School Accountability Report Card
Reported Using Data from the 2018 - 2019 School Year
Published During 2019 - 2020

For: Arthur C. Butler Elementary

Address: 9180 Brown Rd, Elk Grove, CA 95624

Principal: Jodi Boyle

Phone: 916-681-7595

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019 - 2020)

Welcome to Arthur C. Butler Elementary School! We provide a very focused and highly academic educational experience designed to meet the individual learning needs of all students so they may attain grade level standards and beyond. Our mission is to provide the best possible education in the safest possible environment. Our safe campus, positive learning culture, rigorous instructional programs, and strong community help students gain the skills they need to be successful in school and life, which includes a character education program based on the character traits children need to attain continued success.

We are proud of our acceleration and intervention programs within our school day. We work to meet the needs academic, behavioral, and social-emotional needs of all students through our tiered site-wide Multi-Tiered Systems of Support (MTSS). We are also proud to partner with Sheldon High School staff and students for before school math tutoring, bullying prevention, and band instruction.

Our teachers are growth minded and are always learning. They have participated in training to improve their direct instruction, provide consistent behavioral support, and improve student outcomes through their work in Professional Learning Community. As a school, we have a shared mission, vision, and goals.

Parent support and involvement continue to be important aspects of the success at Arthur C. Butler Elementary. Regular communication between parents and teachers is critical to success. Parents can also support student success by providing space, time and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important to the family.

Parents are represented on our School Site Council and provide valuable input for school improvement. Our PTO and English Learner Advisory Committee are also opportunities for parents to be involved in the school. Our PTO plans several annual events, including a fall carnival, Holiday Breakfast, and a Valentine dance.

Administration and staff are here to serve the Butler community. Please let us know how we can best support your family's needs.

School Facility Conditions and Planned Improvements (School Year 2019 - 2020)

The school has 28 classrooms, a multipurpose room, a library, and an administration building. The main campus was built in 1965. Additions were constructed in 1968 and 1972. Two portable classrooms were constructed in 1997 for Class Size Reduction. The school opened in 1990 with all portable buildings. In 1995, permanent classrooms were built. The multipurpose room was built in 1997. A second computer lab was installed in 2011. Additional fencing was provided in 2013 and the school became a closed campus during school hours for safety.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's Maintenance and Operations Department works in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team to develop a daily cleaning process and schedule. Each morning, the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

In 2019, the site's PTO purchased a shed from Sheldon High School that was placed on the Kindergarten playground for storage. Additionally, Arthur C. Butler Elementary is enjoying the completion of a shade structure on the playground, which was installed at no cost to the site. The students and staff are excited about the increased shade area on our campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2019 - 2020)

Parents are encouraged to become actively involved. We have family nights, informational meetings, awards assemblies, student performances and social events. Parents serve on the PTO board, School Site Council, EL advisory, PBIS Team and the Superintendent's Parent Advisory. Parents are also encouraged to be fingerprinted to volunteer. Please contact Michelle Massarro, PTO President, at arthurbutlerPTO@gmail.com if interested in volunteering.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019 - 2020)

Our school is strongly committed to providing a safe and secure learning environment. School rules are enforced by all personnel. Our School Safety Plan was reviewed and updated in January of 2020. An "Emergency Handbook", outlining a plan of action for disasters such as earthquakes, fires, floods, and chemical spills, is kept in the school office and in every classroom. School drills and safety inspections are conducted regularly. The district's Safety and Security Department is readily available to support the school for any emergency or need in providing safety. Supervision of students is provided 15 minutes before and after school hours. We have a closed campus and all visitors must sign in through the office during school hours.

Types of Services Funded (Fiscal Year 2019 - 2020)

At our school, we have highly qualified staff to assist students with special learning needs. English Learners are supported in developing language skills and accessing the core curriculum through our daily English Language Development/What I Need - ELD/WIN program, as well as after-school interventions. Gifted and Talented Education (GATE) students and accelerated students are challenged during WIN time and throughout the day through differentiated instruction. The Learning Center offers instruction to special education students and other students who need extra support. Some grade levels offer extra instruction for reading and math during after school hours. Students also participate in before and after school programs such as Breakfast club, band, Running for Rhett, volleyball, and basketball.

Professional Development

Professional development opportunities are provided by the district, region and site in implementing the Common Core Standards for Language Arts and Math. Professional Learning Communities have been established and meet regularly to analyze data and collaborate to meet students' needs. Specific training is provided to meet the needs of English Language Learners. Special education teachers attend ongoing training sessions to support them in the development of curriculum and strategies to best meet the needs of students with learning disabilities. New teachers, who have been teaching fewer than two years, are supported by the district's beginning teacher program. They meet regularly with an experienced mentor to discuss their successes, challenges and new ideas for their classrooms. Our district offers ongoing support for administration and staff on academics, safety, social-emotional, technology, and public policy. All support staff members are also provided ongoing training related to their work and responsibilities.
