Principal's Message

The School Accountability Report Card (SARC) was established by Proposition 98, an initiative passed by California voters in November 1988. The SARC, which is issued annually by local school boards for each public elementary and secondary school in the state, provides parents and other interested people with a variety of information about the school, its resources, its successes and the areas in which improvements are needed. It is important to note this document represents the 2018-19 school year.

As you read this SARC for Mountain View Elementary School, I believe you will find what emerges is a picture of a school with a commitment to excellence and sustained improvement; a faculty that is professionally skilled and personally committed to meeting the learning needs of all students; an involved, visible and supportive community; and a student body which is motivated to perform. Mountain View sets high standards of excellence for its staff and students. This year, we have set the following goals: maximizing student achievement in all curricular areas with an emphasis on mathematics with the school wide use of Ready and iReady Mathematics; implementation of the districts' core ELA Benchmark Series, Response to Intervention (RTI)/Multi-Tiered Systems of Support (MTSS) focusing on Tier II & Tier III intervention, ensuring a safe environment with a focus on character education development and Positive Behavioral Interventions and Supports (PBIS); and providing co-curricular activities to enhance the overall educational program at Mountain View. We are pleased to report Mountain View was recognized for both the California Business for Excellence in Education Award and the Positive Behavior Intervention and Support Gold Level Award.

Sincerely,

Monica Everson

Principal

School Mission Statement

We are the Mountain View Golden Bears, a united community of students, parents, families and faculty. We are dedicated to ensuring the lifelong learning and success of every student in a safe, positive learning environment. We will accomplish this through teamwork, communication and perseverance!

School Vision Statement

Mountain View strives to be Clovis Unified School District's model for excellence in elementary education.

School Goals/Aims

- Comprehensive instruction of standards with an emphasis on active student engagement, critical thinking and Response to Intervention (RTI)/Multi-Tiered Systems of Support (MTSS)—academic achievement for all!
- Implementation of data teams through the professional learning community (PLC) process.
- Integration of technology into classroom lessons.
- Continued focus on character development in a safe and positive learning environment with an emphasis on Positive Behavioral Interventions and Supports.
- Implementation of Building Coherence for Instructional Improvement (BCII) in the area of ELA Citing Textual Evidence.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Clovis Unified School District sets a high priority upon ensuring there are sufficient textbooks and materials to support the district's instructional program. CUSD Board Policy Number 3301 establishes criteria and procedures for the adoption of all textbooks. All K-8 textbooks purchased have been approved by the State Board of Education and adopted by the Clovis Unified Governing Board. Textbooks and instructional materials purchased for grades 9-12 are aligned to the state content standards and adopted by the Clovis Unified Governing Board.

The Department of Supplemental Services continues to support the school sites with funding that allows for the purchase of supplementary instructional material for our students, including English learners in grades K-12. The supplemental material is designed to accelerate pupils as rapidly as possible toward grade-level proficiency in the core subjects of English-language arts, math, social science and science. These supplemental materials are used in addition to the basic reading/language arts and other core materials provided for every student and are correlated to state content standards.

School Facility Conditions and Planned Improvements (Most Recent Year)

Built in 1989, Mountain View Elementary is 30 years old. Our campus has six portable classrooms, 25 permanent classrooms, one multipurpose room, one library with a computer lab, one snack bar and equipment room, one football field, and three baseball diamonds. We take pride in providing a clean, safe learning environment. Our custodians (one full-time plant supervisor, one full-time night custodian and one part-time evening custodian) perform basic cleaning operations daily and maintain the grounds and buildings. In addition, deep cleaning is conducted two times a year at each site. Our school conducts eight clean-campus inspections each year. Volunteering parents inspect the campus grounds and restrooms on a regular basis to provide feedback to our student body. When asked on the 2018-19 SART Survey to grade how well the buildings and grounds are maintained at their child's school, 98 percent of parents rated the grounds as "good" to "excellent." School-wide, 94 percent of parents rated their school "good" to "excellent" for providing a quality education that promotes academic success. Graffiti is removed immediately. Through increased community awareness, pride and an open-campus policy, we hope to keep vandalism and burglary to an all-time low.

The district believes schools are the hub of their neighborhoods. As a result, a high priority is placed on building and main training excellent facilities as economically as possible.

A facility audit was conducted in 2008-09 with input from the site administrator and plant supervisor. As a result, it was determined Mountain View was in need of a new HVAC system. During the summer of 2012, Mountain View received new air conditioning and heating unit ventilators along with updated lighting fixtures for each classroom. Additional improvements included improved drainage in the amphitheater and drainage in the baseball dugout. In the spring of 2013, the school received new solar panels in both the parking lot and on the playground. In 2016, every building on the Mountain View campus was repainted and classroom were updated with new ceiling projectors.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Math	60	54	58	59	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Mountain View highly encourages, promotes and appreciates parent involvement in all aspects of the school program. Every year in the fall, the staff welcomes families to our Back-to-School Night to not only inform them of the educational programs, but to invite them to participate in committees and forums. Parent committees such as the School Assessment and Review Team (SART), School Site Council (SSC), English Language Advisory Committee (ELAC), Intercultural and Diversity Advisory Council (IDAC), Parent Advisory Committee (PAC), and Parent Teacher Club (PTC) serve a critical role in the success of the school. Parents are also invited to assist with the following:

- Co-Curricular Programs
- Athletic Coaching
- Choir, Band, Orchestra
- Yearbook
- Drama
- Robotics
- Library Media Center
- Multicultural Events
- Parent Academy Nights
- Fundraising
- Field trips

For more information on how to become involved at Mountain View, please contact

Parent Teacher Club President, Ashley Hernandez at (559) 327-7500.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Mountain View has both a school safety plan and School Crisis Intervention Plan on file, and both are available to all parents as well as the general public. The school safety plan is reviewed and updated annually and discussed with staff throughout the year. Most recently, the complete plan was updated in January 2020. In our weekly newsletter, The Growl, parents are provided with school safety information in the event of potential school emergencies. The school-safety committee develops the plan with input from parents and community members. Specific areas of focus, coupled with appropriate strategies to address concerns are featured in our school plan. The school crisis intervention plans provides step by step procedures in the event of fires, campus lock downs, earthquakes, and evacuations. The campus is supervised 20 minutes before school and 15 minutes after school by certificated staff and administration. During each of the three lunch recesses, supervision is provided by four hired campus monitors. During rainy weather and/or bad air quality days, all students arriving to school are supervised in the multipurpose room to wait for their teacher.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	5 days	5 days	5 days

Each school year, the district provides staff-development training periodically throughout the year during both early release Wednesdays and the school day for certificated and classified staff. The focus area for Mountain View staff development during 2019-20 includes Building Internal Coherence for Instructional Improvement (BCII) with an emphasis for citing textual evidence in text and writing, ELA Benchmark curriculum training, Ready/iReady Math training and planning days, Get Your Teach On Active Engagement Strategies, educational book club readings, Professional Learning Communities (PLC) in-services, DRA training, ELA coaching support, Response to Intervention (RTI)/ Multi-Tiered Systems of Support (MTSS), and Positive Behavioral Interventions and Supports (PBIS). Every year, school nurse trains staff members about blood-borne pathogens and safety procedures. Our staff members continue to receive staff-development training and support with technology integration in the classroom through direct instruction and student use.

The district focused all professional development activities around five identified needs: first time best instruction, mastery learning, multi-tiered system of supports, implementation of the California Content Standards and NGSS Standards, and cultural relevant understanding. In the 2018-19 school year, the district dedicated five professional development days for certificated staff. Teachers were offered professional development opportunities on staff development days, substitute release days, and on early release days. A variety of after-school workshops were also offered throughout the school year. One hundred mentors and one hundred and thirty-five participating teachers received ongoing professional development and classroom coaching through the CUSD Induction program. In addition, all certificated teachers participated in site-based training and district sponsored training that included: curriculum training, utilization of AVID strategies, Visible Learning, multi-tiered systems of support, and culturally relevant instructional practices.

Types of Services Funded

“Children Are Our Most Precious Resource”

On an annual basis, Clovis Unified School District (CUSD) submits the Application for Funding Consolidated Application and Reporting System for Categorical Aid Programs commonly called CARS. The application is submitted in two (2) parts: Part I, which contains program and demographic information, is submitted by June 1 each year; and Part II, which contains the budget information and additional program data, is submitted by January 31 each year. The categorical programs included in the application are Title I, Part A – Improving the Academic Achievement of the Disadvantaged Improving, Title I, Part C – Migrant Education, Title II, Part A – Preparing, Training and Recruiting High Quality Teachers and Principals, and Title III – Language Instruction for Limited English Proficient and Immigrant Students. Essentially, these funds are designed to assist students in mastering state standards.

Clovis Unified Schools are committed to establishing a true partnership with all facets of the Clovis Learning Community. CUSD values feedback and input. Parents continue to make positive differences in the lives of the children we all support. We know from research that participation in your child’s education will not only bring success to your child but other children in the school. Our parents truly make a difference in the lives of Clovis kids!

CUSD is pleased and proud to offer a variety of parent involvement opportunities that improve our overall program. Depending on the type of categorical funding a site may receive, district or school parent councils and committees are required under certain requirements and guidelines. Such advisory committees in the CUSD include:

- School Site Council (SSC)
- English Learner Advisory Committee (ELAC)
- District Advisory Committee (DAC) and School Advisory Committee (SAC)
- District Learner Advisory Committee (DELAC)
- District Migrant Education Parent Advisory Committee (DMEPAC)
- District Indian Education Parent Advisory Committee (IPAC)
- School and District level School Assessment Review Team (SART)
- Intercultural and Diversity Advisory Council (IDAC)
- Local Control Accountability Plan Public Forums (LCAP)

We encourage all parents and guardians to become involved with their child’s education at the classroom level the school-wide level as well as the district level. Each school’s School Plan for Student Achievement (SPSA) describes the school’s basic educational program and the categorical supplementary programs/services that are designed to support student achievement of each and every student. Parental involvement is a necessary and vital part of developing the SPSA as well as our overall program. At the district level, parent committees provide input into each of the site’s SPSA and to the District’s Local Education Agency Plan (LEAP). If you would like additional information on any of the District Parent Councils or Committees, please call your child’s school. The Principal, Learning Director, or Guidance Instructional Specialist (GIS) would be happy to assist you, or go to: <http://www.cusd.com/supplementalservices>.

Listed below are several parent committees that assist with categorical programs and funding.

School Site Council (SSC): All schools receiving categorical funds are required to form a SSC. The SSC is composed of parents, students at the secondary level and school personnel. It is responsible for developing, implementing and evaluating the School Plan for Student Achievement programs. Members serve for two years and are elected by their peers.

District Advisory Committee (DAC) & School Advisory Committee (SAC): The entirety of the SSC acts as the SAC. The SAC serves as an advisory committee for the purpose of advising schools regarding supplemental education programs and acting as a liaison for their school community. They serve to share information and comments both at the district and site level. These education programs are supplemental education opportunities that provide services to students who are disadvantaged, English learners, foster youth and/or at-risk. The SSC has approved to designate our SSC pursuant to California Education Code (EC) Section 52852 to function as the School Advisory Committee.

English Learner Advisory Committee (ELAC): All schools enrolling 21 or more English learners are required to form an ELAC. The ELAC is composed of parents and school personnel. The ELAC provides input and makes recommendations to the principal, staff and SSC regarding services for English learners and conducts an annual survey. Members serve for two years.

District English Learner Advisory Committee (DELAC): Whenever there are 51 or more EL students in the district, there shall be a functioning District English Learner Advisory Committee (DELAC). It is important that each school site ELAC elect a DELAC representative and arrange to have that representative attend every DELAC meeting. Currently the DELAC bylaws require each DELAC representative to be 1) a parent/guardian of an EL or former EL (i.e., a reclassified fluent English proficient student) currently enrolled at the site he/she represents, and 2) elected to serve as the DELAC representative by the site's ELAC.

District Indian Education Parent Advisory Committee (IPAC): The CUSD Native American Indian Education Parent Advisory Committee meets four times a year to discuss program issues, services provided, and other needs related to the student achievement of our students, community agencies and outreach programs. CUSD Indian Education Program addresses the needs of American Indian and Alaskan Native students in grades K - 12. The program assists eligible students to achieve at the same challenging state performance standards expected of all students in grades pre-K -12.

Local Control Accountability Plan (LCAP) Forums: CUSD develops an LCAP annually that works to better align the academic plan with the district expenditure plan that is approved by our CUSD Governing Board each June. Parents and other stakeholder groups are invited to participate in the development of the LCAP through participation of school and district committee meetings and community forums. LCAP School, District Meetings and Community Forums are exciting opportunities for all stakeholders and school committees to engage with the District and share their ideas on how CUSD can provide quality opportunities and support for CUSD youth and schools. Community participation and feedback in the forums will inform the District's LCAP's funding priorities over the next several years.

These forums are designed to provide an opportunity for school communities to hear about CUSD's current efforts to support youth and families and to provide input and feedback on future plans and opportunities. Sites also have an opportunity to work together in teams to share new ideas to support identified groups and to plan for site engagement and implementation.

The following is an overview of the categorical funding and programs in CUSD. These funds are further discussed and outlined in each school's SPSA and at the committee meetings.

Rationale

General District funds provide support for the District's base/core curriculum program. Some children have special characteristics, not reflective of the general school population, that affect their success in the base/core programs. Some come from economically disadvantaged homes; some are educationally disadvantaged or lack English language proficiency because they have a primary language other than English. Children, such as those described above, require supplemental services and materials not generally provided through the base/core curriculum program. The needs of our children are identified and supplemental services and materials are planned and targeted to meet their special needs. Categorical funds are to be used to provide the financial support to meet these special needs.

Philosophy

All CUSD schools offer students with special needs the same kinds of high quality learning opportunities and access to the core curriculum in all curricular areas. Categorical funds are designed to support additional assistance to help students succeed in the regular classroom program (base/core curriculum) and address any learning gaps. The focus is on the effective utilization of supplementary materials, personnel, and staff development. Staff development activities are used to improve instructional practices and strategies to increase the ability of teachers and other staff to challenge and assist all students to reach their fullest potential.

Categorical Program Descriptions

After School Safety and Education Funds (ASES): This state funded and administered program provides three-year grant funding to establish or expand after school programs that provide students with academic support and intervention, enrichment opportunities and supportive services to help the students meet state and local standards in core content areas. The purpose of the ASES program is to create additional educational and recreational opportunities for students within the learning community while providing a safe environment for students. The goals of this program are to: 1) improve academic achievement, and 2) provide enrichment opportunities that reinforce and complement the academic program.

1. Title I, Part A (Improving the Academic Achievement of the Disadvantaged): A federal-funded program to provide high-quality opportunities for students in high-poverty schools to meet district and state content and performance standards.
2. Title I, Part A, Title X, Part C, Education for Homeless Children and Youths: Title I, Part A funds provide comparable services to homeless children that assist them to effectively take advantage of educational opportunities as provided to children in schools funded under Title I, Part A. These comparable services shall be provided to homeless children in public and private schools, shelters and other locations where children may live, institutions for neglected children and, where appropriate, local institutions such as local community day school programs.
3. Title I, Part A Equity Performance and Improvement Program: Designed to support and build capacity within school districts and schools to promote equity for disadvantaged student populations in California schools. The CEPPI will build the capacity of school districts and schools in order to implement proven or promising evidence-based program and practices, specially targeted at building equity and narrowing the achievement and opportunity gaps for all underserved students.
4. Title I, Part C (Migrant Education Program): A federal-funded program focused on providing services for migratory students and their families.
5. Title II, Part A (Preparing, Training and Recruiting High Quality Teachers and Principals): A federal-funded program focused on teacher and principal training and recruitment programs.
6. Title III (Language Instruction for English Learners (ELs) and Immigrants): A federal-funded program focused on assisting school districts in teaching English to limited English proficient students (English learners) and immigrants and helping these students meet the same challenging State standards required of all other students.
7. Title IV, Part A Student Support and Academic Enrichment: The Student Support and Academic Enrichment program under Title IV, Part A of the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA) is a federal categorical program contained in the Consolidated Application. These funds are intended to increase the capacity of local education agencies (LEAs) to meet the goals of the

ESSA by providing all students with access to a well-rounded education, improving school conditions for student learning, and improving use of technology in order to improve the academic achievement and digital literacy of all students

8. Title VI (Indian Education Formula Grant): A federal-funded program focused on helping Native American/Alaskan Native students meet the same challenging state standards required of all other students.

The goal of the CUSD staff is to create and maintain the best educational environment possible. This can be accomplished with your support and input. If you have any questions, concerns, or would like to become more involved in the educational process at your school, please contact your school principal. Your school can assist you in learning more about categorical programs. You may want to become involved in your school's School Site Council (SSC), English Learner Advisory Committee (ELAC) and/or attend the Annual Title I Parent Meeting. During the fall, each school will send you additional information about these activities. At the district level, we encourage you to become involved with our DELAC. We encourage and look forward to your involvement in the programs we offer our learning community. If you have any questions, please call your child's school or the CUSD Department of Supplemental Services @ 327.0661, additional information may be found @ <http://www.cusd.com/supplementalservices>.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
