School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Temecula Elementary School, built in 1968, is the district's first elementary school located in the heart of Temecula. The school was named a California Distinguished School in 1998, and was named a Title I Achieving School in 2008. Temecula Elementary School's current enrollment for 2019/20 is approximately 600 students in TK-5th grade.

Our Mission:

Temecula Elementary School provides a nurturing environment where children are inspired to become lifelong learners, critical problem solvers, and productive members of society.

The entire staff at Temecula Elementary School is dedicated to providing a consistent, cohesive environment where all students demonstrate mutual respect and acceptance, celebrate cultural diversity, and reinforce the right to learn; high expectations to perform one's own personal best is the standard for everyone. The values and traditions of Temecula Elementary School focus on meeting the changing needs of the diverse student population, fostering awareness and acceptance of cultural diversity, and providing a safe and nurturing environment for all children.

Temecula Elementary school is committed to high quality instruction through a Professional Learning Community, student learning, equipping students to excel as citizens, and ensuring a safe learning environment.

For teacher instruction and student learning, Temecula Elementary will focus on these Essential Questions:

- 1.) What is it we expect our students to learn?
- 2.) How will we know when they have learned it?
- 3.) How will we respond when some students do not learn?
- 4.) How will we respond when some students already know it?

School Facility Conditions and Planned Improvements (Most Recent Year)

TVUSD's Maintenance and Operations division works diligently to ensure our facilities are clean and safe for students, teachers and staff. The district follows a comprehensive preventive and deferred maintenance program to offset costly repairs and minimize disruptions to the instructional program. Daily cleaning schedules ensure that classrooms, offices and bathrooms are clean and well maintained. The District's elementary and middle schools each have one full time lead custodian during school hours. In order to respond to work requests in a timely manner, the district utilizes an electronic work order system. When a site secretary, custodian or administrator has a request, they can put it into the system directly. This makes for a more time efficient processing of work orders.

Temecula Elementary School has a total of 37 classrooms. In addition, the school has a multipurpose room, a library, computer lab, and an administration building. The main campus was built in 1968. In 2003/04 Temecula Elementary School underwent modernization work, removing 14 portables and replacing them with a 15-plex wing which opened in 2004/05. During the summer of 2014, wi-fi was installed campus wide, SmartBoards were added to the 4th and 5th grade classrooms as part of Measure Y. Additionally, exterior doors and locks were replaced, making all exterior doors lockable from the interior. Exterior doors were all repainted. The flooring in the workroom in the multi-plex (Kinder, 1st, and 2nd grade building) was replaced. Maintenance and Operations replaced carpet and painted the 5th grade pod in 2014. Kitchen equipment has been updated. During the summer of 2017, the multi-purpose room was modernized it and the platform replaced, two classroom buildings were modernized and re-roofed, and the administration building and library were modernized.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	35	36	54	55	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents wishing to volunteer may contact the school office or the PTA. Parents are involved in volunteering in the classrooms to assist teachers in preparing materials and working with small groups of students. Parents are involved in the PTA and assist throughout the year in school events. Other opportunities for parent involvement include School Site Council and the English Learner Advisory Committee. Our Title I program also hosts several family events and parent education meetings throughout the year and encourages parents to be involved in reading and educational activities with their children.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

School safety is a high priority for our school and district. Our School Site Safety Plan is a comprehensive plan that encompasses all disaster preparedness procedures and emergency plans. It also addresses everyday procedures and standards that ensure the safety of students on campus. This plan is updated and approved annually by the School Site Council in December. After approval by the SSC, it is presented to staff at a regularly scheduled staff meeting.

Our school is a closed campus that is fully enclosed by fencing. School visitors and volunteers are required to sign in at the front office using the Raptor system prior to entering campus.

A copy of each School Site Safety Plan is also maintained by the Temecula Police Department. Officers can access every TVUSD School Site Safety Plan via laptop computers in their cars. Our School Wide Safety plan was last reviewed and updated in March, 2019 and continues to remain current.

To better prepare our teachers, students and staff for emergencies, our school conducts emergency drills regularly throughout the school year. Education Code mandates that all elementary schools hold a fire drill each month they are in session as well as an earthquake drill at least four times during the school year.

District Commitment to Learning for All Students

The Temecula Valley Unified School District is committed to ensuring that each and every child in its care receives a rigorous, multifaceted educational experience preparing them for the demands of college and career.

TVUSD teachers engage in active staff development throughout the year by attending:

- In-District training sessions provided by staff and consultants.
- Site-based training sessions presented during staff meetings and committee/grade level meetings.
- One on one training provided during formal observations and post observation conferences.
- Staff members are sent to conferences to fine-tune instructional practices in specific areas.
- Teachers with specialized training are given opportunities to train their peers, and provide instructional support as teacher leaders.

Standards Based Instruction

Staff development focuses on implementing the State Standards and state frameworks in English-Language Arts, Science, social science, and Math, K-12. Routine district sessions bring teacher leaders and principals together to devise and refine the curriculum and assessments. Teams began by identifying priority and supporting standards, grouping the standards into units of instruction, and crafting common interim and summative assessments, developing scoring rubrics, and discussing sound grading practices for each course/grade. Leaders return to sites to facilitate their grade level/course teams in reviewing the work, suggesting resources, and providing feedback for the refinement committees.

Collaborative Teams

Teachers are divided into Professional Learning Communities (PLCs) based on content area and grade level. All instructional staff participate almost weekly during professional growth time meeting in their PLC groups to align curriculum, refine teaching strategies, create assessments, analyze student achievement data and transition to New State Standards.
