Principal's Message

The School Accountability Report Card (SARC) is issued annually for each public elementary, intermediate and high school. It provides parents with a variety of information about the school. As you review this SARC for Temperance-Kutner Elementary School (TK), you will discover an emerging picture of a school targeted on student achievement and supported by strong character development. TK's faculty is professionally skilled and committed to meeting the learning needs of all students. The student body is motivated to perform well, and the community is supportive of the school's educational programs. Our students excel in positive character and are dedicated to be the best they can be at all times.

At TK, we have exemplary programs and strive to recognize each individual's achievements. We support and nurture all students and create a caring and supportive environment. We welcome all new and returning TK students, families, community members and staff to our school and thrive on the energy, spirit and hard work everyone contributes to be our best.

TK is one of the most culturally diverse elementary schools in the Clovis Unified School District (CUSD). The educational programs and exceptional staff provide successful learning opportunities for all students in such a manner that TK students continue to excel. You may request additional information regarding the SARC by calling the school office at (559) 327-8100.

Sincerely,

Kathy Blackburn

Principal

School Mission Statement

To be a quality elementary school providing our students with the academic, social and physical skills to be the best they can be, pursue college and be productive members of our society.

School Vision Statement

We believe all TK students can achieve and be successful. We believe our staff has the ability and the means to ensure each child's success. We are committed to working together collaboratively and efficiently to em-power and motivate our students to develop their full potential and be the best they can be.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Clovis Unified School District sets a high priority upon ensuring there are sufficient textbooks and materials to support the district's instructional program. CUSD Board Policy Number 3301 establishes criteria and procedures for the adoption of all textbooks. All K-8 textbooks purchased have been approved by the State Board of Education and adopted by the Clovis Unified Governing Board. Textbooks and instructional materials purchased for grades 9-12 are aligned to the state content standards and adopted by the Clovis Unified Governing Board.

The Department of Supplemental Services continues to support the school sites with funding that allows for the purchase of supplementary instructional material for our students, including English learners in grades K-12. The supplemental material is designed to accelerate pupils as rapidly as possible toward grade-level proficiency in the core subjects of English-language arts, math, social science and science. These supplemental materials are used in addition to the basic reading/language arts and other core materials provided for every student and are correlated to state content standards.

School Facility Conditions and Planned Improvements (Most Recent Year)

TK is more than 60 years old and has been maintained in a highly efficient manner. We provide a clean, safe learning environment for our students. Our custodians perform basic cleaning operations daily and maintain the grounds and buildings in an exemplary manner. In addition, deep cleaning is conducted two times a year at our site. A committee of parents, along with a representative from TK's student government, inspects the campus grounds and restrooms on a regular basis to provide feedback on the care of our facility. When asked to grade how well the buildings and grounds are maintained at their child's school, 99 percent of parents rated "satisfactory" or better. Security cameras and extended lighting in the evenings has helped to reduce the flow of unwanted traffic on campus, and through increased community awareness, pride and an open-campus policy, we have been able to keep vandalism and burglary low. Security gates, parking areas, a new phone system and fire extinguishers have all been installed for additional safety and security.

Temperance-Kutner grounds span more than 20 acres and accommodate 24 permanent classrooms and 11 portables. The site includes a library media center, computer/technology lab, athletic fields, conference room and staff work space. Regular cleaning and maintenance takes place to ensure that the school is safe and in good repair. The site custodial staff includes the plant supervisor and three support personnel. District grounds and maintenance personnel help to perform the many tasks to keep the site in exceptional condition. The play yard and equipment are regularly checked and serviced, helping to keep the grounds safe and looking nice. Supervision is provided for safety and security purposes before, during and after school hours.

A bond-measure sponsored modernization project was completed in April 2015, including the finalization of the new administration building, conference room and psychology office. Solar panels have been installed in order to produce consumable energy and save our district money. We have operating solar panels in both of our parking lots and at the south end of our field. Regular maintenance and annual deep cleaning are planned to keep the facility meeting the high-quality expectations CUSD is known for.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

ELA	51	49	71	73	50	50
Math	46	46	58	59	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Parent involvement is valued, respected and encouraged at TK. We believe involved parents have a positive and significant impact on our staff, students and school community. Parents may elect to volunteer in classrooms, chaperone study trips and support co-curricular activities. We provide the parent involvement policy to parents annually.

TK also offers multiple opportunities to provide input and feedback and get involved. The School Assessment Review Team (SART), Parent Teacher Club (PTC), English Learner Advisory Committee (ELAC) and School Site Council (SSC) are all groups available to families and community members to be a part of at TK. All committee meeting dates and times, agendas, minutes and general information are readily available in the weekly school newsletter and on our website.

For more information on how to become involved, please contact the Parent Teacher Club president, Kristine Sorrells, at (559) 327-8100.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Temperance-Kutner's Comprehensive Safe School Plan is reviewed in August of every year, and our staff and school site council approve the final document. The Safe School Plan was last updated and discussed with the school faculty in December 2019. Key elements of the plan include monthly safety drills and crisis-intervention plans. To supplement the Safe School Plan, an Emergency Procedure Guide has been developed. Students, staff and parents are all involved in meetings to discuss, evaluate and practice all school emergency procedures and programs. In the event of a major school emergency, staff members would proceed to follow established plans and successfully evacuate all students from the site. Communications systems, emergency care provisions and community services have been well planned in the event of a serious site emergency.

In addition to the emergency plan, student behavior and complaint policies are also posted. The suspension and expulsion policy is outlined in the Safe School Plan, along with discipline procedures and the discrimination and harassment policy. Students are involved in safe school programs dealing with bullies, drugs, healthy lifestyles, making good choices, Positivity Project, and the Character Counts! Six Pillars of Character. All of these programs help make TK a safe and caring place for all individuals.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	5 days	5 days	5 days

Staff development is an integral component for improving student achievement. Extensive time and effort has been put into training on Balanced Math, reading and comprehension strategies, structured engagement, and English language development.

Professional development is based on student, teacher and district needs and programs. Our site focuses trainings and staff development around the assessed needs of students and teachers. The staff is actively engaged in on-site staff training sessions each month and can elect to attend additional district trainings that are offered weekly, ranging from classroom technology use to lesson design. Professional conferences and county, state and national trainings are also made available. The focus at TK continues to be around solving mathematical problems. An additional focus this year includes social/ emotional support for staff and students.

The Induction program connects a beginning teacher with a veteran teacher for mentoring and guidance. Support providers commit to providing service to a new teacher for two years in order to help the incoming staff member be successful for students. We have five staff members receiving Induction support.

In order to monitor and assess the effectiveness of professional development, teachers are observed formally and in-formally in the classroom. Reflective conversations take place between teachers, instructional coaches and administration. Teachers can request in-class coaching, opportunities to participate in peer observations, and use district self-assessment tools to advance their own learning. Ultimately, student performance data communicates the overall effectiveness of professional development opportunities offered and applied.

The district focused all professional development activities around five identified needs: first time best instruction, mastery learning, multi-tiered system of supports, implementation of the California Content Standards and NGSS Standards, and cultural relevant understanding. In the 2018-19 school year, the district dedicated five professional development days for certificated staff. Teachers were offered professional development opportunities on staff development days, substitute release days, and on early release days. A variety of after-school workshops were also offered throughout the school year. One hundred mentors and one hundred and thirty-five participating teachers received ongoing professional development and classroom coaching through the CUSD Induction program. In addition, all certificated teachers participated in site-based training and district sponsored training that included: curriculum training, utilization of AVID strategies, Visible Learning, multi-tiered systems of support, and culturally relevant instructional practices.

Types of Services Funded

"Children Are Our Most Precious Resource"

On an annual basis, Clovis Unified School District (CUSD) submits the Application for Funding Consolidated Application and Reporting System for Categorical Aid Programs commonly called CARS. The application is submitted in two (2) parts: Part I, which contains program and demographic information, is submitted by June 1 each year; and Part II, which contains the budget information and additional program data, is submitted by January 31 each year. The categorical programs included in the application are Title I, Part A – Improving the Academic Achievement of the Disadvantaged Improving, Title I, Part C – Migrant Education, Title II, Part A – Preparing, Training and Recruiting High Quality Teachers and Principals, and Title III – Language Instruction for Limited English Proficient and Immigrant Students. Essentially, these funds are designed to assist students in mastering state standards.

Clovis Unified Schools are committed to establishing a true partnership with all facets of the Clovis Learning Community. CUSD values feedback and input. Parents continue to make positive differences in the lives of the children we all support. We know from research that participation in your child's education will not only bring success to your child but other children in the school. Our parents truly make a difference in the lives of Clovis kids!

CUSD is pleased and proud to offer a variety of parent involvement opportunities that improve our overall program. Depending on the type of categorical funding a site may receive, district or school parent councils and committees are required under certain requirements and guidelines. Such advisory committees in the CUSD include:

- School Site Council (SSC)
- English Learner Advisory Committee (ELAC)
- District Advisory Committee (DAC) and School Advisory Committee (SAC)
- District Learner Advisory Committee (DELAC)
- District Migrant Education Parent Advisory Committee (DMEPAC)
- District Indian Education Parent Advisory Committee (IPAC)
- School and District level School Assessment Review Team (SART)
- Intercultural and Diversity Advisory Council (IDAC)
- Local Control Accountability Plan Public Forums (LCAP)

We encourage all parents and guardians to become involved with their child's education at the classroom level the school-wide level as well as the district level. Each school's School Plan for Student Achievement (SPSA) describes the school's basic educational program and the categorical supplementary programs/services that are designed to support student achievement of each and every student. Parental involvement is a necessary and vital part of developing the SPSA as well as our overall program. At the district level, parent committees provide input into each of the site's SPSA and to the District's Local Education Agency Plan (LEAP). If you would like additional information on any of the District Parent Councils or Committees, please call your child's school. The Principal, Learning Director, or Guidance Instructional Specialist (GIS) would be happy to assist you, or go: to <http://www.cusd.com/supplementalservices>.

Listed below are several parent committees that assist with categorical programs and funding.

School Site Council (SSC): All schools receiving categorical funds are required to form a SSC. The SSC is composed of parents, students at the secondary level and school personnel. It is responsible for developing, implementing and evaluating the School Plan for Student Achievement programs. Members serve for two years and are elected by their peers.

FY 2017-18 Expenditures Per Pupil and School Site Teacher Salaries

Level	Total	Restricted	Unrestricted	Average Teacher Salary
School Site	\$5,267	\$799	\$4,468	65,566.05
District	N/A	N/A		\$70,643.00
State	N/A	N/A	\$7,506.64	\$82,403.00

Percent Differences	Unrestricted	Average Teacher Salary
School Site/District		-7.5
School Site/ State	-50.8	-22.8

Note: Cells with N/A values do not require data.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

District Advisory Committee (DAC) & School Advisory Committee (SAC): The entirety of the SSC acts as the SAC. The SAC serves as an advisory committee for the purpose of advising schools regarding supplemental education programs and acting as a liaison for their school community. They serve to share information and comments both at the district and site level. These education programs are supplemental education opportunities that provide services to students who are disadvantaged, English learners, foster youth and/or at-risk. The SSC has approved to designate our SSC pursuant to California Education Code (EC) Section 52852 to function as the School Advisory Committee.

English Learner Advisory Committee (ELAC): All schools enrolling 21 or more English learners are required to form an ELAC. The ELAC is composed of parents and school personnel. The ELAC provides input and makes recommendations to the principal, staff and SSC regarding services for English learners and conducts an annual survey. Members serve for two years.

District English Learner Advisory Committee (DELAC): Whenever there are 51 or more EL students in the district, there shall be a functioning District English Learner Advisory Committee (DELAC). It is important that each school site ELAC elect a DELAC representative and arrange to have that representative attend every DELAC meeting. Currently the DELAC bylaws require each DELAC representative to be 1) a parent/guardian of an EL or former EL (i.e., a reclassified fluent English proficient student) currently enrolled at the site he/she represents, and 2) elected to serve as the DELAC representative by the site's ELAC.

District Indian Education Parent Advisory Committee (IPAC): The CUSD Native American Indian Education Parent Advisory Committee meets four times a year to discuss program issues, services provided, and other needs related to the student achievement of our students, community agencies and outreach programs. CUSD Indian Education Program addresses the needs of American Indian and Alaskan Native students in grades K - 12. The program assists eligible students to achieve at the same challenging state performance standards expected of all students in grades pre-K -12.

Local Control Accountability Plan (LCAP) Forums: CUSD develops an LCAP annually that works to better align the academic plan with the district expenditure plan that is approved by our CUSD Governing Board each June. Parents and other stakeholder groups are invited to participate in the development of the LCAP through participation of school and district committee meetings and community forums. LCAP School, District Meetings and Community Forums are exciting opportunities for all stakeholders and school committees to engage with the District and share their ideas on how CUSD can provide quality opportunities and support for CUSD youth and schools. Community participation and feedback in the forums will inform the District's LCAP's funding priorities over the next several years.

These forums are designed to provide an opportunity for school communities to hear about CUSD's current efforts to support youth and families and to provide input and feedback on future plans and opportunities. Sites also have an opportunity to work together in teams to share new ideas to support identified groups and to plan for site engagement and implementation.

The following is an overview of the categorical funding and programs in CUSD. These funds are further discussed and outlined in each school's SPSA and at the committee meetings.

Rationale

General District funds provide support for the District's base/core curriculum program. Some children have special characteristics, not reflective of the general school population, that affect their success in the base/core programs. Some come from economically disadvantaged homes; some are educationally disadvantaged or lack English language proficiency because they have a primary language other than English. Children, such as those described above, require supplemental services and materials not generally provided through the base/core curriculum program. The needs of our children are identified and supplemental services and materials are planned and targeted to meet their special needs. Categorical funds are to be used to provide the financial support to meet these special needs.

Philosophy

All CUSD schools offer students with special needs the same kinds of high quality learning opportunities and access to the core curriculum in all curricular areas. Categorical funds are designed to support additional assistance to help students succeed in the regular classroom program (base/core curriculum) and address any learning gaps. The focus is on the effective utilization of supplementary materials, personnel, and staff development. Staff development activities are used to improve instructional practices and strategies to increase the ability of teachers and other staff to challenge and assist all students to reach their fullest potential.

Categorical Program Descriptions

After School Safety and Education Funds (ASES): This state funded and administered program provides three-year grant funding to establish or expand after school programs that provide students with academic support and intervention, enrichment opportunities and supportive services to help the students meet state and local standards in core content areas. The purpose of the ASES program is to create additional educational and recreational opportunities for students within the learning community while providing a safe environment for students. The goals of this program are to: 1) improve academic achievement, and 2) provide enrichment opportunities that reinforce and complement the academic program.

1. Title I, Part A (Improving the Academic Achievement of the Disadvantaged): A federal-funded program to provide high-quality opportunities for students in high-poverty schools to meet district and state content and performance standards.
2. Title I, Part A, Title X, Part C, Education for Homeless Children and Youths: Title I, Part A funds provide comparable services to homeless children that assist them to effectively take advantage of educational opportunities as provided to children in schools funded under Title I, Part A. These comparable services shall be provided to homeless children in public and private schools, shelters and other locations where children may live, institutions for neglected children and, where appropriate, local institutions such as local community day school programs.
3. Title I, Part A Equity Performance and Improvement Program: Designed to support and build capacity within school districts and schools to promote equity for disadvantaged student populations in California schools. The CEPIP will build the capacity of school districts and schools in order to implement proven or promising evidence-based program and practices, specially targeted at building equity and narrowing the achievement and opportunity gaps for all underserved students.

4. Title I, Part C (Migrant Education Program): A federal-funded program focused on providing services for migratory students and their families.
5. Title II, Part A (Preparing, Training and Recruiting High Quality Teachers and Principals): A federal-funded program focused on teacher and principal training and recruitment programs.
6. Title III (Language Instruction for English Learners (ELs) and Immigrants): A federal-funded program focused on assisting school districts in teaching English to limited English proficient students (English learners) and immigrants and helping these students meet the same challenging State standards required of all other students.
7. Title IV, Part A Student Support and Academic Enrichment: The Student Support and Academic Enrichment program under Title IV, Part A of the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA) is a federal categorical program contained in the Consolidated Application. These funds are intended to increase the capacity of local education agencies (LEAs) to meet the goals of the ESSA by providing all students with access to a well-rounded education, improving school conditions for student learning, and improving use of technology in order to improve the academic achievement and digital literacy of all students
8. Title VI (Indian Education Formula Grant): A federal-funded program focused on helping Native American/Alaskan Native students meet the same challenging state standards required of all other students.

The goal of the CUSD staff is to create and maintain the best educational environment possible. This can be accomplished with your support and input. If you have any questions, concerns, or would like to become more involved in the educational process at your school, please contact your school principal. Your school can assist you in learning more about categorical programs. You may want to become involved in your school's School Site Council (SSC), English Learner Advisory Committee (ELAC) and/or attend the Annual Title I Parent Meeting. During the fall, each school will send you additional information about these activities. At the district level, we encourage you to become involved with our DELAC. We encourage and look forward to your involvement in the programs we offer our learning community. If you have any questions, please call your child's school or the CUSD Department of Supplemental Services @ 327.0661, additional information may be found @ <http://www.cusd.com/supplementalservices>.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
