## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

**Year and month in which data were collected:** September 2018

Textbooks and instructional materials were selected from the most recent list of standards-based materials adopted by the State Board of Education (SBE) for grades K-8 and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Materials are available to 100% of our pupils. Zero percent (0%) of pupils in this district lack their own assigned textbooks and instructional materials.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Hollywood Beach School is highly suited as a learning environment. The facility is safe and clean, and there is adequate space for the number of staff and students at the school. The custodial staff and the groundskeeper work collectively to ensure the building and grounds are clean and free of litter and graffiti. Together, school and District personnel work to ensure that the facility is maintained in a manner that assures it is clean, safe and functional as determined pursuant to an interim evaluation instrument developed by the State of California Office of Public School Construction. Signs are posted to inform residents that skateboards, bikes, and dogs are not allowed on the campus.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	57	57	28	29	50	50
Mathematics (grades 3-8 and 11)	44	49	18	18	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

Hollywood Beach School thrives because parents are committed to the success of this school. Parents participate in all aspects of the school program. Formal opportunities, such as the Hollywood Beach Parent Teacher Association, provide parents with leadership roles. Parent volunteers both in and outside the classroom are mainstays at Hollywood Beach. Teachers coordinate the use of volunteers in their rooms and many parents remain “on call” to assist whenever and wherever needed. Parents always support their children by attending field trips, performances, and extra-curricular activities. Our on-line web site allows parents to see what is happening at the school on a continual basis. The staff encourages parents to stay involved in the academic progress of their children by regularly reviewing homework assignments, classroom assessments, and by encouraging children to read every day. Our Accelerated Reader program allows parents to view their child's progress report on-line to see what types of books are read, and how often they are reading. Contact the principal at (805) 986-8720 for information about how to become involved at Hollywood Beach School.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;

### School Safety Plan (School Year 2019-20)

The Comprehensive School Safety Plan is a step-by-step guide for managing safety-related issues at Hollywood Beach School that is reviewed and updated every year. The plan includes the results of a needs assessment and a plan for improving safety issues at the school. Key elements of the plan include C.H.A.M.P.S. (Conversation, Help, Activity, Movement, Participation, Successful Students) Positive Behavior Support System, frequent fire, earthquake and evacuation drills, and emergency and supply kits that are provided for each classroom. Lock-down drills are conducted with the local police department to simulate an active shooter event.

Our school safety plan was last reviewed and updated on February 6, 2019 for the 2019-2020 school year by our School Safety Committee. It will be discussed at a future staff meeting, and updated.

### Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

Administrators, teachers and paraprofessionals participate in professional development focused on the California Common Core State Standards in order to improve their skills in teaching and assessment of student learning. The primary focus areas are instruction of grade-level content standards, intervention strategies for students who have not mastered standards, and assessment of student progress.

The primary area of focus for the most recent three-year period was:

- English Language Arts
- English Language Development
- Writing
- Mathematics
- C.H.A.M.P.S. Program (Conversation, Help, Activity, Movement, Participation, Successful Students)

Professional development is offered during the teaching day, on three student-free staff development days, during summer institutes, after school, and on weekends. Substitute teachers are provided and the negotiated hourly rate is offered for attendance.

During the school year, teachers are supported by classroom observations, staff meetings, and grade-level/content area collaboration. Professional learning agendas are based on student achievement data and teacher input. In reading/language arts and mathematics, student performance data is ongoing and evaluated using a common assessment. A Student Progress Report aligned to the California Common Core State Standards is sent to parents at the end of each trimester.
