School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Description of District

The Visalia Unified School District is the oldest school district in Tulare County. Our family of schools includes 26 elementary schools, a newcomer language center, five middle schools, four comprehensive high schools, a continuation high school, an adult school, a charter independent study school, a K-8 charter home school, and a charter technical early college high school. Over 32,000 students Pre-K to adult are served through Visalia Unified School District.

Description of School

Linwood Elementary School served approximately 550 students in grades TK-6 in 2019-2020. Our teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. The school holds high expectations for the academic and social development of all students. Curriculum planning, staff development, and assessment activities are focused on assisting students in mastering the state academic content standards, as well as increasing the overall student achievement of all student demographic groups.

Linwood Vision and Mission:

1. Implement rigorous curriculum designed to meet and exceed state and district standards for a diverse student population.
2. Provide students with the skills and knowledge to succeed as they progress through their education.
3. Promote an atmosphere of significance and belonging and enthusiasm for achievement.

Linwood Goals:

1. We will engage students in a challenging curriculum and provide them support to be successful.
2. We will support a district-wide collaborative culture for students and adults focused on learning and results.
3. We will maintain a caring and encouraging learning environment for students and adults.

School Mission Statement

- We believe that all students can learn and we have high academic expectations that focus on student success.
- We support an atmosphere that promotes and encourages respect for self and others, pride and high expectations for all students and staff.
- We believe that staff, parents, and students share the responsibility for student success.
- We recognize and appreciate the cultural and human diversity of our students, staff, and families.
- We believe that each child should be instilled with the commitment to life-long learning.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Linwood Elementary School takes great efforts to ensure a safe, clean, and functional physical environment for students, staff, and volunteers. Sufficient space is provided for students and staff to support teaching and learning. This includes space provided by classrooms, playgrounds, and staff work rooms. To assist our school in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Major maintenance and repair projects included painting throughout the school. No other emergency facilities needs exist at this school.

Cleaning Process and Schedule

In addition to custodial staff on duty during the school day, a team of maintenance specialists come in after hours for daily cleaning. District and school maintenance staff work cooperatively with administrators to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Program

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The deferred maintenance program ensures that all class-rooms and facilities are maintained to a degree of adequacy that allows for a good learning environment.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: January 2019

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Poor	Carpets to be replaced, stained ceiling tiles, torn wall paper in nurse office
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	
Electrical: Electrical	Poor	
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Fair	

System Inspected	Rating	Repair Needed and Action Taken or Planned
Safety: Fire Safety, Hazardous Materials	Good	Fire extinguishers being serviced on site.
Structural: Structural Damage, Roofs	Good	
External: Playground/School Grounds, Windows/Doors/Gates/Fences	Good	
Overall Rating	Fair	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	52	51	31	33	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parent involvement and communication are essential to our school success. Linwood Elementary School continually strives to involve parents by sharing information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities.

There are numerous and varied opportunities for parent involvement, including but not limited to, attending school functions (Math night, STEAM night etc), participating in parent-teacher conferences, volunteering in classrooms, attending Coffee with the Principal monthly, and chaperoning field trips. Parents may also serve on advisory committees and leadership teams, including, but not limited to, the Parent Teacher Association, the English Learners Advisory Committee (ELAC), School Safety Committee, School Smarts, PIQE, and School Site Council (SSC). Additional parent training on site includes Kinder readiness workshops and parent classroom teas. Additional opportunities for parental involvement also exist at the district level.

Parents who would like more information on how to become involved may contact Principal, Natalie Taylor at (559) 730-7776.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Safety of students and staff is a primary concern of Linwood Elementary School. Campus-wide supervision ensures students are safe on school grounds before, during, and after school. Entrances to school grounds are secured or monitored during the school day. All visitors must sign in at the office and wear appropriate identification while on campus.

The Comprehensive School Safety Plan is designed to assist in maintaining a safe school environment and preparing for emergencies. The plan requires identification of security needs, development of prevention and intervention techniques, ongoing evaluation of physical facilities, and communication with staff and students. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. This safety plan was approved in October and discussed and reviewed with staff members upon approval. An updated copy is available to the public at the school office.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency preparedness drills are conducted regularly and the school staff is appropriately trained.

Types of Services Funded (Fiscal Year 2018-19)

In addition to general state funding, the district receives state and federal categorical funding for special programs. For the 2018-2019 school year, the district received federal and state funding for the following categorical, special education, and support programs:

Federal Programs

- Title I, Part A, School and District Discretionary Block Grants
- Title I, Part C, Migrant Education
- Title II, Part A, Improving Teacher Quality
- Title II, Part D, Enhancing Education Through Technology
- Title III, Limited English Proficient
- Title III, Immigrant
- IDEA, Special Education - TCOVE

State Programs

- Child Development Programs

State Programs

- Local Control Funding Formula
- Local Control Accountability Plan

The students at Linwood Elementary School benefit from many other great interventions that are designed to address the individual needs of all our students, and they are:

- On site hourly Reading Intervention Teacher for Early Education who organizes and oversees the intervention campaign along with our Education Specialists and paraprofessional aides for students performing below proficiency
- We have a large group of volunteers who provide academic support per a schedule each day
- Our Learning Centers have been created to work with all students specifically identified with a special need
- Many grade levels offer daily and/or weekly deployment opportunities to address the specific academic needs of all students at that grade level
- In addition the Learning Center also functions as a large part of our RTI campaign to be a tool in the academic plan for many of our struggling students
- The school has two staff members (Behavior Intervention Technician and Behavior Intervention Aide) who functions on the campus as advocates for our students who are struggling to connect socially
- The school has a SAFE Tech who monitors attendance and engages students and families with the school

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

The following areas of professional development have been provided to staff: professional learning communities, Climate and Culture-PBIS, effective math and literacy instruction and other areas as indicated by school data. Our district provides professional development based on data from both the district and school level to ensure that areas of need are being addressed. Professional Development occurs at the district, school and classroom level dependent on teacher goals. The district provides Teachers on Special Assignment at all grade levels to provide on-site coaching and support after professional development has occurred.

Support for Novice Teachers: Due to a shortage of highly qualified teachers in our area, twenty percent of Visalia Unified's certificated educators do not yet hold a clear credential and are considered "novice" educators. In response to this challenge and in compliance with the California Commission on Teacher Credentialing, Visalia Unified offers a robust support and training system for these novice educators including differentiated professional development and continuous professional growth opportunities. The professional learning system begins with the New Certificated Staff Summer Institute which is a five-day interactive training offered in August one week before school begins. This training covers classroom management, classroom culture, curriculum frameworks, and lesson design. In addition, a four-day workshop on student engagement and cooperative learning is offered during winter break so that teachers may implement new structures and strategies during the spring semester. All novice teachers receive ongoing support and individualized training throughout the year via weekly meetings with their assigned mentor at their respective school sites. Mentors and district teachers-on-assignment support implementation of new knowledge by providing in-class coaching, collaborating on lesson design, accompanying novice teachers on classroom tours, and assisting with student data analysis to drive instructional decisions. In addition, novice teachers and their mentors attend monthly after school training in action research and are provided time to reflect on their instructional practice. Mentors and teachers on assignment are carefully selected experienced educators trained in how to facilitate the individualized professional growth of novice teachers. Novice teachers who have preliminary credentials participate in the VUSD Teacher Induction Clear Credential Program which is accredited by the Commission and is offered at no cost to the candidate.

Support for Veteran Teachers: Veteran teachers in need of classroom management assistance also have access to one-on-one mentor support as may be needed in the case of a new grade level assignment or challenging class. Visalia Unified also offers a Peer Assistance and Review (PAR) program which is a formal system of mentoring and accountability.

In collaborative teams, teachers meet to review goals, academic performance, and student achievement data. Bi-weekly grade level teams meet as a professional learning community to review data and plan lessons according to state standards and district pacing guides. Early release days provide time for school level activities targeting student achievement and engagement.
