School Description

Built in 2007, Lake Hills Elementary is now in its thirteenth year of operation. With a current population of approximately 710 students (transitional-kindergarten through grade five) we serve a diverse ethnic and socioeconomic group of individuals. 54% of our students are Hispanic, 24% White, 5% African American, and 13% Asian. Approximately 7% of our students are English Learners and 45% are socioeconomically disadvantaged.

At Lake Hills it has been our priority to establish a culture and climate that provides a physically and emotionally safe learning environment, promotes strong family involvement, fosters collaboration among all individuals (teachers, students, staff, parents, and community), provides a rigorous academic curriculum and embraces a commitment to creating a school that knows no limits to the academic success of each student. The result is a belief system that permeates our school and community that all students will learn at Lake Hills.

As one enters our campus, it is evident that this is a community of learners. We are proud to have fostered our AVID Elementary program, where each classroom is represented by a college or university. We are family at Lake Hills, and the culture and climate set the stage for students to reach their highest academic and social potential. Throughout the campus you will see a collaborative team of students, staff, and parents who greet each individual student and family, often by name, as they arrive to start their day. Our number one priority is to ensure that our students leave our school at or above grade level standards in English Language Arts and Mathematics, and that they are socially and emotionally prepared to participate in their next level of education. Our community exudes C.L.A.S.S. (character, leadership, attitude, scholarship, and service) in everything that we do!

Lake Hills has worked hard to establish and sustain the exceptional systems that are now in place on our campus. Having received the Distinguished School honor in 2010, 2018 and 2020, the sense of pride our community demonstrates towards our school culture has grown, and the recognition served as validation of our practices, renewing our commitment to serve all students to the best of our abilities.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

On September 19, 2019, Alvord Unified School District's Board of Education held a public hearing to comply with requirements of Education Code Section 60019. Information provided at the public hearing detailed (1) the extent to which standards-aligned textbooks and instructional materials were provided to all students, including English learners; (2) the definition of "sufficient textbooks or instructional materials" means each student has a textbook or materials, or both, to use in class and to take home and does not mean the district is required to have two sets of textbooks for each student; (3) sufficient textbooks and instructional materials were provided to each student, including English learners, in math, English language arts & English language development, history-social science, and science; (4) sufficient textbooks and instructional materials were provided to each student enrolled in foreign language and health classes; and (5) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-12. During this hearing, the governing board determined that Alvord Unified School District provided each student with sufficient textbooks and instructional materials aligned to the California academic content standards consistent with the cycles and content of the California curriculum frameworks.

In addition, Alvord Unified School District has sufficient standards-aligned textbooks and instructional materials for all students, including English learners, enrolled in visual and performing arts classes. Developing a long-term textbook adoption plan for textbooks is in process.

Lake Hills Elementary School uses the governing board adopted textbooks and instructional materials as detailed in the table:

Textbooks and Instructional Materials

School Facility Conditions and Planned Improvements (Most Recent Year)

Lake Hills Elementary School, built in 2007, is located on 13.0 acreage and its square footage totals 61,573. The school has 35 permanent classrooms, five sets of restrooms, two computer labs, one administration office, four center pods, one conference room, one library, one multipurpose room, one outdoor stage, one teacher's lounge and 16 work rooms. On-going campus improvements and maintenance ensure facilities are up to date and provide adequate space for students and staff.

Alvord Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California OPSC. Results of this survey are available in the school office or at the district. In addition, district maintenance staff makes repairs necessary to keep the school in good repair and working order. A district-wide work order process is used to ensure efficient service and to prioritize repairs.

The school is cleaned on a regular basis with a day custodian and evening custodians who work with the principal to develop a cleaning schedule to maintain a clean and safe environment for all students before, during and after the instructional day.

* All FIT report repairs described in the following table are completed, in progress, or planned for repair.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

ELA	70	69	40	42	50	50
Math	63	63	27	28	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Lake Hills Elementary School welcomes parents and guardians to be an active member of our community. Families are encouraged to get involved by volunteering in the classroom, participating in a decision-making group, or simply attending school events. We communicate with families about upcoming school events through monthly newsletters, flyers, parent conferences, the school website, Blackboard Connect (automated telephone message delivery system), the Lake Hills PTO Facebook page, and the Lake Hills Instagram account.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Comprehensive School Safety Plan was discussed with staff, evaluated, amended, reviewed, and updated in November, 2019. This plan, developed in collaboration with the school, local agencies and the district office, fulfills all legal requirements and complies with EC 32280-89. A school disaster preparedness plan that deals with a wide variety of emergency situations is included into the School Safety Plan. Earthquake, fire, and lock down drills are conducted as required. The key elements of the Comprehensive School Safety Plan include an assessment of current status of school crime; dress code policy; child abuse reporting procedures; routine and emergency disaster procedures; safe movement of students, parents and staff to and from school; maintaining a safe and orderly school environment; sexual harassment policy; safety procedures; suspension, expulsion, and mandatory expulsion policies; teacher notification of dangerous students policy; anti-bullying policy; and school discipline rules and procedures pursuant to EC 35291 and 35291.5.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

All staff members participate in professional development offered by the school. In addition, many staff members participate in additional trainings appropriate for individual needs or for specific programs sponsored by the district through departments. Site professional development is held during early release and grade level/subject collaboration days. These collaborations focus on the cycle of inquiry and plan for first, best instruction after a review of standards and students results on formative and summative assessments. District professional development includes release days and after school workshops. When appropriate to meet the needs of students, staff attends conferences. District instructional coaches and site academic coaches support certificated and paraprofessional staff by providing workshop opportunities, individual mentoring, and in-class coaching. New teachers are supported by the Teacher Induction Program that includes coaching and mentoring. Classified paraprofessionals and support staff attend job-related training provided by the site and district.

During 2019-20, Lake Hill Elementary School's professional development focused on developing lessons and assessments in the area of ELA, highlighting AVID organization and instructional strategies. In addition, Lake Hills staff members focused their learning on revising and strengthening Multi-Tiered System of Supports. Lake Hills is committed to teamwork and relationship building where each team member aides in cultivating the growth of the whole child.

Alvord Unified School District provided professional development for teachers and support staff in 2019-20 on various topics related to state mandated assessments (SBAC, ELPAC), special education assessments, interim assessments, formative assessments (PELI, DIBELS), student data chats, Aeries/CALPADS data management for specific school staff, instructional strategies for English learners, interventions with Wonderworks, behavior supports, mandated special education forms/plans, crisis response, student success teams, and Aeries gradebook.

The annual number of school days dedicated to staff development and/or collaboration are attended by either all staff, grade level teams, or subject level teachers:

Types of Services Funded

In addition to local, state, and federal funds for support special education and the base educational program, Lake Hills Elementary School received the following supplemental state and federal funds in 2018-19:

State Local Control Funding Formula Supplemental & Concentration Grants to increase or improve services for low income students, English learners or foster youth.

Specific services and actions are described in the school's School Plan and/or the District's Local Control and Accountability Plan.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
