School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

School Profile

Home of the Roadrunners, Canyon Rim is situated in a quiet, residential neighborhood adjacent to a park in Anaheim Hills, California. It is one of 27 elementary schools in the Orange Unified School District. The 20 year-old school serves approximately 670 students in transitional kinder through sixth grade. The school facility is well maintained, with 29 classrooms allocated for general education classes, behavioral special day classes, a speech pathologist teacher, a Learning Lab, STEAM Lab and two day care classrooms. Eleven of the twenty-nine classrooms are portable classrooms that accommodate the large enrollment. Each set of four classrooms in the main buildings has a central pod area, used for small group interventions, assessment testing, etc. The administration building houses the administrative offices, school counselor, school psychologist and school nurse office, staff lounge, workrooms, the technology lab and library. There is a large multi-purpose room to support the community participation in programs and performances. The fence and walkways represent the canyon area that surrounds us.

The student body at Canyon Rim is predominantly white (51.3%) plus 6 other ethnic groups are represented. In addition to cultural diversity, students range from behaviorally challenged to intellectually gifted. The contributions, achievements, and progress of all students are valued and celebrated.

Over the past years, we have embraced a strategic framework for whole school improvement: Multi-Tiered System of Supports. We continue to analyze data, set goals, and plan appropriate instruction and interventions to improve student achievement and teacher instructional practices. The Canyon Rim staff and parents use student assessment information to:

- 1) Deepen the school wide instructional focus. As a result of analyzing SBAC data, Canyon Rim has identified the following claims as areas to improve: Listening (ELA), Problem Solving, Modeling and Data Analysis (Math), and Communicating Reasoning (Math.)
- 2) Develop professional learning communities to improve teaching and learning. PLC's meet at least monthly to discuss and compare student work samples and data for the purpose of setting high standards, expectations, and student outcomes.
- 3) Learn and use effective research-based teaching practices and engagement strategies.
- 4) Implement a targeted professional development plan that builds expertise in selected best practices. Data is used in planning professional development. The school's professional development supports the focus on claims by building teacher expertise and promoting high expectations for all students. As expertise is developed, teachers are held increasingly accountable for implementation of the strategies.
- 5) Re-align resources to support the instructional focus. A review of the School Plan shows allocation of resources in support of the school's instructional focus and needs.

6) Engage families and the community in supporting the instructional focus. Families know, understand and support the chosen instructional focus through home practices and work in school. There is equity and access for all families and community members to the school decision-making process and resources through PTA, School Site Council, English Language Advisory Committee, and school surveys.

7) Work with district office for support. The school is collaborating with the district for continued support in providing leadership, coaching, supervision and creative problem solving to ensure our school demonstrates growth in student achievement. This time includes time spent meeting with teacher teams to review student work and data, attending and delivering professional development and providing follow-up coaching.

Canyon Rim is committed to providing a success-oriented and safe learning environment for all students. The teaching staff encourage parents to become involved and familiar with their children's school. We encourage parents to support our school goals and their children's individual academic goals. We provide home-school communication via monthly newsletters, SchoolMessenger (phone call and e-mail messages), weekly communication folders, SeeSaw and/or DOJO and parent meetings.

At-Risk Students (Below Grade Level, Foster Youth, McKinney, and Socio-economically Disadvantaged)

Canyon Rim offers a Multi-Tiered System of Supports to provide intervention for students who are below grade level. Supplemental materials that are selected are state/district approved, research-based, and meet the needs of all students, including English Language Learners.

English Learners

English learners receive daily Language Development to improve fluency and literacy in English. The English Learner program assists students in the acquisition of English for language proficiency, achievement in the core academic subjects, and in meeting the state content standards. Teachers support Beginning-Intermediate Level English Learners daily in small group instruction. In addition, ELD is integrated within whole-group lessons throughout the day using SDAIE (Specially Designed Academic Instruction in English) strategies.

Special Education Students

Services for special education students include a wide continuum of options, such as a Learning Lab, speech/language services, special day classes for behavior, and occupational therapy. SPOT ON (Supporting Positive On-going Transition, Organization and Networking) and special need students with Individual Education Plans (IEPs) experience highly trained-teachers and instructional assistants who deliver the core curriculum with scaffolding. Students also have frequent opportunities for mainstreaming into regular education classrooms.

Parent Involvement

Many opportunities are available for parents to be involved in their children's education. Parents participate by attending Back-to-School Night, Open House, and parent-teacher conferences as well as school-planned social events and family nights. Parents are encouraged to get involved in school leadership groups such as PTA, School Site Council and English Language Advisory Committee. Our PTA and library media technician are able to provide additional ideas for parent involvement/volunteer opportunities. Teachers encourage parents to volunteer on a daily basis in the classroom supporting the needs of the students, teacher, and school. Canyon Rim offers parent education nights, a minimum of 3x per year.

MISSION STATEMENT

Our mission is to provide a safe and nurturing environment that supports all students' unique learning styles, empowers them to achieve academic success, and encourages them to become life-long learners and productive members of society competing in the global economy.

VISION FOR CANYON RIM

At Canyon Rim Elementary School we believe in children. They are the hope of the future; the foundations of tomorrow. Our job is to assist in the building of this foundation through developing the unique qualities of each child. We instill in them a love of learning, a sense of pride, responsibility, academic achievement and cultural awareness for their role in this ever-changing world. This is accomplished through the cooperative efforts of the students, staff, parents, and community.

In order to achieve this educational vision:

- The educational lessons and student learning will revolve around Communication, Collaboration, Critical Thinking, Creativity, and Character
- There will be high academic standards and expectations for all students setting foundations to be successful in the 21st Century
- Students will acquire skills and attitudes which will support lifelong learning and prepare them to be college and career ready
- Students are encouraged to be explorers and problem solvers through cooperative learning experiences, technological resources, manipulative materials and scientific experiments/investigations
- Students leave our school with a positive attitude, independence, self-motivation, responsibility and an acceptance of others which enables them to become productive members of society
- Educators teach to a variety of learning modalities and empower students to make wise decisions
- Teachers work to balance curriculum that inspires hands-on/minds-on learning engaging students in student centered learning
- Educators are role models for lifelong learning and act as facilitators for student success
- Parental involvement is encouraged in order to make each child's education more valuable and productive

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September 26, 2019

All K-8 textbooks are selected from the state matrix provided through the California Board of Education. Teachers peruse the materials and select by a majority vote. Selected texts are then submitted to the Board of Education for final approval. Textbooks are procured in sufficient numbers for each student to receive a textbook. High School adoptions are content area based, with teachers selecting appropriate materials for the course objectives as outlined in the course description approved by the Board of Education. Selected texts are submitted to the Board for approved use in classrooms with purchase ratio of one per student. The Public Hearing and Adoption of Resolution No. 13-19-20 of the Board of Education of Orange Unified School District on the sufficiency of textbooks, instructional materials and science lab equipment (9-12) was approved on September 26, 2019.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	63	68	43	44	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Many opportunities are available for parents to be involved in their children's education. Parents participate by attending Back-to-School Night, Open House, and parent-teacher conferences as well as school-planned social events and family nights. Parents are encouraged to get involved in school leadership groups such as PTA, School Site Council, and ELAC. Our PTA and library media technician are able to provide additional ideas for parent involvement/volunteer opportunities. Teachers encourage parents to volunteer on a daily basis in the classroom supporting the needs of the students, teacher and school. Canyon Rim also offers a minimum of 4 Parent Education Nights.

Canyon Rim Elementary School has exceptional parent participation at many different levels. The Canyon Rim PTA offers varied educational enhancements, not only through funding, but also by being actively involved on all levels. The PTA supports the instructional program by providing funding and/or volunteers for various instructional support programs. This year the PTA donated funding for supplemental classroom materials and curricular enrichment programs such as physical education, Art Masters, K-4 music, field trips and technology. PTA also provided dedicated volunteers for in the classroom reading reinforcement, "Reflections" art contest program, "I Know My States" geography competition, Class Act Music Program, in addition to a myriad of classroom volunteers. The PTA also provides social opportunities for students and their parents such as a Canyon Rim Flow Fest, Step It Up, Family Fun Nights, and class parties throughout the year.

Daily classroom activities and a wealth of student performances beckon parents to become involved. Parents participate in PTA parent forums and the Principal's communication cards where they can voice concerns and give input to current events happening at the school. Student performances across the curriculum bring parents to Canyon Rim daily along with a plethora of volunteers.

The Canyon Rim School Site Council, composed of staff and parents, reviews the instructional program and approves additional State funding for staff development, supplemental educational materials and instructional supplies. The School Site Council meets 4-6 times yearly and invites all interested parents to attend its meetings. Parental involvement is an essential part in helping to educate our children at Canyon Rim.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Each of the district's schools develops and adopts, in accordance with Education Code§ 32280 – 32289, a Comprehensive Safe School Plan particular to their site. Each school site is required annually, by March 1st, to have reviewed, and if necessary, updated their Safe School Plan. Each school forwards its Safe School Plan to the district through the office of Child Welfare and Attendance. The office of Child Welfare and Attendance provides plan development assistance to the schools and maintains a file of individual school plans available for inspection by the public.

A comprehensive disaster plan is in effect and fire and/or earthquake drills are conducted monthly. All schools in the district are linked through an emergency radio contact system, and district radio drills are held periodically to be prepared in case of an actual disaster. Providing a safe environment for our students is of paramount concern at Canyon Rim. Canyon Rim has a Site Safety Plan monitored by the School Site Council. The plan is reviewed with the faculty each fall and periodically during the year as we implement our plan. The 2019-2020 plan is scheduled to be reviewed with School Site Council on 12/10/2019.

Our safety and behavior goals for the 2019-2020 school year will include promoting character education through the Big R characteristics (Respectful, Responsible and Ready to Learn) with a Kind Heart emphasized by the classroom teacher and school-wide. Peaceful Playground activities/games with student rules are implemented on the playground for all students. Big R tickets are given to classrooms showing good characteristics and behavior. Canyon Rim will engage in Restorative Practices training and implement school-wide.

Canyon Rim notifies parents early of approved calendar for the next school year. We send letters home to parents of students with attendance/tardy or truancy concerns.

School-wide, classroom and bus rules are reinforced throughout the school by teachers, the principal, instructional assistants, noon duty supervisors, bus drivers and parent volunteers. Bus, bike and walking safety procedures are addressed in age appropriate class discussions and assemblies. School rules and guidelines are reviewed each 2x a year by the Principal at a Standards Assembly for all students. Parents are informed immediately, through a strong home-school communication system if their child is involved in any inappropriate or dangerous behavior. Conscientious behavior is reinforced through our positive reinforcement system.

Types of Services Funded (Fiscal Year 2018-19)

The Canyon Rim Parent Teacher Association helps provide several outstanding supplemental programs to our students such as Music TK-4, Art Masters, Imagination Machine, Discovery Science Center, Social Studies Walk-Through, Traveling Scientist, Pretend City on Wheels and California Explorer. In addition, students enjoy standards related field trips and educational and cultural programs.

LCFF and donation funds provided Canyon Rim an instructional tool that is standards aligned and provides instructional support and differentiation to ensure the needs of students are met. Additionally, LCFF and donations provide enhanced technology for student engagement and instruction.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	17	17	17

Staff development opportunities were provided through teacher-to-teacher mentoring programs such as the Induction Program and PAR (Peer Assessment and Review), staff development meetings, conferences and school-based in-service meetings. TIP (Teacher Innovator Program), IP, PAR, school facilitators and outside consultants provide school and district-level staff with curriculum development in identified areas of need.

A comprehensive, standards-based professional development program is essential in achieving a balanced curriculum to meet the needs of our students. Each year, the staff identifies the areas of focus for staff development based on the analysis of standardized test scores and student work. Data guides the staff in selecting in-services to promote research-based best practices.

Canyon Rim staff uses the Modified Wednesdays as planning days to: expand our repertoire of strategies for implementing MTSS (Multi-Tiered Systems of Support), application of Wonders ELA curriculum, Thinking Maps and Write From the Beginning and Beyond, EnVision math and Mathematical Practices, incorporating technology in the classroom, differentiating instruction to meet the needs of all students, review and analyze data and develop a plan to address the areas of need (individual, class, grade level, and school) including English Learners.

The 2019-2020 goals will be focused on teaching listening, implementing adopted curriculum, Write From the Beginning and Beyond, Next Generation Science Standards and newly adopted curriculum, AVID, continuing to focus on incorporating technology in the classroom, and implementing the 5 C's (communication, collaboration, critical thinking, creativity, and character) across content areas, and implementation of a Learning Lab to meet the needs of all Canyon Rim Roadrunners.
