School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Hans Christensen Middle School serves students in grades 6, 7, and 8. The student population is varied both ethnically and socio-economically, creating a unique and culturally rich setting, which can be viewed as a representation of the outside world. At HCMS, students learn to work together, collaboratively in positive teams. Our students understand that teamwork requires respecting differences while maintaining individuality. As a school, we reach out and work in unison with our school and community partners, such as ELAC (English Language Advisory Committee), and SSC (School Site Council).

Collectively, the HCMS staff worked together to create our current vision:

Hans Christensen Middle School will be a place where students and staff feel safe and respected. Through meaningful connections, we will provide an academically challenging atmosphere that fosters creativity through the lens of college and career readiness. With support and encouragement, students will reach their true potential.

Our purpose is firmly cemented in our fundamental belief that with the supports and guidance, both academically and socially, all students can learn and achieve greatness. We strive to provide a productive, positive, and optimal learning environment where all stakeholders are partners in the education and success of our students. We take the education of our students very seriously; it is not merely a job to teach but rather a passionate commitment to educate, transform, and empower students to choose a successful path now and in their future.

At Hans Christensen Middle School, the education, social-emotional growth, and well-being of our students come first. The teaching staff at Hans Christensen is committed to the full implementation of the Common Core State Standards and providing hands-on learning opportunities that promote critical thinking within a welcoming and caring learning environment. Additionally, the HCMS staff understands the adolescent developmental stages of our students and provides guidance and support as our students navigate these formative years. We are passionate about challenging students to excel academically and do so by providing rigorous instruction and fostering real-world connections through various learning opportunities. At HCMS, we work hard to maintain a positive and supportive educational setting as we also focus on PBIS (Positive Behavior Intervention Support) as a foundation for student success. Our staff has been trained in PBIS, and Restorative practices and whole-heartedly engages in positive and productive interactions with students fostering relationships, reflection, and success. Everyone at HCMS follows the ROSE-Respect-Organization-Service-Excellence, a pillar of expectations school-wide. Students are explicitly taught and practice school-wide expectations for both behavior and academics, which contributes to our positive, supportive, and engaging HCMS community. Our passionate and proactive PBIS committee continues to collaborate, analyze data, and reflect on our school culture, allowing us to make decisions and implement strategies for success that are positive, student-centered, and beneficial for all. Intervention and enrichment classes are offered to students in grades 6-8 to support academic and social/emotional growth.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

The school district ensures that students attend clean and safe facilities. The district's maintenance staff follows a comprehensive scheduled preventative and deferred maintenance program to offset costly repairs and minimize disruptions to the instructional program. The district maintenance staff ensures that the maintenance necessary to keep the school in good repair is completed in a timely manner. A work order process is used to ensure services and emergency repairs are given high priority. A complete and thorough facility inspection is done annually to identify future areas to address and prioritize facility needs.

In accordance with Ed. Code Section 17070.75 (e), the district uses a facility inspection system to ensure each of its schools are maintained and in good repair. A work order process is used to coordinate service and to address emergency repairs immediately. A full-time custodian is on campus throughout every school day. A night custodial crew cleans classrooms and office areas daily. The custodial staff has developed a cleaning schedule to ensure a neat and orderly campus.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: January 2020

Overall Rating	Exemplary	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	27	30	43	44	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parent involvement is supported and encouraged through committee work, instructional enrichment opportunities, and inclusion in classroom activities. Opportunities for parental involvement include, but are not limited to, volunteering in the classroom, ELAC, parent workshops, and School Site Council. Other opportunities include parental chaperones at our ASB events, Back-To-School Night, and Open House. Parents are always welcome at HCMS; we encourage parents to visit our campus and classroom as partners in the education of our students. We also invite and encourage parents to attend school-wide events that highlight our students, such as our band and choir performances. Communication with parents is key to our student success. Using our school website, social media, Google Classroom, Parent Connect, and through our auto-calling system, we can communicate events, needs, and school/student information to our parents. All communication home to parents is translated into Spanish.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2019-20)

Each Menifee Union School site completes a Comprehensive School Safety Plan (CSSP), including a disaster preparedness plan annually. A copy of the HCMS Comprehensive School Safety Plan is available for review at the school office. The plan includes emergency procedures for natural disasters and campus intruders. Students, teachers, and staff are trained to prepare for a wide range of emergencies, and frequent drills help to refine emergency skills, policies, and procedures at all school sites. Also, following each drill, specific and intentional feedback is sought from all participants to improve emergency procedures continually, and therefore enhance campus safety.

HCMS staff exercises strict adherence to the district adopted safety/site security protocols, which include a leveled/colored badge system to indicate a person's business on the campus. Any campus visitor is required to check-in using our Raptor system. HCMS Comprehensive Safety Plan is reviewed annually; the entire staff participates in monthly emergency drills and provides feedback.

Finally, school and district administrators immediately investigate threats of harm. Teachers and administrators seek to foster lines of open communication, so students and parents feel comfortable reporting inappropriate activity, including bullying, harassment, or threats. All HCMS staff take a strong stand against threatening behavior or bullying and investigate complaint matters thoroughly.

Our Positive Behavioral Interventions and Supports (PBIS) system teaches and reinforces appropriate student behaviors. We foster social-emotional learning (SEL) skills development in the form of weekly lessons delivered school-wide to all students, supported by curriculum from SecondStep.org. The curriculum establishes high expectations for achievement by all students in every subject area, and students are supported by counseling services that include crisis counseling, peer counseling, and intervention programs.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	2	2	2

As a school district, we are focused on increasing academic achievement in English Language Arts and Mathematics along with increasing school attendance. To this end, our professional development strategy is geared to increase student engagement through the implementation of our district-adopted curriculum and the type of interventions we have in place. Site and district leadership teams review achievement data on state and local assessments to make determinations on staff development and training, to be aligned with yearly goals and projected activities.

MUSD provides two full days of professional development along with additional days as needed per site and data. Additionally, the major areas of focus have been on the adopted curriculum and intervention. State and local achievement data are used to make determinations. This district provides two full days of professional development along with additional days as needed per site and data. Additional days are provided before, during, and after school by either directors, coordinators, or intervention specialists. Additionally, conferences, workshops, Grade Level PLC, and staff meetings are some ways of providing on-going professional growth. Many teachers and administrators continue to take college-level courses to enhance their teaching or administrative skills.
