School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

In the spring of 2012, Highland Oaks School was honored as a California Distinguished School. Highland Oaks School is committed to enhancing learning for all young scholars with an emphasis on higher order, critical thinking skills. We believe the key components that favor quality results and improvement include a rigorous curriculum that is flexible enough to support all students' learning, opportunities for students to apply and practice problem solving in all academic areas, and support for a faculty of lifelong learners who work together and provide effective instructional planning. Instruction in Transitional Kindergarten through fifth grade is individualized to challenge all students from diverse cultures.

Highland Oaks School is committed to a rigorous educational program with high academic expectations. Our curriculum is designed to meet the diverse academic and social needs of students in a dynamic learning environment, with outstanding resources and a vision for excellence. Our resources include dedicated and highly trained teaching professionals; well prepared and eager students with a zest for learning; a talented and supportive parent community; and a vision for education that demands commitment and support for academic excellence, technology, and the arts in a nurturing child-centered environment. Our goal is to provide opportunities for all students to obtain the skills, knowledge, attitude, and values they need to reach their full potential as productive citizens prepared for the 21st century.

Highland Oaks School is committed to consistently create a safe, challenging, and joyful learning environment, where all individuals are treated respectfully and are valued members of the school community. Student voice and choice are very important. All students at Highland Oaks are given a variety of leadership opportunities on a daily basis which fosters independence and builds self-confidence. The philosophy of expected behaviors and discipline is to promote self-respect, self-discipline, caring for others, problem-solving, and responsibility in a fair and equitable manner. The parent-teacher-student partnership is an integral component of our school community in support of student academic and social growth. After a collaborative process with staff, students and parents we recently introduced a new vision statement which reads: Highland Oaks; Where Kindness, Leadership and Student Voices Soar.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Highland Oaks School was built in 1949 and is a safe, clean environment for students, staff, and volunteers. All schools in the Arcadia Unified School District underwent complete renovation in 1995–1996. In 2006–2007 Highland Oaks had the roof repaired, the sound system in the multipurpose room upgraded, and the faculty lounge renovated. As a result of Measure I passing by a strong local voter response in November 2006, Highland Oaks School was one of the first schools in the Arcadia Unified School District to undergo major renovations beginning in the winter of 2008. The renovations included a spacious new state-of-the-art library and media center, cutting-edge technology in each classroom to enhance interactive instruction and learning, a new enlarged covered outdoor lunch pavilion, new restrooms, and a new student services building as well as new flooring in every classroom and new double-paned window systems for most classrooms. The multipurpose room has new flooring, restrooms, and new stage drapes. Most renovation projects, including landscaping and a new drainage system serving the entire site, were completed by August 2011. In 2018, the asphalt was re-done and new game lines were striped.

The Operations Supervisor, in cooperation with the principal, works with the custodial staff of two to ensure a clean and safe school. District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and gives high priority to emergency repairs.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: September 2019

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Poor	Small cosmetic patch and painting needed due to normal wear and tear. Work orders have been submitted and the work is scheduled to be completed by the end of April 2020.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	
Electrical: Electrical	Good	
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	
Safety: Fire Safety, Hazardous Materials	Good	
Structural: Structural Damage, Roofs	Good	
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	
Overall Rating	Good	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Mathematics (grades 3-8 and 11)	73	79	75	76	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

The extraordinary success of Highland Oaks School is in large part due to its tradition of strong parent support and participation. Last year volunteers logged a total of 8,000 hours! We have many opportunities for parents to participate in the life of our school, and we depend on parents to keep many enrichment programs running smoothly. Parents organize and teach the art docent program and the Foundations in Art for each classroom. They also provide outdoor Rockin' Recess activities for students. Parents who wish to become a volunteer can contact the school office at (626) 821-8354.

Parents are active participants in our School Site Council, which works with the administration to help make decisions on the School Plan for Student Achievement and School Safety Plan. Parents of English Learners are vital to our English Learner Advisory Committee (ELAC) and to our outreach efforts on behalf of new families.

Room parents organize parent volunteers to help with PTSA activities, special projects in the classroom and chaperone on field trips. Parent volunteers sponsor cultural- and curriculum-based field trips and buy books for the library, playground equipment, and computers for classrooms through parent-organized fundraisers. The PTSA sponsors community builders such as First Day Coffee, Hawk Walk, Spring Carnival, and Family Fun Nights. We invite all parents to attend Back-to-School Night in the fall, Open House in the spring, and student-led conferences.

Additionally, our parent community maintains a "Designing Dads" organization which provides support to our extraordinary Performing Arts Program. If interested in more information on Designing Dads, please contact the school office.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed by the Safety and Disaster Committee, which consists of classified staff, teachers, and the principal. The committee sets goals for the school to continually improve in 3 areas: School Climate (Students, Parents, and Programs), Emergency Preparedness (Disasters and Crisis), and School Environment (Facilities and Campus). The plan addresses various safety issues, including creating procedures that detect and prevent bullying, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The Comprehensive School Safety Plan is updated each year and approved by the School Site Council and the Board of Education. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held four times a year, and intruder/lockdown drills are held at least once a year. Staff members also receive disaster training on a regular basis.

To ensure student safety, teachers, administrators, and school proctors supervise students on campus before and after school, and during breaks and lunch. Highland Oaks Elementary School has a closed campus, and permission is always required for students to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must wear the proper identification badge at all times.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

Federal Title II funds support two intervention teachers who meet with small groups of students throughout the day to support reading, writing, and math.

Our PTSA raises funds to help pay for field trips, library books, scholarships for overnight field trips, and classroom technology through the Hawk Walk, restaurant nights, and direct donation. Our Designing Dads parent organization raises funds to support our Performing Arts Program, music education, and cultural arts experiences and enrichment for all students. Professional development opportunities for teachers and character programs are funded by the profits of scrip purchase by our parent community and with the support of the Arcadia Educational Foundation.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	4	4	4

Under the current Local Control Funding Formula, districts like Arcadia Unified School District, with low numbers of unduplicated students receive far less ongoing money to implement the California Academic Standards compared to neighboring districts with greater numbers of targeted or “unduplicated” students (low income, English Learners, or foster youth). These high unduplicated count districts receive supplemental and concentration grant monies to purchase materials, hire consultants, and pay for hours of professional development for their instructional and student support staffs.

In the Fall of 2013, the Arcadia Unified School District negotiated an interest-based solution for California Academic Standards implementation with its bargaining units to add three days to the school calendar for two years starting in the 2014-15 school year. Negotiations produced an agreement to spread the three days of additional paid time over seven early release days with development time of 2.5 hours per day built into the schedule. Since 2015, AUSD leadership has negotiated annual agreements with its bargaining units to continue the additional three days for professional development.

In the Spring of 2014, a committee grew out of Arcadia’s Education 21 Task Force called the Collaboration Time Advisory Council (C-TAC) with the task of putting legs to the plan. C-TAC is a representative group made up of bargaining unit members and management team members who were charged with serving as an advisory committee to the District in the implementation of the district-wide California Academic Standards Collaboration Time supporting TK-12 instructional programs both vertically and horizontally, as they made dramatic instructional and curricular shifts.

The commitment from both our bargaining units and management was to build research-based professional development around small collaborative working groups. Each group would be designed intentionally to have a vertical alignment of teachers from TK-12 engaged in the work together.

In late Spring of 2014, the C-TAC committee reached out to all certificated staff to assist with generating ideas for the content of the Collaboration Days. The committee, after reviewing and discussing the many ideas that were submitted and looking at survey data, generated a list of themes which became the foundation of the Collaboration Days and assisted in guiding the development of a Course Group Catalogue. The planning of the Collaboration Days was research based, focused on meaningful work, teacher choice, flexibility, and ongoing commitment. The Professional Development was designed around teacher interests that included creating autonomous choice for teachers and support providers in relation to where they felt they could best contribute their training, talents, interests, and education, by participating in Small Working Groups (SWaG) and engaging with other professionals to continue the real work of implementing the California Academic Standards. C-TAC continues to act as the advisory body for the Collaboration Days, reviewing survey data and requests for course offerings, and considering suggestions for improvements to the program.

Each SWaG is led by a self-selected Facilitator from amongst the various stakeholder groups and has been charged with collaborating both with colleagues at their own site and with fellow professionals from other district sites. Mentor-leaders support Facilitators by providing support throughout implementation of this professional development. The crystal-clear goals of the Collaboration Days include producing a comprehensive and fully articulated Arcadia California Academic Standards Core Curriculum in English-Language Arts and Mathematics; to research and make recommendations for curriculum and instructional shifts towards a more personalized approach to learning in the Social Sciences, Sciences, Foreign Languages, Physical Education, Electives, Visual and Performing Arts, Character Education, Technology implementation, English-Language Development, Next Generation Science Standards implementation, Project-Based Learning, Innovative Instruction, Google Classroom and various online and Open Educational Resources, and Special Education from a Transitional Kindergarten to Grade 12 perspective. Data continues to be collected from the SWaGs through group evaluations and is then disaggregated and shared through various modalities to each stakeholder group.

In recent years, additional professional development resources have been designated for Mathematics and English-Language curriculum development and 21st Century instructional skill development, including National Council of Teachers of Mathematics (NCTM) conferences, Thinking Maps, and Write From the Beginning, in support of California Academic Standards implementation, Illuminate data and assessment system, AVID, Advanced Placement, and Next Generation Science Standards. At the high school level, data indicated that a large segment of potentially college-bound students were not being provided access and opportunity to pursue honors and college-level courses, as their high-achieving classmates were. Leadership worked with teachers to engage in professional development around the themes of Advanced Placement (AP) open access and equity for all students over the past two years. Professional Development resources have been designated to send teachers, counselors and leadership to the local and regional College Board/A.P. Forums. Continued professional development will be pursued at the national level.

Full implementation of the Advancement Via Individual Determination (AVID) program continues to be a focus of professional development dollars over the past seven years.

Individual school sites have been tasked with working with the Instructional Coaches to conduct professional development around the themes of the California Academic Standards, including rigor, focus, coherence, instructional strategies, shifts in curriculum, pacing and instructional materials, writing instruction and problem-solving. Arcadia Instructional Coaches have become regional professional development leaders by presenting at conferences and through their instituting the San Gabriel Valley Instructional Coaches Consortium.

Staff development topics from 2012–2018 school years have included effective instruction and critical thinking, implementation of the electronic grade book, the California Academic Standards, identification, development and curation of online resources, pedagogical shifts, brain research and Universal Design for Learning (UDL) and Innovative Instruction.
