School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Orange Grove Elementary School's Mission Statement

The mission of Orange Grove is to maximize the academic potential of all students to develop confident and responsible life-long learners.

Orange Grove's Vision for Success

At Orange Grove, our students are responsible and academically successful in a rigorous, enriching, and engaging learning environment.

School Profile

Orange Grove Elementary School serves approximately 630 students in TK through grade six. In 2018, a TK Dual Language Immersion (DLI) classroom in Spanish was started. The DLI instructional program will continue to grow as students promote from grade to grade. It was established in 2006 and currently has a certificated staff that includes a music teacher, curriculum coach, intervention teacher, Resource Specialist teacher, Speech and Language Specialist and a counselor. In addition to administration, there is a part-time school psychologist, nurse, and a part-time Behavioral Health Assistant.

Our instructional focus is on utilizing Explicit Direct Instruction and scaffolding strategies that support all students, including English learners, across all curricular areas to ensure all students have access to a well-rounded curriculum. There is an emphasis on developing language and problem solving skills by providing ample opportunities for Academic Discourse and the use of Standards for Mathematical Practice. We continue to focus on implementing Thinking Maps effectively and Write from the Beginning and Beyond. We are in the process of establishing a strong focus on using Positive Behavioral Interventions and Supports (PBIS) to teach our students about expected behaviors that promote respect, responsibility, and safety.

In 2018 Orange Grove fully committed to implementing STEAM instructional programs and practices that are integrated throughout the curriculum. Our students and staff are active participants in the 100 Mile Club.

Identified Gifted and Talented (GATE) students in grades 3-6 participate in a program purposefully designed to meet their learning needs. All have an Individualized Learning Plan that outlines instructional goals and strategies to ensure appropriate levels of rigor. Special education students have an Individualized Education Plan (IEP) which guide their instructional support in their regular classroom as serviced by the RSP teacher and Speech and Language Specialist. A Collaborative Kindergarten class provides an inclusive environment for students with IEPs in a general education environment.

English Learners' progress in English is closely monitored by classroom teachers, all of whom have the CLAD or BCLAD certification.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Inspection Date: 09/23/2019

Average Percentage of 8 categories evaluated: 98.27% Overall rating: GOOD

General: The District takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. Safety inspections take place on a quarterly basis at all sites. Below is more specific information on the condition of the school and efforts made to ensure that students are provided with a clean, safe, and functioning learning environment.

Maintenance and Repair: District maintenance staff ensures that repairs necessary to keep the school maintained and in working order are completed in a timely manner. An electronic work order process is used to ensure timely and efficient service. Emergency repairs have highest priority. A maintenance worker is assigned to the site, and is usually on campus once every week. No emergency repair needs exist at this site.

Cleaning Process and Schedule: The District has standard cleaning procedures and guidelines used at each school site. Cleaning schedules are developed jointly between the principal and custodial staff to ensure a clean and safe school. Since January of 2006, the District has implemented the "General Deep Cleaning" crew procedure. On average, once every 10 months all schools are being deep cleaned on a rotation schedule.

The District's completed deferred maintenance plan is available at the Operations Center at 1411 S. Anaheim Blvd. Anaheim, CA 92805.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	14	23	25	28	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents are an important part of Orange Grove Elementary School. Their involvement is valued and encouraged. A part time community liaison connects parents to classrooms and community resources. In an effort to support student achievement, parents participate in presentations and trainings. Parent involvement programs offered at Orange Grove Elementary School include:

- Preparing for Parent Teacher Conferences presentations,
- Healthy Living/Nutrition presentations,
- Thinking Map Classes,
- Family Fun Days,
- 100 Mile Club,
- Parent Teacher Association (PTA),
- District English Language Advisory Committee,
- School Site Council, and
- parent volunteers.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Most recent review date: 11/15/2019

Each year Orange Grove School reviews and updates its comprehensive School Safety Plan and forwards a copy to the District's Risk Management Office who then submits the School Safety Plan to the Board of Education for approval. Before adopting its comprehensive School Safety Plan, the School Site Council/School Safety Plan Committee holds a public meeting at the school site for input about the school safety plan. The School Safety Plan covers four components:• Personal characteristics of students and staff• The school's physical environment• The school's social environment • The school's culture

The school safety plan is a public document and will be readily available for inspection at the school site and at the district office.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	2	2

The vision of AESD is to create an exceptional learning environment that engages, challenges, and supports all students so that they thrive and achieve their academic potential every year, while preparing them to pursue college and career opportunities to become competitive global citizens. The vision for e²STEAM-D (equitable and engaging science, technology, engineering, art, math and dual language immersion) education in Anaheim Elementary School District is to empower school communities to integrate science, technology, engineering, arts, mathematics, and Dual Language Immersion through the process of critical thinking, communication, creativity, and collaboration to foster innovation not just for today, but the future.

Core Strategy: In order to increase the achievement of all students and close the achievement gap, all professionals will build meaningful student relationships and collaborate in data-informed learning communities to ensure the engagement of all students in a rigorous curriculum.

Professional Learning is offered in a variety of flexible formats and structures to meet the diverse professional and personal needs of teachers. Such structures include both in person and virtual training and are offered after school, during off track time, on Saturdays and/ or through the provision of a substitute when possible. Additionally, all schools are provided with on site specific professional development as needed through district curriculum specialist and off site conference attendance. Job embedded professional learning is provided by a site instructional coach and/or facilitated through both peer learning opportunities. All schools have a full time instructional coach who facilitate a student centered coaching framework and maximize individualized professional learning for teachers through lesson studies, co-planning/teaching, PLCs, peer learning walks and provide professional learning.

Professional Learning areas of focused are identified through analysis of both formative and summative data. All unduplicated student groups ELA and Math summative data as reported by summative and interim CAASPP test items indicate a gap of achievement from the standard met indicator.

To meet these identified students needs the following professional learning has transpired:

2019-20

- All Second and Third grade teachers will have participated in a one day training on implementing Guided Reading in small groups as a complement to the district adopted English Language Arts Curriculum.
- All Second and Third grade teacher will have participated in a one day training around differentiated small group instruction.
- Teachers in grades 4-6 will be afforded the opportunity to participate in a one day training around differentiated small group instruction.
- Selected schools and teachers in Grades K-2 will be trained in Cognitively Guided Instructional strategies.

2018-19

- All Kindergarten & First grade teachers participated in a one day training on implementing Guided Reading in small groups as a complement to the district adopted Benchmark curriculum-based skill instruction.
- All Kindergarten through Second grade teachers participated in a one day training around differentiated small group instruction.

2017-18

- All staff, certificated and credentialed, received training in responding to students with Adverse Childhood Experiences (ACEs) including use of Restorative Circles to support the district's instructional focus of social emotional
- All certificated educators participated in two days of professional learning around the the ELA/ELD Framework and our newly adopted Benchmark Advance Curriculum Materials. Day 1 focused on the five key themes of literacy and language in the CA ELD/ELA framework in addition to familiarizing themselves with the newly adopted ELA materials, instructional supports (i.e. objective, concept development, scope and sequence), pacing and assessment and technology. In day 2 participants explored how to use the framework to inform how best to use the new ELD curriculum as a tool to teach the ELD standards during Designated ELD.

Job embedded professional learning through peer support is orchestrated and provided by on site coaching opportunities. All schools have support from a full time or half time Curriculum Coach and shared Digital Learning coach to help apply professional learning through co-plan/co-teach opportunities, lesson studies, grade level calibrating and planning, peer learning walks and modeling of effective delivery of instruction.
