## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2019-20)

Laurelglen School first opened its doors to students in the fall of 1985 and was named after the subdivision where the present school site is located. The Laurelglen Tennis Club was one of the first establishments built in the area and eventually the surrounding land was subdivided for housing and the area became known as "Laurelglen." It was built on a nine-acre site situated between Ming Avenue on the North and White Lane on the South, and approximately one block east of Gosford Road. The school has 18 permanent classrooms, 15 portable classrooms, a library, a learning lab, a cafeteria/multipurpose room, and a daycare center.

Staff members at Laurelglen School strive to maintain the concept of "Excellence in Education" as defined by the Panama-Buena Vista Union School District. We are committed to preparing our students to be "Super Scots" by maintaining an instructional program that is intellectually stimulating, academically challenging, prepares them for a successful future in work and school and addresses the needs of each student as an individual. Laurelglen has a strong tradition of parental involvement and support through the Parent Club and School Site Council. We are aware that effective educational programs exist when staff and parents work closely together. Our collective purpose is to create a community of learners empowered to reach full academic and social potential.

In addition to the district adopted core curriculum, students in grades 1-6 have access to the web-based program Reflex Math that is used to build fluency with basic math facts; these students also have access to the web-based program NextGen Math that is used to support CCSS mathematics instruction.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Laurelglen provides a safe and clean environment for learning. A scheduled maintenance program is administered by the District to ensure that all classrooms and facilities are maintained to a degree of adequacy that provides for good learning. Ongoing repairs and modifications to the physical plant exceed California Building and Safety Codes. The District's Coordinator of Safety and Risk Management verifies quarterly that OSHA requirements are met. The exterior grounds are well lit and the perimeter of the school facility is fenced for student protection and safety. A team of custodians ensures classrooms and campus grounds are kept clean and safe. The restrooms are cleaned, sanitized and secured at the end of each school day with 100% of the toilets in operating condition. As outlined in our Safe Schools Plan, the safety committee has addressed concerns for the safe coming and going of our students. Staff receive inservice in emergency protocol and CPR. District ID and visitor badges are issued to substitute teachers, volunteers, and other visitors as they register in our office. The gates on the perimeter of the school playground are locked during school hours and staff members are trained to activate lock down procedures in the event of an emergency. Our positive partnership with local law enforcement is evident in their quick response time when concerns arise. Designated staff members carefully supervise students on the playground and in the cafeteria. Grounds and playground equipment are inspected regularly for potential hazards. The District provides on-going training in CPR/First Aid as part of its staff development program. Fire and/or disaster drills occur monthly and a complete school site disaster plan has been prepared and is in place and available for public review. Scheduled certificated supervision of students begins officially at 7:50 a.m. when the school opens and supervision ends at 3:15 p.m.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	52	50	51	52	50	50
Mathematics (grades 3-8 and 11)	36	38	34	37	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Professional Readiness and Educational Program days (Prep Days) which include one (1) hour each week release time, is also provided for teachers to receive school site staff development and work with their collaborative teams.

Teachers attend multi-day seminars with presenters and follow-up coaching is provided to support Direct Interactive Instruction and to develop standards-based common core lessons with Benchmark Advance. Teachers are also supported by curriculum specialists, categorical program specialists, Induction Program mentors, and Academic Coaches.
