantage of the district's participation in the Imperial County Office of Education's Special Education Local Plan Area (SELPA), which provides a pool of professional resources and expertise in the field of special education.

Lincoln Elementary School provides a variety of intervention and remediation programs to support students' efforts to achieve academic success expectations. Using Interim Assessment Blocks (IAB), as well as, district benchmark assessments, CAASPP test results and end-of-unit exams, teachers and administrators can identify students who are struggling or performing below state proficiency grade level standards. For those students who need extra help in any subject area, a Problem Solving Team pulls together school and family community resources to identify and develop strategies to help students improve behavior and/or academic performance. Intervention strategies include:

- Reading Support
- Math
- Language Support

Supplementary instructional materials are purchased as needed to support intervention programs. Classroom teachers monitor student performance on district benchmark assessments and end-of-unit tests to measure ongoing academic progress and adjust instructional needs.

Enrichment Programs

Lincoln Elementary School offers an all day kindergarten program, a band program to all fourth through sixth grade students who wish to participate. All students can participate in the After School Education & Safety (ASES) Program which offers enrichment programs in STEM, visual arts, performing arts, and physical education.

Staff Development

All training and curriculum development activities in the El Centro Elementary School District are aligned to the California State Standards.

During the 2018-19 school year, Lincoln Elementary School held site-based professional development devoted to:

- Introduction to English Language Arts Exemplars
- AVID Elementary
- Positive Behavior Intervention & Support
- Data Teams & Analysis
- Professional Learning Communities
- Universal Access
- ELA/Math Unit Planning
- Creating Student Friendly Standards
- English Language Arts Program Resources
- SPARKS Training
- Common Core State Standards
- English Language Arts Grade Level
- Universal Design for Learning (UDL)

During the 2017-18, 2018-19 and 2019-20 school years, El Centro Elementary School District provided districtwide professional development training on the following:

2017-18 & 2018-19 Trainings:

- Curriculum Embedded Technology Training
- Next Generation Science Standards Training
- Math Lesson Studies
- Intro to New Financial System, AED Training, Technology Updates
- iRead Training
- Synergy Grade Book
- WonderWorks Intervention Curriculum
- Wonders ELA/ELD Curriculum
- Journeys ELA/ELD Curriculum
- StudySync ELA Curriculum
- Positive Behavior Intervention & Support
- Co-Teaching Training
- Illuminate Data and Assessment

- Math 180, Read 180, System 44, and Do the Math Coaching Support
- iRead Site Team Trainings
- Schoolwide AVID
- Universal Design for Learning (UDL)
- Co-Teaching

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Lincoln Elementary School supports ongoing professional growth throughout the year on minimum days and early release days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need.

Lincoln Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Lincoln Elementary School are aligned to the California State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The District follows the State Board of Education's adoption cycle for core content materials (English/Language Arts, math, science, and social science).

On Tuesday, October 8, 2019, the El Centro Elementary School District held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Governing Board adopted Resolution No. 100819-3003 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English Learners, in the District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/Language Arts, including the English Language Development component of an adopted program, and 3) each pupil enrolled in a foreign language has sufficient textbooks or instructional materials that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board for those subjects.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2019-20 school year, El Centro Elementary School District provided each student, including English Learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

Classroom Environment

Discipline & Climate for Learning

Lincoln Elementary School's discipline policies are based upon a schoolwide discipline plan, which is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. Teachers clearly identify and explain behavior expectations to their students and discuss consequences for poor or disruptive behavior in the classroom. Lincoln Elementary School promotes Positive Behavioral Supports & Interventions (PBIS), a multi-tiered approach to social, emotional and behavioral support.

Student Achievement

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Physical Fitness

In the spring of each year, Lincoln Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone." Comparative district and state results can be found at the CDE's website www.cde.ca.gov/ta/tg/pf/.

Note: ELA & Mathematics test results include the Smarter Balanced Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

An asterisk (*) appears in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Professional Staff

Counseling & Support Staff

Lincoln Elementary School provides professional, highly qualified staff who provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Lincoln Elementary School's students.

Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Academic Counselors and Other Support Staff 2018-19

Librarian	1	1.0
District Nurse	As Needed	
Primary Intervention Personnel	2	1.2
Psychologist	1	0.2
Speech & Language Therapist	1	1.0
Counselor	1	0.4

*One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Every morning before school begins, the custodian inspects facilities for safety hazards or conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Lincoln Elementary School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- General grounds maintenance
- Restroom cleaning
- Trash Removal

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- General use area cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff on an as-needed basis concerning maintenance and school safety issues.

Teacher Assignment

During the 2018-19 school year, Lincoln Elementary School had 18 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teacher that grade level, subject area, student group, etc.

Facilities & Safety

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Lincoln Elementary School's original facilities were built in 1949, and ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months the following campus improvements have been completed:

- Installation of new projectors in all classrooms
- Installation of new HVAC in the cafeteria
- Asbestos abatement in Room 12
- Installation of new carpeting in Rooms 12, 18 & 6 1/2

2019-20 Campus Improvements:

- Asbestos abatement in Rooms 5 & 11
- Installation of new carpeting in Rooms 5 & 11
- Remodel Room 11 for Pisco Lab

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, pupil supervisors are strategically assigned to designated entrance areas and playground. Breakfast is served daily in their classrooms. During recess, classified staff and teachers supervise playground activity. The pupil supervisors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the pupil supervisors monitor student behavior to ensure a safe and orderly departure. Lincoln Elementary is a closed campus. During school hours, all visitors must sign in at the school's office and have their state issued ID ready to present to be scanned through the security system, and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Lincoln Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's safety plan is reviewed, updated, and discussed with school staff in November 2019.

Facilities Inspection

The district's maintenance department inspects Lincoln Elementary on an annual basis in accordance with Education Code §17592.72(c)(1). Lincoln Elementary uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on May 25, 2019. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2018-19, all restrooms were fully functional and available for student use.

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2017-18 salary comparison data was the most recent data available at the time this report was published.)

Expenditures Per Student

For the 2017-18 school year, El Centro Elementary School District spent an average of \$12,338 of total general funds to educate each student (based on 2017-18 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the District and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)
