SCHOOL ACCOUNTABILITY REPORT CARD

2018-19 SCHOOL ACTIVITY PUBLISHED IN DECEMBER 2019

PRINCIPAL'S MESSAGE

I am humbled by the opportunity to be the Principal of Felton Elementary School, where "every kid is a success story" as a result of having incredibly caring teachers, classified staff and community working as a united entity to foster student success.

At Felton Elementary School we follow the District's Vision and Mission by ensuring our students are receiving a quality education in all content areas that will lead them to college as they pursue a career of their choice. ~We have high expectations for our students and they always rise to the occasion. Our motto states, "if you teach them, they will learn." ~

Felton Elementary School welcomes parents and partnerships from our neighbors who can contribute ideas, time, experiences and ongoing opportunities for our learners to grow and thrive in our ever-changing world. Our friendly parent center is equipped with resources and a Parent Liaison who will guide parents who wish to volunteer.

The School of Engineering at Felton Elementary provides a unique experience to our 4th and 5th grade students who engage in project based learning from their teachers and our very own Lennox product Engineer!

Teachers are committed to teaching the California Common Core State Standards in a technology-centered classroom along with the best instructional practices. Additionally, we provide Specialized Academic Instruction and related services in the least restrictive environment with a push-in/co-teach and pull out model. Felton Elementary houses the Districts Horizon's program and provides applied behavior analysis interventions to students requiring those supports in their educational development.

The intervention programs that are offered to our students are data driven and students are given multiple opportunities to excel.

The learning opportunities that are available at Felton Elementary School and all students in the Lennox School District to thrive are simply unparalleled. It's an honor to serve my community.

Respectfully,~
Norma Martinez

DISTRICT VISION

The Lennox School District is dedicated to providing our students an education that emphasizes:

- Cradle to College - Preparing students academically from birth to career.
- Community - Embracing the role of parents as partners in the educational process.
- Culture of Caring - Encouraging committed employees to support students and their families socially, emotionally and academically.
- Continuity - Entrusting that each generation achieves and excels, and returns to the Lennox Community to give back.

DISTRICT MISSION

Every Lennox School District student will successfully transition to college or career.

SCHOOL PROFILE

Felton Elementary School serves students in grades pre-kindergarten (special education), and kindergarten through five following a traditional calendar. At the beginning of the 2018-19 school year, 526 students were enrolled, including 17.7% in special education, 47.1% qualifying for English Language Learner support, 96% qualifying for free or reduced price lunch, 0.2% foster youth, and 12.4% homeless youth.

Teachers continue to employ small group math lessons and direct instruction to improve reading and math skills.

As part of the standard curriculum, one hour of language arts time is devoted to small group of instruction based upon students' needs as determined by assessment results. Writing is seen throughout the various grade levels and we make daily writing instruction a priority at Felton.

Teachers at Felton School have implemented intervention programs to increase students' reading and math proficiency levels.

All teachers participated in comprehensive math training and coaching activities in preparation for the new State Standards. Professional development focused on bridging instruction to the new State Standards with emphasis on the ability to explain answers. Felton Elementary School a 1:1 ratio of iPads/Laptops for students to support daily access to the core curriculum; the iPads are stored on mobile carts and used by students in grades K-5. Felton Elementary School has two computer labs containing a total of 60 computers and a mobile cart containing 12 computers used for special education classes.

Felton Elementary hosts a state preschool program on campus. Children ages 3 and 4 from income-eligible families are welcome to enroll.

Felton Elementary School houses the Horizon's Program, formerly known as the District's Autism Program, which provides specialized instruction based on individual IEP's. The program currently consists of three classrooms with a K-1, 2-3, and 4-5 combo classes.

LOCAL CONTROL ACCOUNTABILITY PLAN (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP) that supports the priorities for the state of California. The following components of this SARC address some of the priorities identified in the State's LCAP:

State Priority 1: Basic (Conditions of Learning)

The SARC provides the following information relevant to the State priority:

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area for the pupils they are teaching.
- Pupils have access to standards-aligned instructional materials; and school facilities are maintained in good repair.

State Priority 2: State Standards (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 2.

State Priority 3: Parental Involvement (Engagement)

The SARC provides the following information relevant to the State priority:

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

State Priority 4: Pupil Achievement (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

- Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with

alternate achievement standards, which are linked with the Common Core State Standards (CCSS) (for students with the most significant cognitive disabilities).

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority 5: Pupil Engagement (Engagement)

The SARC provides the following information relevant to the State priority:

- High school dropout rates
- High school graduation rates

State Priority 6: School Climate (Engagement)

The SARC provides the following information relevant to the State priority:

- Pupil suspension rates
- Pupil expulsion rates
- Other local measures on the sense of safety

State Priority 7: Course Access (Conditions of Learning)

The SARC does not cover any of the requirements of State Priority 7.

State Priority 8: Other Pupil Outcomes (Pupil Outcomes)

The SARC provides the following information relevant to the State priority:

- Pupil outcomes in the subject area of physical education.

PARENT INVOLVEMENT

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events. Parents stay informed on upcoming events and school activities through monthly newsletters, School Messenger, classroom newsletters, and the school website. The parent liaison organizes parent volunteer efforts. Contact the school office at (310) 680-8950 for more information on how to become involved in your child's learning environment.

STUDENT ACHIEVEMENT

PHYSICAL FITNESS

In the spring of each year, Felton Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test measures each student's ability to complete six fitness tasks in six major

California Physical Fitness Test Results 2018-19

	% of Standards Met:

areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone." Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pfi/.

CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

SCHOOL FACILITIES & SAFETY

FACILITIES MAINTENANCE

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Felton Elementary School's original facilities were built in 1987 and completely renovated in 2001; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

PE Classroom	1

2018-19 Campus Improvements:

- Painting projects to the exterior of the campus
- Replacement of six old bungalows with six new bungalows

2019-20 Planned Campus Improvements:

- Construction of a ten classroom building (Measure Q - still in progress)

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. Every morning before school begins, the lead day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One full-time day, one full-time evening, and one part-time evening custodian are assigned to Felton Elementary School. The day custodians are responsible for:

- General Cleaning
- Restroom Cleaning
- Cafeteria Setup/Cleanup
- Debris Removal
- Routine Maintenance and Minor Repairs

Restrooms are checked twice a day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Office Area Cleaning
- Restroom Cleaning
- Classroom Cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

SCHOOL SITE SAFETY PLAN

The Comprehensive School Site Safety Plan was developed for Felton Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, dress code policy, and bully prevention policy. The school's most current safety plan was reviewed, updated, and shared with school staff in Fall 2019.

SUPERVISION & SAFETY

Student supervision, in the morning as students arrive on campus, is provided by the principal, the assistant principal, two teachers, and the counselor. During recess, four teachers monitor student behavior on the playground. During the lunch recess, three yard duty supervisors and administrators monitor students in the cafeteria and on the playground. When students are dismissed at the end of the day, the principal and the

assistant principal ensure students leave campus in a safe and orderly manner.

Many individuals visit the campus as volunteers or to participate in school events. To maintain a safe and secure environment, all parents and visitors are required to check in at the school office. Upon arrival, parents and visitors must provide picture identification, obtain and wear a visitor's badge to be scanned through the Raptor System, and then return to the school office upon departure.

FACILITIES INSPECTIONS

The district's maintenance department inspects Felton Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Felton Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on November 26, 2018. During fiscal year 2018-19, all restrooms were fully functional and available for student use at the time of the inspection.

CLASSROOM ENVIRONMENT

DISCIPLINE & CLIMATE FOR LEARNING

At Felton Elementary, all staff believe that a safe learning environment is an effective learning environment. Schoolwide discipline policies are founded upon the district's assertive discipline model which clearly defines unacceptable behavior and consequences for poor conduct.

Teachers integrate the Character Counts Program strategies to promote respect and responsibility through daily instruction and activities. Teachers have established individual, grade appropriate classroom management plans in accordance with assertive discipline policies. Concentrations are placed in redirecting behavior, allowing students to take responsibility for their actions and demonstrate self-control through good decision-making practices.

At the beginning of the school year, school policies, safety rules, and behavior expectations are 1) outlined in the student handbook, 2) included in the Back-to-School packet, and 3) reinforced at discipline assemblies led by the principal. Throughout the year as needed, teachers remind students about their responsibilities to follow school rules and conduct themselves in a safe, responsible, and respectful manner.

Progressive disciplinary measures begin in the classroom when students are disruptive or demonstrating poor citizenship. A color-coded card system is used as a visual record of student behavior; a red card signifies an instance of poor behavior. Students who continue to make poor choices in conduct are referred to the principal, assistant principal or the counselor.

Felton Elementary School utilizes the Positive Behavior Intervention Support (PBIS) program as the foundation of a positive discipline approach. The PBIS program provides comprehensive curriculum to promote responsible, safe behaviors as well as bully prevention strategies through the use of classroom activities, presentations, hands-on activities, and scripted weekly lessons.

CURRICULUM & INSTRUCTION

STAFF DEVELOPMENT

All curriculum and instructional improvement activities at Lennox School District are being aligned to the California State Standards. Staff development concentrations are selected and identified based on staff survey results, California State Standards, federal and state grant requirements, and student performance data. Teachers have agreed, as part of their contract, to acquire professional development on their own time to better serve their students. Therefore, district and site-based staff development offerings are highly specialized and focus on the current needs of the district's learning community.

During the 2018-19 school year, Felton Elementary School staff participated in professional development activities held throughout the year on early release

Wednesdays. Grade level committees meet once a month to plan future training sessions using results from student performance data, district assessments, teacher input, walkthroughs, and classroom observations to identify areas of strength and weakness.

2018-19 Staff Development Topics:

- Advancement Via Individual Determination (AVID) Strategies
- English Language Development
- Intervention Strategies
- SWUN Math
- Technology Training
- Wonders Implementation Workshops

Current research and training in instructional methodology and best practice helps teachers to improve their skills in order to provide students with the best possible educational experience. During the 2017-18, 2018-19, and 2019-20 school years, Lennox School District offered a variety of professional learning opportunities for teachers and instructional aides. Teacher training topics included professional development on the following:

During the 2018-19 school year, the district also offered teachers the opportunity to attend supplementary professional development on the following:

- Accessibility Supports
- Collaborative Teaching
- Dual Language
- ELPAC
- English Language Development (ELD)
- Google
- Nearpod
- New Teacher Training
- Non Violent Crisis Intervention
- Special Education
- SWUN Math

In addition, the on-going collaboration between teachers and grade levels has been strengthened for our district and our academic programs. Our teachers have numerous opportunities to collaborate on best practices, grading, and discuss the best ways to meet the needs of all students.

Lennox School District and three other local districts (Lawndale, Hawthorne, and Centinela) jointly support new teachers in developing their teaching skills through the New Teacher Induction Program, which is designed for first- and second-year teachers holding a preliminary credential to earn their clear teaching credential. The Peer Assistance and Review (PAR) program is designed to improve the education of students and increase the classroom performance of teachers, targeting both new and veteran teachers.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Los Angeles County Superintendent of Schools as well as the Lennox School District. Profession and subject specific offerings are consistent with the California State Standards.

Long-term substitute teachers are invited to school-sponsored training activities. Classified support staff may receive job-related training from district representatives; training activities and workshops are designed to enhance and extend job performance.

INSTRUCTIONAL MATERIALS

All textbooks used in the core curriculum throughout Lennox School District are being aligned to the California State Standards. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education with the exception of SWUN Math which was adopted

locally. The district determined that SWUN math curriculum is in alignment with the state standards. The district follows the State Board of Education's adoption cycle for core content materials and textbook adoptions in foreign language, visual and performing arts, and health. The district follows the State Board of Education's adoption cycle for core content materials and textbook adoptions in foreign language, visual and performing arts, and health.

On September 10, 2019, the Lennox School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted the Resolution Regarding Sufficiency of Instructional Materials No. 19-03 which certifies as required by Education Code §60119 that (1) textbooks and instructional materials were provided to all students, including English learners, in the Lennox School District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to complete required homework assignments, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, in mathematics, science, history/social science, and English/language arts, including the English language development component of an adopted program, consistent with the cycle, process, time lines, and content of the curriculum frameworks, and (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes.

In addition to the core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for its visual/performing arts curricula. During the 2019-20 school year, Lennox School District provided all students enrolled in a visual/performing arts class with their own textbook or supplemental materials to use in class and to take home. These materials comply with the state's content standards and curriculum frameworks.

PROFESSIONAL STAFF

TEACHER ASSIGNMENT

During the 2018-19 school year, Felton Elementary School had 31 teachers who met all credential requirements in accordance with state guidelines. The chart below identifies the number of teachers at both the school and district who are 1) fully credentialed; 2) without full credentials; 3) teaching outside subject area of competence; 4) misassignments for English learners; 5) total teacher misassignments; and 6) vacant teacher positions. The term "misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

COUNSELING & SUPPORT STAFF

Felton Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally.

The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Felton Elementary's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

DISTRICT EXPENDITURES

SALARY & BUDGET COMPARISON

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2016-17 salary comparison data was the most recent data available at the time this report was published.)

EXPENDITURES PER STUDENT

For the 2017-18 school year, Lennox School District spent an average of \$13,415 of total general funds to educate each student (based on 2017-18 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding expenditures and salaries can be found at the CDE web site at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the following table reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)
