School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Rudolph Rivera was a district superintendent who believed in providing equal opportunities for all children. His dedication to children prompted the district to name the school in his honor. Rivera Middle School is a traditional calendar school serving seventh and eighth grade and lies in the north-central part of the city of Merced. As it s top priority, the entire staff strives to meet the academic and emotional needs of students. Rivera Middle School is committed to ensuring students come away with a well-rounded educational experience that will serve them well in the future. Our mission is to help promote a community of lifelong learners, prepared to meet the demands and challenges of the 21st century. By educating students in alignment with the Common Core State Standards, we expect all students to achieve their maximum potential toward becoming informed citizens and productive members of our society. Rivera Middle School Goals include:

1. To meet and exceed academic targets in all areas.
2. To increase the number of students who attain grade level or exceed grade level Common Core State Standards.
3. To provide scientifically research-based interventions and acceleration opportunities for all students.

School Facility Conditions and Planned Improvements (Most Recent Year)

Rivera has enacted an aggressive and proactive improvement, modernization and upkeep program aimed at providing a better and safer environment for students and staff. In 2009-10 the QZAP modernization project was completed making room 14 a science technology lab and room 16 a science lab. The student office section of the administration building was modified with two additional windows to expedite and simplify student attendance and sales of student items; ie, PE clothes, yearbooks, etc. The 6th grade wing was re-roofed in 2012-13. The exterior of the school was painted in the summer of 2013 as well as modernization of gas line systems. Modernization to convert the school to a K-8 campus begun in the spring of 2014. Upgrades made during 2015-16 include the installation of new surveillance equipment and a new central administration building. Surveillance equipment was installed in 2016-2017 as well as an upgraded fire alarm system. 2018-19 technology enhancements occurred to bring STEAM experiences to the classroom. The Facility Inspection occurred on 8/28/19.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	23	20	25	27	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

The Merced City School District recognizes parents are their child's first teacher and encourages parents to participate in the educational program of their children. Many opportunities exist for parents to participate in the decision-making process at Rivera Middle School. Parents elected to the School Site Council advise the administration of the school, and are an integral part of the decision-making process for school initiatives. A School Site Council parent-member is also selected each year to represent the school site as a member of the District Advisory Council. Parents of English Learners may participate in Rivera Middle School's English Learner Advisory Committee. The English Learner Advisory Committee advises the administration in regard to the English Language Development program and matters relevant to English Learner students. A member of this committee is selected to represent Rivera Middle School at the District English Learner Advisory Committee. Parents, teachers and students participate in fundraisers and other school events to benefit the student body, and further build the relationship of the school with parents and students. Opportunities for parental involvement include: Back to School Night, Parent-Teacher Conferences, recognition/awards ceremonies, seasonal events, Open House, academic fairs, as well as student performances. Additional opportunities to participate in district wide Local Control Accountability Plan (LCAP) forums are shared with the parent population.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Safety of students and staff is a primary concern of Rivera Middle School. The school strives to be in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The schools' disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire and disaster drills are conducted on a regular basis throughout the school year. Daily monitoring of school grounds is performed by assigned staff before, during, and after school, including the use of portable radios. All visitors are required to check in at the office before entering the campus. The School Safety Plan is revised and updated annually in order to ensure that it is properly implemented. Safety policies are reviewed with administrators, staff and School Site Council members. The School Safety Plan was designed to assist in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of facilities, and communication with staff and students. Components of the School Safety Plan include strategies and programs that will provide and maintain a high level of school safety, assess current school crime occurring on campus and at school functions, and address procedures related to the compliance of existing laws as they affect school safety. The School Safety Plan is reviewed annually and updated as needed. The school safety plan was reviewed, updated, and discussed with school faculty and a student representative on October 30, 2019.
