School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: August 2019

Galt Joint Union Elementary held a Public Hearing on August 28th 2019, and determined that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the state are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy
Reading/Language Arts	Amplify, adopted in 2017	Yes	0
Mathematics	College Preparatory Math, adopted in 2015	Yes	0

School Facility Conditions and Planned Improvements (Most Recent Year)

McCaffrey Middle School was built in 2003. The school currently has 48 classrooms; a multipurpose room with a stage and kitchen; BFLC (Bright Future Learning Center); two technology labs; two music rooms; an ASB room; an athletic field; and a gymnasium. Six portables were added to the campus in 2008-09.

Cleaning Process

Three and one half custodians are employed to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation. The table shows the results of the most recent school facilities inspection.

Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	33	37	38	41	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

School Safety Plan (School Year 2019-20)

The district has developed a comprehensive emergency plan in conjunction with the Galt Police and Fire Departments, which describes specific procedures for all types of emergencies. The plan is updated every fall. An "Emergency Handbook", kept in the office, outlines the plan of action for emergencies such as earthquakes, fires, floods and chemical spills. School sites have an evacuation plan and emergency drills are conducted regularly. Periodic, random school safety inspections are conducted by the Schools Insurance Authority of Sacramento County. All gates remain locked though out the school day with admittance to the campus only though the main office. Visitors to the campus are required to check in and out at the office to receive a badge. Parents are encouraged to volunteer on campus. Safety drills are practiced with Galt PD on a trimester basis to insure students and adults know the course action to take take in an emergency situation.
