School Description

Vision Statement: At Buri, all members commit to ensuring high levels of learning in a caring community.

Buri Buri's regular educational program includes ongoing school assessments, including integrated theme and chapter tests, and writing prompts to monitor progress towards improved achievements for under-performing students. Parents are involved during Parent Conference week, PTA information nights, literacy events, and Student Study Team (SST) meetings. Under-performing students receive the following services and interventions in the regular education program:

- Proficiency-based reading groups
- Diversified instruction (involving multiple modalities, flexible grouping, interactive learning opportunities, modifications and individualized lessons)
- Student Study Team individualized plans
- English Language Development program
- Grade level and cross-grade team teaching for specific skills (phonics, leveled reading practice, math, etc.)

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

School Facility Conditions and Planned Improvements

Buri Buri Elementary School was demolished in 2014.

Architectural planning for replacing the entire school occurred during the 2014 school year. Local bond funds will be used. Construction has begun and the new school has been occupied by students in the 2015 school year. A new Multi-Purpose Room has been completed and is occupied as of November 2017. The new Library/Exploratorium has been completed in early 2018 along with landscaping, staff parking lot. This year the new youth baseball/soccer field is being constructed along with the walking track around the perimeter. The expected completion date is in the Spring of 2020.

School Facility Good Repair Status

Using the most recent FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The Overall Rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	64	60	50	52	50	50
Math	61	57	43	44	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

Description of organized opportunities for parental involvement during 2019-20

Parents and the community are very supportive of the educational programs in the South San Francisco Unified School District. The Parent Teacher Association (PTA) plays an active role in the community and at each school site through parent education, fundraising, and special activities. The PTA activities include guest speakers, family events, and holiday programs.

The English Language Advisory Council meets four times a year to discuss school needs, attendance and the English Language Development Program at Buri Buri. Parents of English Language Learners are encouraged to attend. The School Site Council consists of 3 elected parent representatives, 3 teacher representatives, a Classified employee representative and the Principal, and the agendas and the meetings are public.

To learn more about specific opportunities for getting involved, please contact the school principal, Cregg Ramich, at 650-877-8776 or cramich@ssfusd.org

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

School Safety Plan – Most Recent Year

Date school safety plan was last reviewed and updated: September 18, 2019

Date school safety plan was last discussed with school faculty: October 16, 2019

Date school safety plan was last discussed and approved by SSC: October 24, 2019

Brief description of the key elements included in the 2019-20 safety plan:

The School Safety Plan includes an overview of the school's current comprehensive safe school programs and initiatives as well as an annual action plan that addressed the four phases of an emergency planning: mitigation, preparedness, response and recovery. The plan identifies members of the school's emergency response team, their roles and responsibilities, and their lines of communication with the district's emergency response team. Emergency policies and procedures and the location and inventory of the school's first aid and emergency supply kits are detailed. Each School Safety Plan incorporates the state's Standardized Emergency Management System and is aligned with the detailed District Emergency Management handbook. New to the Site safety plans this year are Child Abuse reporting procedures, the SSFUSD Expectations for school Success, and the Suicide reporting procedures and reporting forms.

Buri Buri students are supervised before school by their teachers. During the day, teachers and noon supervisors supervise students in the cafeteria and on the playground. Visitors to the school must sign in at the office where they are provided a visitor sticker to wear. All school staff members watch to make sure visitors are wearing these stickers when on campus. All gates are locked during school hours and visitors must enter in the office to contact any student or visit a classroom or the school grounds.

Buri Buri Elementary School was established at the current site in 1950. There were additions to the campus built in 1951 and 1952. The school has 32 teaching rooms located in six buildings providing education for grades TK – 5. There is a multipurpose room, a library-media center, and administrative offices. The campus includes 25 fully functional communal toilets, which are cleaned daily, or more if needed. Buri Buri Elementary School was replaced, opening new buildings in the fall of 2015 and finished in the Winter and Spring of 2017 with the completion of the new MPR, library, staff parking lot, and exploratorium. This year the new youth baseball/soccer field is being constructed along with the walking track around the perimeter. The expected completion date is in the Spring of 2020. The custodial team of 3 full time employees insures that the facilities are well maintained and a scheduled maintenance program is administered by the district.

The district takes great effort to insure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. District maintenance staff ensures that the repairs necessary to the school in good repair and working order are completed in a timely manner. The facilities work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The district's governing board has adopted cleaning standards for all schools in the district. A summary of those standards is available at www.ssfusd.org.

The district participates in the State School Deferred Maintenance Program, which provided state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and exterior painting, and flooring.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	2	2	3

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

All teachers in the South San Francisco Unified School District have the opportunity to participate in formal, full-day professional development days scheduled as part of the district calendar.

Professional Development days of 19-20 focused on learning a data analysis protocol (Fountas and Pinnell Benchmark Assessment System data).

Staff members were encouraged to attend workshops outside of school and share information and learning with fellow staff members. In addition, the principal used considerable staff meeting time for training on collaboration, engagement strategies, intervention strategies, and provided opportunities for site experts to demo and teach their colleagues.

Types of Services Funded

Peer Assistance and Review; Part A – Basic Grant; Title II, Part A – Teacher Quality; School and Library Improvement Block Grant; Federal, Vocational and Applied Technology Educational Act; Federal Special Education, Entitlement per UDC; Class Size Reduction; Special Education Master Plan; Special Education Transportation; Local Control ; Instructional Materials;

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
