## **School Accountability Report Card**

### **Reported Using Data from the 2018-19 School Year**

#### **Published During 2019-20**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2019-20)

**Mission:** Benjamin Franklin Elementary School is a diverse learning community that strives to develop respectful, productive, and responsible leaders. Our 21st Century learning allows us to integrate relevant technology, collaborate, be creative, use critical thinking, and communicate effectively. Our Scholar's Pledge encourages our children to set high expectations for themselves. As a Franklin Scholar, I am a respectful, responsible, and goal oriented citizen who can confidently compromise, critically think, and innovatively problem solve in diverse situations. Franklin's Vision for Student Success: The Benjamin Franklin School community is committed to providing innovative and high quality instruction in a safe, positive environment conducive to academic learning and personal growth. To achieve this vision, Franklin School is committed to provide: differentiated instruction to ensure that the needs of all students are being met; standards based instruction by setting high expectations for all students in a focused standards-based environment; research driven practices enabling all stakeholders to be lifelong learners seeking new challenges and professional growth opportunities; and collaboration by encouraging an educational partnership with students, teachers, and parents working together to achieve a common goal. Franklin provides a STEAM based learning experience which infuses the Engineering Design Process as well as coding and music instruction.

**Support Services:** Franklin Elementary prides itself on providing services that support the whole child. To support varying student's academic needs within the school day, Franklin provides the following services: Gifted and Talented Educational Program - Identified GATE students are given the opportunity to participate in the District's GATE program located on our campus. In addition, those students identified, but not placed in the GATE program have an Individualized Learning Plan designed specifically for their needs by their classroom teacher. Special Education Program – Students within these classrooms have an Individualized Education Program designed for their needs by the special education support staff and the regular education teacher. The student to teacher ratio is kept minimal to support individualized learning. Educational Specialist Program and Speech Program – Students who have been identified with a learning and/or speech disability receive additional small group instruction from a qualified, certificated teacher. Individualized Education Program Plans are developed in conjunction with the teacher and parent to ensure incremental growth monitored and learning goals are achieved. English Language Development Instruction - fifty percent of our students are English learners (ELs) whose instructional program is consistently monitored by the classroom teacher. All of the staff have obtained CLAD or BCLAD certification, enabling them to provide appropriate instruction to these EL students. Extended Learning Opportunities - To maximize students' opportunities to learn and experience academic success and school connectedness, Franklin provides programs outside the school day. The focus is on strengthening students reading, math and social development needs. Students engage in STEAM based clubs including choir, knitting, coding book clubs. A YMCA partnership collaborates with the school to provide supplemental activities in the area of language arts and math to support the daily program. Kindergarten Intervention – students needing additional reading and math support are provided with additional small group instruction led by two TOSAs (Teachers on Special Assignment). Franklin has a partnership with the North Orange County Community College School District and their "Kids to College" Program has enabled Franklin to provide families with on site opportunities that focus on technology, the sciences, and music. Franklin also partners with the OC Big Brothers/Big Sisters Organization bringing valuable opportunities to many of our students.

**A. Conditions of Learning****State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

**Teacher Credentials**

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: 08/2019

Instructional Materials Resolution adopted on 08/14/2019. The Anaheim Elementary School District follows the State's curriculum cycle to adopt updated, high quality textbooks and related materials. Students are provided with an adequate supply of Board-approved textbooks for all subject areas that are aligned with District and State content standards

## School Facility Conditions and Planned Improvements (Most Recent Year)

Inspection Date: 09/26/2019

Average Percentage of 8 categories evaluated: 98.66% Overall rating: GOOD

### General

The District takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. Safety inspections take place on a quarterly basis at all sites.

### Maintenance and Repair

District maintenance staff ensures that repairs necessary to keep the school maintained and in working order are completed in a timely manner. An electronic work order process is used to ensure timely and efficient service. Emergency repairs have highest priority. A maintenance worker is assigned to the site, and is usually on campus once every week. No emergency repair needs exist at this site.

## Cleaning Process and Schedule

The District has standard cleaning procedures and guidelines used at each school site. Cleaning schedules are developed jointly between the principal and custodial staff to ensure a clean and safe school. Since January of 2006, the District has implemented the “General Deep Cleaning” crew procedure. On average, once every 10 months all schools are being deep cleaned on a rotation schedule.

The District’s completed deferred maintenance plan is available at the Operations Center at 1411 S. Anaheim Blvd. Anaheim, CA 92805.

## School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	47	51	30	34	50	50
Mathematics (grades 3-8 and 11)	39	43	25	28	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

---

- Parents have been an integral part of the Franklin School program for several years. Extensive opportunities are available for parents to be involved in a meaningful way with the school and their child's learning. Our full-time Community Liaison works collaboratively with the District's Family Services Department to create on site programs and presentations specifically geared towards building parents academic capacity and the needs of our school and students. In addition, there is a large nucleus of active parents who take initiative in school improvement efforts and parent education plans. Some of the available parent involvement programs offered at Franklin include: Family Fridays Cafecitos, PTA SSC/ELAC Committee PTA events Math Festival Activities Gang and Drug Prevention Classes Parent Learning Walks Parent Volunteers Parenting trainings College Week. Overall, the Franklin Staff is committed to the continued success of parent involvement to ensure every child's academic achievement.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

## School Safety Plan (School Year 2019-20)

Most recent review date: 11/19/2019

Each year, Franklin's staff, students, parents, and community members work collaboratively to establish the Franklin Safe School Plan. The plan is reviewed and revised accordingly to ensure optimal safety. The School Safety Plan components include:

1. People and Programs/School Climate
2. Physical Environment

The School Safety Committee and the Emergency Response Committee meet on a regular basis to determine school safety needs and to report any necessary changes to the staff, students, parents, and the community. A copy of the School Safety Plan is then forwarded to the District's Risk Management Office who then submits the School Safety Plan to the Board of Education for approval.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

### Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
<b>Number of school days dedicated to Staff Development and Continuous Improvement</b>	3	2	2

The vision of AESD is to create an exceptional learning environment that engages, challenges, and supports all students so that they thrive and achieve their academic potential every year, while preparing them to pursue college and career opportunities to become competitive global citizens. The vision for e<sup>2</sup>STEAM-D (equitable and engaging science, technology, engineering, art, math and dual language immersion) education in Anaheim Elementary School District is to empower school communities to integrate science, technology, engineering, arts, mathematics, and Dual Language Immersion through the process of critical thinking, communication, creativity, and collaboration to foster innovation not just for today, but the future.

**Core Strategy:** In order to increase the achievement of all students and close the achievement gap, all professionals will build meaningful student relationships and collaborate in data-informed learning communities to ensure the engagement of all students in a rigorous curriculum.

Professional Learning is offered in a variety of flexible formats and structures to meet the diverse professional and personal needs of teachers. Such structures include both in person and virtual training and are offered after school, during off track time, on Saturdays and/ or through the provision of a substitute when possible. Additionally, all schools are provided with on site specific professional development as needed through district curriculum specialist and off site conference attendance. Job embedded professional learning is provided by a site instructional coach and/or facilitated through both peer learning opportunities. All schools have a full time instructional coach who facilitate a student centered coaching framework and maximize individualized professional learning for teachers through lesson studies, co-planning/teaching, PLCs, peer learning walks and provide professional learning.

Professional Learning areas of focused are identified through analysis of both formative and summative data. All unduplicated student groups ELA and Math summative data as reported by summative and interim CAASPP test items indicate a gap of achievement from the standard met indicator.

To meet these identified students needs the following professional learning has transpired:

#### 2019-20

- All Second and Third grade teachers will have participated in a one day training on implementing Guided Reading in small groups as a complement to the district adopted English Language Arts Curriculum.
- All Second and Third grade teacher will have participated in a one day training around differentiated small group instruction.
- Teachers in grades 4-6 will be afforded the opportunity to participate in a one day training around differentiated small group instruction.
- Selected schools and teachers in Grades K-2 will be trained in Cognitively Guided Instructional strategies.

#### 2018-19

- All Kindergarten & First grade teachers participated in a one day training on implementing Guided Reading in small groups as a complement to the district adopted Benchmark curriculum-based skill instruction.
- All Kindergarten through Second grade teachers participated in a one day training around differentiated small group instruction.

#### 2017-18

- All staff, certificated and credentialed, received training in responding to students with Adverse Childhood Experiences (ACEs) including use of Restorative Circles to support the district's instructional focus of social emotional
- All certificated educators participated in two days of professional learning around the the ELA/ELD Framework and our newly adopted Benchmark Advance Curriculum Materials. Day 1 focused on the five key themes of literacy and language in the CA ELD/ELA framework in addition to familiarizing themselves with the newly adopted ELA materials, instructional supports (i.e. objective, concept development, scope and sequence), pacing and assessment and technology. In day 2 participants explored how to use the framework to inform how best to use the new ELD curriculum as a tool to teach the ELD standards during Designated ELD.

Job embedded professional learning through peer support is orchestrated and provided by on site coaching opportunities. All schools have support from a full time or half time Curriculum Coach and shared Digital Learning coach to help apply professional learning through co-plan/co-teach opportunities, lesson studies, grade level calibrating and planning, peer learning walks and modeling of effective delivery of instruction.
