School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Henry Wadsworth Longfellow Elementary School is located in Whittier City, a quaint suburb 12 miles southeast of Los Angeles. Our partnership of dedicated teachers, staff, parents, and community members strive to serve as role models and empower our students to become life-long learners and productive citizens. During the 2018-19 school year, twenty-four full-time teachers, Transitional Kindergarten through Grade Five, provide instruction to approximately 560 students, 15% of which are English Language Learners. All Longfellow School teachers are highly qualified. Our teaching faculty is comprised of 19 General Education teachers, one Resource Specialist (RSP) and four Special Day Teachers (SDC). Our students benefit from additional school staffing which includes: one part-time school counselor, one part-time speech pathologist, one part-time school psychologist, one full-time instructional coach and one part-time community liaison.

At the heart of our instructional initiatives is the full implementation of the Common Core State Standards in particular English Language Arts and Mathematics, Positive Behavioral Intervention System, and 21st Century Skills. All students have access to instructional materials aligned with the expectations of the California State Standards. For the foundation of literacy development, we are using a Balanced Literacy approach such as Interactive Real Aloud, Shared Reading, and Writers Workshop. Eureka Math is the curriculum used in all of our K-5 classrooms, and it is intended to support students in the development of concrete skills, to representational, to abstract. In addition, Longfellow is implementing Leader In Me. It is a whole school transformation process. It teaches 21st century leadership and life skills to students and creates a culture of student empowerment based on the idea that every child can be a leader.

Longfellow School's mission is to ensure that all students learn the academic standards and social skill necessary to succeed in their next level of education. Teachers, staff, parents, and the community will work collaboratively to educate, support and challenge our students in a safe and nurturing environment.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: November 2018

Whittier City School District's policy and practices are designed to ensure that each student has access to standards based instructional materials. California's approval of Common Core State standards led to our decision to purchase instructional materials aligned with the State Standards. Currently, all teachers in grades K-8 have access to math curriculum that supports teaching the CA Common Core Math Standards. Elementary grades use Eureka Math curriculum, which includes student workbooks for all students and Teacher's Editions, while Middle School is using College Preparatory Math (CPM). CPM curriculum includes student textbooks, online textbooks and a Teacher's Edition. The District also purchased the Reading and Writing Units of Study to support reading and writing instruction for all teachers in grades K-8. The Reading and Writing Units of Study are aligned to the standards and were designed to match the rigor of the new CA Reading and Writing Common Core Standards. The District also purchased classroom libraries for each grade level to support the diverse reading abilities in each classroom. Curriculum was purchased to ensure students acquire the foundational reading skills needed for early literacy skills. Phonics, Spelling, & Word Study System by Fountas & Pinnell was purchased for grades K-3 to help students attend to, learn about, and efficiently use sounds, letters, and words. In addition, Classroom Shared Reading materials by Fountas & Pinnell were purchased for grades K-2 to help build a strong early reading foundation. A process is in place for schools to order materials at the beginning of each school year for all students. In addition, there is a process to order additional materials throughout the year to address the changing needs of a schools student population, and on an "as needed" basis. Each school site is responsible for notifying district staff when new students register for classes so appropriate materials can be ordered. Our school complies with the Williams Law; every child has an appropriate textbook for all academic subjects requiring textbooks. Students are allowed to take textbooks home to study after school when needed. The school uses district and categorical funds to provide supplemental materials for classrooms including classroom library books, as well as materials for intervention and ELD. Finally, WCSD has an established a thorough process for examining new instructional materials as they become available. With the full implementation of the California State Standards, the District will use the process to examine, explore, pilot and adopt new curriculum materials aligned with the CCSS, with input and feedback from teachers, administrators and parents. Based on the recommendation from the Department of Education, WCSD plans to carefully examine "Open Source" materials as well to ensure that the most appropriate materials are identified for our students.

School Facility Conditions and Planned Improvements (Most Recent Year)

Longfellow Elementary School offers a safe and secure campus where students, staff and visitors are welcomed. In 2013, Longfellow School had a new roof installed and the front office was modernized. A new electronic marquee was installed in the fall of 2014. The school is fully air-conditioned and provides up-to-date facilities and adequate space for students and staff. Longfellow Elementary is comprised of a kindergarten area, library, large multipurpose room and 32 classrooms. The school also enjoys a spacious playground with swings, a slide and play bars, as well as grassy fields for running, sports and games. A team of 3 custodians (1-day and 2-night) ensures that classrooms, restrooms and campus grounds are kept clean and safe. A scheduled maintenance program is administered by the Whittier City School District to ensure that all classrooms and facilities are maintained appropriately. Longfellow School has been identified as a Williams school and has been inspected to ensure that the school complies with the William's requirements.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	36	43	38	40	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents and other community members are integral partners in accomplishing our school vision and mission. We believe that through these partnerships, all children will acquire the foundations of an enriching education and the social qualities and character traits needed to be responsible citizens and contributing members in our society. Our school welcomes and encourages parents to visit, volunteer, attend parent education sessions and to provide input for decision-making.

Along with parent committees and councils (i.e., School Site Council, PTA, and ELAC), there are myriad school events that parents can volunteer and attend. Parents also have the opportunity to attend our yearly Harvest Festival in the fall, our Family Night in the spring, the Read Across America Community Read-in, PAWS Parent Workshops, Technology Days, student orientations, guided tours, Back to School Night, Trimester Awards ceremonies, Student of the Month assemblies, Winter program, Coffee with the Principal, and more.

To further enhance our parental engagement, this year we are training a Parent Leadership Team comprised of school personnel and parents to serve as a forum to discuss, brainstorm and give input on ways to positively impact student achievement and improve their child's educational experience. Finally, Longfellow Elementary School houses the District's Parent Room, where DELAC, ELAC, parenting classes, and other parent meetings take place. Throughout the school year, a variety of parent education sessions are offered with our partnership with Pro Whittier. Topics are selected based on an annual parent needs assessment conducted at School Site Council and ELAC meetings. The topics range in scope but are appropriate for parents of elementary school children.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

In addition to providing an enriching educational experience, Longfellow is committed to the safety and security of each student. To maintain these conditions which contribute to the best possible learning environment, the School Safety Plan includes the following elements:

1. **School Crime Assessment:** Longfellow provides compiled school crime information each month for the California Safe School Assessment as mandated by the State of California. This information is analyzed at each school site to determine what steps may be taken to reduce incidents of crime.
2. **Child Abuse Reporting:** Teachers and other school employees are required by law to report any cases of suspected child abuse or child neglect. Reports are investigated by the Department of Social Services to determine if any follow-up on the report is necessary.
3. **Disaster Procedures:** In order to ensure the safety of students and school personnel, the school safety committee has created a comprehensive Disaster Preparedness Plan which is reviewed on a yearly basis.
4. **School Discipline/Character Development:** Longfellow has embraced the Positive Behavioral Intervention System program in order to support our school-wide discipline plan and character development. Through the lessons embedded in the program we hope to communicate high standards/expectations and to hold students accountable for their behavior. The P.A.W.S. (Perseverance, Are always responsible, Work and play safely, and Show respect) is given to every student and reviewed in student assemblies and daily teacher lessons. Staff members consistently enforce the school-wide standards.
5. **Procedures to Notify Teachers of Dangerous Pupils:** If a student is deemed dangerous because of behavior at school or behavior outside of school which has been dealt with by county juvenile authorities, the teacher(s) of the student will be promptly notified of the status of the student.
6. **Sexual Harassment Policy:** Longfellow strictly adheres to district policies which prohibit sexual harassment or discrimination of any kind. The sexual harassment policy is distributed to each student at the beginning of the school year, and employees are advised of their duty to take prompt action if they become aware of any incidents of sexual harassment.
7. **School-wide Dress Code:** Longfellow believes that a clearly defined dress code contributes to a positive school environment. The primary standards for student dress and grooming include that the student should be neat and clean at school, and the student should not wear clothing that compromises safety or modesty or that is disruptive to the educational process. To this end, Longfellow School has a uniform policy for all students. Parents may request a uniform waiver request prior to the start of school.
8. **Safe and Orderly Environment:** Longfellow believes a safe and orderly environment is necessary to ensure a positive learning experience for all students. Regular supervision of students is the core of creating and maintaining a safe and orderly environment. Teachers, administrators, campus supervisors and parent volunteers consistently supervise and interact with students to reinforce behavioral expectations and safety standards.

Teachers follow a supervision schedule before school and for recess duty on the playground, helping ensure that playground rules are adhered to for student safety at all times. During lunch, Longfellow has four noon-duty aides that monitor student safety.

Emergency Situations

This comprehensive plan has been developed to address various emergency situations. It is our belief that students can only thrive when they feel safe from everything from earthquakes to bullies. Parents and staff members work together to identify potential hazards and take preventive measures. Regular practice drills of emergency procedures make safety a routine and allow us to get on with the business of education.

The safety plan was reviewed, updated and discussed with the faculty at the Opening Staff Meeting on August 12, 2019. We continuously revisit and update our school plan as we practice our drills throughout the year.

Finally, a strong partnership exists between our school and local law enforcement. Local law enforcement agencies provide ongoing support to the school and coordinates with school and district personnel to ensure students safety in case of a campus or neighborhood threat.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

Whittier City School District receives Local Control Funding Formula (LCFF) based on ADA for students, as well as Concentration and Supplement Grant funding based on the percentage of “unduplicated student counts”. These funds are used for all educational services including salaries, instructional materials, maintenance, transportation and capital expenses. The District also receives Title II, Title III and Special Education funds. Federal funds from Title I are used at both the District level and also distributed to school sites. Schools receive LCFF funds, under the title of “Impact Aid”, to assist students who are struggling academically.

Title 1 and Impact Aid funding provides supplemental support to help us improve the instructional program for all students. These funds are used to provide teachers with release time so they can monitor student learning, collaborate on their instructional program, and plan for the use of curriculum and materials. Funds are also allocated to purchase material for math and reading interventions. Other services provided through supplemental funds include parent engagement activities, a library clerk, extra math manipulatives, materials to support English Learners and other collaboration opportunities.

Number of school days dedicated to Staff Development and Continuous Improvement	10	10	10

The fundamental goal of the Whittier City School District is to continually examine and improve our practices to ensure that all students have the best opportunities to achieve high academic standards. To reach this goal and close the achievement gap between high achievers and struggling students, the District's instructional priorities are to:

- Support teachers by providing access to timely and appropriate data on student performance;
- Provide time and training to develop teachers' knowledge and skill to analyze that data;
- Provide opportunities for teachers to collaboratively work in grade level and/or department level teams, scrutinizing data to monitor student learning and plan instructional practices;
- Identify areas of need and offer professional development to teachers on how to improve their instructional practices;
- Develop a comprehensive and effective "Response to Intervention" model that will support those students who are struggling academically and behaviorally;
- Provide professional development to teachers and schools leaders on how to develop, nurture and sustain effective "Professional Learning Communities"

Whittier City School District leaders understand the importance of ongoing, in-depth professional development directly connected to school learning goals. Professional Development is based on the analysis of district and site data and is provided during the summer, on Tuesday early release days and teacher release time and after school. All teachers have attended professional development on the key concepts of Professional Learning Communities to empower them in making critical instructional decisions for all students. In addition, teachers have learned how to create common formative assessments, analyze student performance data on state and local assessments, and have acquired a wide range of knowledge and skill in the area of lesson design and standards-based planning. District Instructional Coaches work with teams of teachers to enhance the level of expertise in PLCs, lesson design and standards-based instruction. All teachers have access to a curriculum that is aligned to the Common Core standards and receive ongoing support and professional development through training and instructional coaching. In addition, all K-8 teachers have received training on the English Language Development Standards and ELA/ELD Framework; they receive ongoing support from site-based instructional coaches on planning and delivering effectively integrated and designated ELD lessons that support content instruction. Teachers in grades 6-8 have received ongoing professional development on the NGSS Standards and support from our District Science coach on the implementation of the instructional shifts described in the new NGSS Standards. District Curriculum Improvement Teams (CITs) meet every year to analyze the District's Essential Agreements, Benchmark Assessments and Pacing Guides to revise and make additional recommendations for improvements.
