School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

McDowell Elementary School is a TK-6 school located in Petaluma, 40 miles north of San Francisco. Our school is one of seven elementary schools in the Petaluma City Elementary School District. We are served by a board of education that also governs the Petaluma Joint High School District. McDowell serves approximately 260 students.

McDowell's campus is a place of learning for more than just elementary students. From parenting support by Petaluma People Services to a full time guidance specialist, from a free and confidential Family Resource Center to adult classes offered through Petaluma Adult School, McDowell is a place of care, community, and learning for all! We also partner with organizations such as Mentor Me and welcome volunteers to our campus.

Our school is dedicated to equipping students with 21st century skills of communication and critical thinking. Every student has access to an iPad for learning, where they are supported to learn various apps and programs that support the development of these skills. Experienced teachers integrate problem-solving into their daily instruction, and promote student engagement through Academic Conversations (Zwiers and Crawford 2011).

McDowell students experience a rich curriculum aligned with the Common Core State Standards. With over a century of experience between them, our wonderful classroom teachers differentiate and scaffold learning for their learners, realizing that all students have different strengths and needs. Our English Learners benefit from integrated and designated language instruction, multiple bilingual staff, and social studies content embedded into weekly Spanish language classes. Our students with special needs and challenges are supported through intervention programs that provide push-in and small group support. All students at McDowell are supported to achieve!

McDowell families get involved in campus life in many ways. Parents receive information about their child's educational program through principal newsletters, report cards, parent-teacher conferences, Parent Teacher Association (PTA) meetings, ELAC (English Learner Advisory Committee) meetings, and classroom newsletters. Some teachers communicate with parents via apps like Class Dojo and Remind. Our fully bilingual front office staff helps our families stay connected to all the wonderful things happening on campus.

We are very united by our vision statement: All McDowell students are actively engaged learners and communicators. Our school community supports bi-literacy, compassion, critical thinking, academic achievement, and contribution to our global society.

Our school community is dedicated to our four core values: respect, responsibility, compassion, and perseverance.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	25	28	56	56	50	50
Mathematics (grades 3-8 and 11)	28	25	50	52	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

All stakeholders in the McDowell Community feel that the involvement of families in a child's education is critically important. In order to foster positive relationships with families and create an atmosphere of learning and growth for all family members, McDowell's program provides:

Activities designed to involve parents in the McDowell community: Back to School Night, English Learners Advisory Committee (ELAC) meetings, bilingual PTA meetings, Cafecitos (Coffee with the Principal), Open House, and community building events such as El Día del Niño, Fiesta Navideña, and Walk-a-Thon.

Information regarding students' progress: fall and spring Parent-Teacher conferences, report cards, school newsletter, and classroom newsletters.

Parent participation opportunities: volunteering in the classroom, chaperoning field trips, and PTA and ELAC membership
Information about/consultation on program: School Site Council, ELAC, Cafecitos coffee with the principal

100% of correspondence and events conducted in English and Spanish to ensure accessibility, with translation services provided in all meetings and conferences.

McDowell's Family Resource Center is located on the school campus and facilitates supports throughout the community for McDowell parents. Redwood Empire Food Bank, Petaluma Health Center and the St. Joseph Health System are community partners with McDowell School.

For more information on how to become involved, contact Principal Lauri C. Anderson at (707)778-4745.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Safety plan: The safety plan was last reviewed by School Site Council in 2019, and is on the agenda for review again in February 2020. It was updated to reflect more detailed protocols and RESIG recommended naming conventions, as well as procedures for Special Day Class students in the event of an evacuation. We identified areas of pride and strength, which include a consistent focus on our four McDowell values and the “closed campus” at our school, with 100% containment during school hours to ensure student safety. Areas of improvement included updating emergency rosters, replenishing red emergency provisions bags for each classroom, and practicing drills at less common times and during less common activities.

Emergency Procedures: The McDowell School Safety Plan, which includes an emergency procedures and operations plan, is reviewed by staff and parents at School Site Council meetings, and by staff at staff meetings. It incorporates all of the recommended procedures of the State and District. Monthly fire and evacuation drills are held, with the other 4 other emergency protocols including shelter in place, drop cover hold on, and lockdown, practiced multiple times per year.

Student Uniform Policy: In Fall 2012 McDowell School adopted a school uniform policy. The purpose of this policy is to ensure that clothing and footwear support student safety and success, and to encourage pride in our respectful and responsible community. The uniform policy is updated annually by School Site Council, and has included exemption options and a Friday free dress day since 2017.

Procedures for Safety of Students on Campus: Supervision of students begins at 7:55am in the Multi-purpose room for breakfast service. Supervision on the yard begins at 8:10 A.M. Students are supervised before, during (recess), and after school by teachers and classified staff on a rotating schedule. School employees supervise the playground and eating areas. Students are not permitted to leave school grounds during the school day, unless permission has been granted for field trips. Students arriving after the start of school must check in at the office. The campus is completely fenced and visitors to the campus are directed through the main office where they sign in and take a visitor’s badge. Parents must sign out students in the school office if leaving prior to the end of the normal school day. Parents are required to follow specific procedures for vehicular traffic when dropping off and picking up students. All of these procedures are included in the McDowell family guide and handbook.

Safe and Orderly Environment: Our belief is that the safest and most orderly environment results from students actively participating in their learning. To that end, teachers develop curriculum that meets instructional objectives, engages students, and includes processes for assessment and evaluation. Our teachers ensure that each student is part of our school community. We believe that students connected to the school are better citizens.

School Discipline, Rules and Procedures: Students at McDowell exhibit behavior that is consistent with our four McDowell values of respect, responsibility, compassion, and perseverance, and our overall philosophy: “Is it safe? Is it respectful? Is it responsible?” School wide behavioral expectations are established for students, and individual classroom rules are also established with the participation of the students. Strategies for promoting positive behavior include restorative problem-solving models utilized by principal and full-time guidance specialist, active communication among staff and families, and monthly recognition assemblies for our four McDowell values: respect, responsibility, compassion, and perseverance.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	5	4	4

Five (5) professional development days were built into the work year calendar for the 2016-2017 and 2017-2018 school years. For the 2018-2019 school year there were four (4) professional development days. District staff were surveyed to collect teacher professional development interest/need. The area of highest interest/need were selected as topics for the professional development days. Professional development days were divided into elementary and secondary topics, and the PD was delivered in a workshop model with a variety of sessions offered. Some of the workshop sessions offered included, math implementation, site-level collaboration, technology support, Maker/3-D printing, inquiry and project-based learning, effective influences on student learning, classroom management, accessing/discerning reliable information, and environmental literacy. Teachers also attended workshops, trainings, and conferences provided by the Sonoma County Office of Education, among other outside providers. To support implementation, several committees have been formed and meet regularly to plan for continued teacher support. The K-12 Curriculum/Staff Development committee met and planned the professional development days. All teachers participated as members of Professional Learning Networks (PLNs) and met monthly to further their collaborative work. Teachers also are provided time on early-release Wednesdays district wide for teachers to participate in collaboration, professional development, and staff meetings.

Teacher professional development plans at McDowell incorporate the interests of certificated staff at present, including mindfulness education, technology integration through CUE and Google Apps for Education, assessments and progress monitoring for Tier 2 intervention and special education programs, supporting and celebrating English Learners given the new EL framework and Roadmap for California, and supporting student organization and executive functioning. Professional development on these topics is delivered as outlined above, ranging from individual attendance at conferences to ongoing participation in online courses, district-wide professional learning networks to school-based collaboration meetings.
