School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Joe Stefani School is located in a rapidly developing area of north Merced on the original site of the Armas family dairy and ranch. The owner, Jose Ignacio Rodriguez, purchased a 50 acre parcel in the Franklin School District in approximately 1904. Anna Rodriguez and her husband, Joey Armas, received 5 acres of the property as a gift for their hard work from Anna's father Jose in 1935. The Armas dairy and ranch produced hay, tomatoes, watermelons, potatoes, corn and provided a safe place for neighbors to seek food, shelter or care. The Merced City School District purchased 14.9 acres of Armas Ranch land in June 2004 and broke ground to build Joe Stefani Elementary School in August of 2005. The school was named after a local businessman who was very active in the Merced community, and served others throughout his life. Joseph Stefani, or Pappa Joe, as many called him was a graduate of the Franklin Elementary School District. His family members and friends were present during the October 2006 dedication of the school. Joe Stefani School serves students in grades 3-6: Our student body is unique and diverse in its abilities and needs. The racial and ethnic composition of the student population is approximately 59% Hispanic, 8% White, 22% Asian, 5% African American and 6% other. 46% of students are English language learners. 84% of students participate in the Free and Reduced Lunch Program. Students have access to literacy support resources through the library, computer lab and technologies accessed in the classroom. Joe Stefani School staff strives to meet the physical, academic and emotional needs of our students. All Joe Stefani Elementary students have the opportunity to realize their fullest potential as competent, confident, and caring human beings. With parents and community members, we offer standards based curriculum in a positive atmosphere, encouraging both disciplined and creative thinking. Success is based on mastery of California state standards in all subject areas. Our academic focus is complemented by our efforts to develop character, confidence and pride, instrumental in developing responsible, concerned citizens. Our mission is to enable all children to reach their potential and become positive contributing members of our community by learning to think critically, communicate effectively and behave responsibly. Every Joe Stefani student will: Develop English literacy necessary to read at grade level by the end of third grade. Master computational and applied mathematics skills enabling them to succeed. Develop respect and appreciation for ones self, others, and the environment. Become technologically literate capable of enhancing learning through the use of technological resources.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Joe Stefani School was built in 2006 and is in excellent condition. A special education facility was constructed and placed on our campus by the Merced County Office of Education during the 2014-15 school year. Upgrades made during 2015-16 include the installation of new surveillance equipment and new security fencing around the perimeter of the classrooms. The Facility Inspection occurred on 9/9/19.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: September 2019

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	The ventilation is not working in the boys 3rd grade restrooms will be repaired.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	23	26	25	27	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

The Merced City School District recognizes parents are their child's first teacher and encourages parents to participate in the educational program of their children. Many opportunities exist for parents to participate in the decision-making process at Stefani Elementary School. Parents elected to the School Site Council advise the administration of the school, and approve the categorical programs budget. A School Site Council parent-member is also selected each year to represent the school site as a member of the District Advisory Council. Parents of English Learners may participate in Stefani Elementary's English Learner Advisory Committee. The English Learner Advisory Committee advises the administration in regard to the English Language Development program and matters relevant to English Learner students. A member of this committee is selected to represent Stefani Elementary School at the District English Learner Advisory Committee. Parents, teachers and students compose the Parent Teacher Club, which co-ordinates fund raisers and other school events to benefit the student body, and further build the relationship of the school with parents and students. Opportunities for parental involvement include: Back to School Night, Parent-Teacher Conferences, celebrations, awards ceremonies, seasonal events, Open House, academic fairs, extended day displays, as well as student performances. Additional opportunities to participate in district wide Local Control Accountability Plan (LCAP) forums are shared with the parent population.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

The initial School Safety Plan and District Disaster Plan was reviewed during the first faculty meeting of the 06-07 school year. During the fall of 2006 the school safety plan was revised and updated, and later presented to the School Site Council for approval in January of 2007. Since then, it has been submitted to and approved by the Merced City School District Board of Education. Components of the plan include: Board policies and other regulations defining school characteristics, physical environment, drop off and pick up procedures, social environment, child abuse reporting, sexual harassment policy, learning environment, discipline/rules guidelines, school culture, teacher notifications and disaster procedures. The School Safety Plan is reviewed annually and updated as needed. The school safety plan was reviewed, updated, and discussed with school faculty and a student representative on October 30, 2019.
