School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Our vision at Beswick Elementary is to provide a nurturing and rigorous educational program that focuses on all students meeting district and Common Core State Standards. We will challenge all students to become independent thinkers and lifelong learners by implementing the standards in a systematic and meaningful way to meet the needs of our diverse population.

Our vision is to establish a clearly defined partnership between teachers, staff, parents, and community members to promote and motivate educational growth for all students.

Our vision as educators is to participate in on-going meaningful staff development that continues to build our knowledge as instructional leaders to educate all students.

Our vision is to prepare students to be college and career ready and productive members of a technological society that can face the challenges of the future by empowering all stakeholders who impact the educational program at Beswick.

Our mission is to Motivate Growth, Educate Every Child, and Empower ALL.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Beswick had extensive upgrading completed in 2003-2004. Restroom facilities and all classrooms were made ADA compliant as were bus and car access areas. The administration building and multi-purpose room were both re-roofed and exterior lighting was enhanced. During the summer of 2013, the entire school exterior was painted. Each classrooms' technology was upgraded throughout the campus to include a larger SMARTBoard, Apple TV, sound system and new teacher laptop or desktop. In the summer of 2016, Beswick's MPR was upgraded with new technology and sound equipment. A recent inspection of our facility found the school to be rated GOOD in every category of inspection.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	35	38	53	53	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

There are many opportunities in the district for parental involvement through participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

Parents are highly involved and active at Beswick Elementary School as evidenced by the many faces present on campus each and every day. Parents volunteer in many capacities: classroom volunteers, lunch helpers, Red Ribbon Week, parent representatives, Home School Communication with translations, preparing classroom resources, Movie Nights, Spring Carnival, PTA Board Members, and a multitude of other student-centered support teams.

Parents attend and participate in monthly PTA meetings, quarterly ELAC meetings and 4 times a year School Site Council meetings. Parents also attend Back to School night in the Fall and Open House in the Spring. Parents are valued and welcomed at Beswick Elementary. For more information on how to become involved at the school, please contact Ashly McNamara at (714)730- 7380.

Volunteers are always welcome and can contact our PTA President, Mary Alcala to find out more about involvement opportunities at (714) 730-7385.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Date Last Reviewed by School Site Council (SSC): 02/5/2019 (Pending 02/24/19)

Date Updated and Approved by SSC: 02/5/2019 (Pending 02/24/19)

Date Discussed by Staff: 8/08/2019

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, routine and emergency (SEMS); suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

Student safety is of utmost importance at Beswick Elementary School. A comprehensive safety plan is part of our overall School Improvement Plan and is revised and assessed annually. Students and staff participate in both emergency drills and fire drills. Prior to these drills, students are taught the appropriate safety practices and staff members are trained on their specific area of support. After each drill, the staff reviews the effectiveness of our procedures and makes any necessary revisions. Emergency preparedness supplies and equipment are inventoried on an annual basis to ensure that the needs of our students will be met in the event of a disaster. A Crisis Response Team has been initiated at our site as well as a redesigned communication corridor to improve the speed and accuracy of communication in the event of a disaster.

Types of Services Funded (Fiscal Year 2018-19)

Beswick Elementary School receives funding for categorical programs focused on ELL and At-risk students that are available at our school site in addition to base funding to support all students. These program funds include LCFF-EL and Schoolwide Title I Program funds. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's School Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these categorical funds will support student learning and achievement through a Multi-Tiered System of Supports. The categorical funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Beswick Elementary School receives funding from the following state and federal categorical funds for programs and services: Title I (support personnel, para educators, substitutes for teacher release days, technology, intervention program materials, professional development, parent involvement, data analysis, books to expand library selection, supplemental materials for at-risk students and program acceleration), and LCFF- ELL Local Control Funding Formula for English Language Learners (Connect Coach, para educators, ELD program, technology, supplemental materials for English learners).

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	11	11	11

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. Additionally, professional development is provided one non-student day in the fall and one afternoon per month after school. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

Beswick Elementary surveys its teachers as well as reviews the results of assessments to identify areas of need and schedules staff development to strengthen the educational program. We analyze data trends and teachers have PLC time available every Monday and twice a month on Wednesdays. We also have monthly Banking Minutes Professional Development opportunities. During these times, teachers receive training in literacy, mathematics and English Language Development. The staff utilizes data analysis protocols to systematically evaluate the results of assessment and evaluate instruction and drive decision making. In addition to site based activities, teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their knowledge and instructional skills, especially in the areas of Balanced Literacy and Conceptual Mathematics. Over the past three years, there have been summer institutes, summer training on campus around CGI and Balanced Literacy, and ongoing coaching from our Connect Coach and expert push-in coaching. Beginning teacher Induction Programs, District workshops, and professional conferences are also opportunities for professional development. The District continues to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers utilize student assessment results to target instruction to better meet the individual needs of students. Our school wide focus is CGI, STEAM, and Balanced Literacy Practices.
