School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

The Vintage Hills Elementary School staff and community will work together to ensure that all students are working toward the achievement of academic excellence as evidenced in the successful mastery of our State Standards. In our professional learning community, collaboration represents a systematic process in which teachers work together interdependently in order to impact their instructional practice in ways that will lead to better results for our students. As a staff, beliefs and practices help to support our 21st century students develop as engaged and active thinkers who are able to communicate, innovate, collaborate and problem solve.

Vintage Hills was built in 1997 and has a total of 52 classrooms including a computer lab and a library/media center. We have nearly 650 students enrolled and 66 certificated and classified staff members. The school was named a California Distinguished School in 2002.

School Facility Conditions and Planned Improvements (Most Recent Year)

Vintage Hills was built in 1997. We have 52 classrooms; 30 are permanent and 12 are portables. We have one parking lot and two pick-up/drop-off areas. Our school grounds, including buildings and restrooms are kept well lit, kept secure and clean. For security purposes the school campus is kept alarmed when not in use. TVUSD's Maintenance and Operations division works diligently to ensure our facilities are clean and safe for students, teachers and staff. The district follows a comprehensive preventive and deferred maintenance program to offset costly repairs and minimize disruptions to the instructional program. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. Our school has one full time lead custodian during school hours, and a night crew that comes in and cleans the entire facility after school hours. In addition, between two and three times a year the carpets at each site are steam cleaned.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	63	55	54	55	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents are very important to the success of our educational program at Vintage Hills Elementary. The school boasts an average of 70 volunteers daily. Our PTA is over 400 members strong and plays an active role in providing unique educational experiences for children. There are many different opportunities for parents to be involved at the school site. To become involved, parents can contact the principal or PTA representative or join us for our English Learner Advisory Committee, or stop by the front office to speak to the principal or staff on ways to become involved. We welcome your support!

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2019-20)

Vintage Hills Elementary School is a safe and secure campus. All visitors must sign in through our Raptor system using a government issued identification card and wear an identifying badge at all times. The site safety plan in conjunction with SAFE SCHOOLS provided by the Department of Education is a working document that includes procedures for daily safety as well as emergencies. The school site meets throughout the year to address school safety concerns. The site also works closely with a school resource officer to ensure the safety of the campus.

District Commitment to Learning for All Students

The Temecula Valley Unified School District is committed to ensuring that each and every child in its care receives a rigorous, multifaceted educational experience preparing them for the demands of college and career.

TVUSD teachers engage in active staff development throughout the year by attending:

In-District training sessions provided by staff and consultants.

Site-based training sessions presented during staff meetings and committee/grade level meetings.

One on one training provided during formal observations and post observation conferences.

Staff members are sent to national and state conferences to fine-tune instructional practices in specific areas.

Teachers with specialized training are given opportunities to train their peers, and provide instructional support as teacher leaders.

Standards Based Instruction

Staff development focuses on implementing the New State Standards and state frameworks in English-Language Arts, Science, social science, and Math, K-12. Routine district sessions bring teacher leaders and principals together to devise and refine the curriculum and assessments. Teams began by identifying priority and supporting standards, grouping the standards into units of instruction, and crafting common interim and summative assessments, developing scoring rubrics, and discussing sound grading practices for each course/grade. Leaders return to sites to facilitate their grade level/course teams in reviewing the work, suggesting resources, and providing feedback for the refinement committees.

Collaborative Teams

Teachers are divided into Professional Learning Communities (PLCs) based on content area and grade level. All instructional staff participate almost weekly during professional growth time meeting in their PLC groups to align curriculum, refine teaching strategies, create assessments, analyze student achievement data and transition to New State Standards.
