School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Miguel Hidalgo's Vision:

Miguel Hidalgo School's vision is to achieve educational excellence in partnership with parents and community in order to prepare all students, through the use of knowledge, skills, and behaviors to develop to their fullest potential and meet the challenges of today and tomorrow.

Miguel Hidalgo's Mission:

The Administration, Staff and parents of Miguel Hidalgo will provide a relevant, rock-solid education enabling our pupils to become productive members of society. Our goals are to improve the academic achievement of all students. Administration and staff will work in Data Teams to pursue shared goals focused on student learning. Staff will work collaboratively in teams using research based strategies in order to close the achievement gap.

The following objectives will provide the type of education and school environment which will allow all students to develop to their fullest potential:

- 1) Provide an environment that promotes positive communications between the teacher, parent, and student.
- 2) Provide a safe and orderly learning environment through the implementation of our 3 Bs: Be Respectful. Be Responsible. Be Safe. As well as implementation of the Pyramid of Success.
- 3) Provide high expectations for academic work and set realistic goals.
- 4) Provide rigorous, research-based differentiated programs to meet all students' needs.
- 5) Provide well-prepared and motivating lessons that challenge students to learn.
- 6) Communicate with parents about instructional goals, grading system, homework plan, discipline plan, and how they can help their children at home.
- 7) Encourage parental participation and support.
- 8) Provide on-going research based and current professional development for teachers.
- 9) Provide supplemental services for academic assistance (materials, programs, extended day opportunities, etc.).

Miguel Hidalgo's Goals:

Our goals are to increase the literacy of all students, to nurture students both academically and socially, empowering all individuals to develop into lifelong learners ready to meet the challenges of the 21st Century. Miguel Hidalgo School students will move beyond the basics and embrace 21st Century Skills which include: Communication, Collaboration, Critical Thinking and Creativity. We will continue to build a positive school climate, to increase parent and community participation, support, and involvement in the school.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September 2019

The school district held a public hearing on September 24, 2019 and on December 10, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the school Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in September 2019 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements (Most Recent Year)

Built in 1935 and modernized in 1996, the school is situated on six acres. School buildings span more than 36,600 square feet, and consist of 24 permanent classrooms, four portable classroom, a multipurpose room, a library, a band room, a playground, administrative offices, restrooms, and storage rooms.

Cleaning Process & Schedule

The district governing board has adopted cleaning standards for all schools in the district. A team of three custodians ensures classrooms, restrooms, and campus grounds (one itinerant custodian, assigned for 5 hours/week) are kept clean and safe every day. A summary of these standards is available at the school office or at the district office. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Maintenance & Repair

Safety concerns are the number one priority of Maintenance and Operations. District maintenance personnel are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure that the highest priority is given to emergency repairs.

While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

Projects - School Year 2019-20

Two sets of aluminum bleachers were installed on blacktop in November 2019.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	37	36	29	32	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Miguel Hidalgo recognizes that parents play a vital role in the development and education of their children and in the success of schools. For this reason, Hidalgo Elementary School continually searches for avenues to involve parents and community to participate in the education of our students. Hidalgo's commitment to parent involvement helped to create the Miguel Hidalgo School's Parent Involvement Policy.

The policy was a result of hard work and careful planning by students, parents, teachers, and administrators. The policy reads as follows: "Our goal is to provide a positive learning environment that allows parents the opportunities to be involved in the planning, review, and improvement of school programs, maintain meaningful communication between parents and school on a regular basis; and provide families with practical techniques and strategies that will enable them to work with their children at home to support academic efforts and social development."

The school is convinced that much of its success is the product of parent volunteers who take an active role in their children's education. These programs were created to give parents and community members an opportunity to express their ideas, concerns, and feelings. Some of the parent-related groups include:

- The Parent Teacher Organization
- School Site Council
- School Advisory Committee
- Parent Volunteer Program
- English Learner Advisory Committee (ELAC)

The purpose of our School Site Council, School Advisory Committee, and the English Language Learner Committee is multi-faceted. It includes the promotion of academic excellence while creating a spirit of cooperation between parents, staff and students; the development of the School Improvement program and its implementation, assessment, and modification to reflect changing improvement needs and priorities; and it creates a forum for questions relating to the school and its improvement.

Our Parent Teacher Organization (PTO) is charged with the responsibility of supporting the welfare of all students. It also enriches the school's base program by supporting the goals outlined in the School Improvement Plan. Parents are encouraged to volunteer at Miguel Hidalgo School and the school periodically makes it a point to recognize parent volunteers. Lastly, through annual fundraisers, it provides additional financial support to various school functions.

Local businesses lend their support by providing incentives to support student achievement, attendance, and effort. Throughout the school year, students are rewarded for positive choices as well as positive citizenship. It is greatly appreciated that so many businesses continue to support education in our community.

The Miguel Hidalgo School Staff continues to support parent involvement and parent participation in their children's education. Grade level/staff collaborate to provide for the needs of parents to ensure their involvement and that their children's progress is on-going. For additional information about organized opportunities for parent involvement at Miguel Hidalgo School, please contact David Ramos-Principal or Maricela Buenrostro- Vice Principal at (760) 344-0431.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Miguel Hidalgo Elementary School provides a safe, clean environment for students, staff, and volunteers. The school complies with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Many people visit the campus to volunteer in the classroom and participate in school events. Parents and visitors are welcome however, the school is a closed campus and all visitors must check in at the front office and receive a visitor's badge.

Visitors are required to return to the school office upon departure. School grounds are monitored before, during, and after school by assigned staff including administration, teachers, and noon duty supervisors to ensure a safe and orderly environment.

Brawley Elementary School District established a very detailed disaster plan from each of its schools in the event of a disaster. The plan clearly explains specific duties and responsibilities for all levels of staff and site personnel, including aides, custodians, health services personnel, cafeteria staff, and library staff, and is designed to ensure student and staff safety during a disaster. The Comprehensive School Safety Plan was developed by the district in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997.

The Comprehensive School Safety Plan was designed to assist in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and student. The plan provides students and staff a means of ensuring a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include current status of school crime, child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, the sexual harassment policy, the dress code, and procedures related to the compliance of existing laws as they affect school safety.

Fire drills are conducted monthly throughout the school year, earthquake drills conducted twice a year, and disaster drills conducted annually. In consultation with local law enforcement, Secure Campus and School Lockdown drills are conducted periodically. Safety procedures, including elements of the Safe School Plan, are reviewed with school and district staff in the fall, at the start of each school year. An updated copy of the plan is available to the public at the district office. The plan was last updated and reviewed with school staff in the Fall 2019. New information is immediately distributed to all staff.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

Brawley Elementary School District spent an average of \$13,296 to educate each student. The figures shown in the table at right reflect the direct cost of educational services, per average daily attendance, excluding food services, facilities acquisition and construction, and certain other expenditures. This calculation is required by law annually and is compared with other districts state-wide.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic unrestricted expenditures, except for general guidelines, is not controlled by law or donor.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

During the 17-18 school year, the BESD plan for action was titled "Championing Student Learning". This plan included intensive work with WestEd to provide English Learners with language instruction coupled with CCSS. In addition, we have partnered with COEs to provide ELA Unit Development planning for our grade levels, as well as providing math support for the BESD Math Committee. We will continue to provide time for collaboration to support our endeavor to become a professional learning community. Our PD Plan for 18-19 included a strand for new teachers, as well as ongoing professional development in supporting our Rtl supplemental programs. We had a large group of educators participate in a BeGLAD Pilot in 18-19; educators received 6 intensive days of professional development. In addition, we are now in our third year of PBIS training, with the goal of supporting students not only academically, but also behaviorally. Our focus for 19-20 is to create a sustainable model that includes ongoing training in the following areas: BeGLAD certification, PBIS, grade level math collaboration focused on content and mathematical practices, and new teacher instructional support. This year, we have also begun our journey with Professional Learning Communities. Finally, this is our first year to introduce Co-Teaching in two of our schools, with a goal of including all schools in the future. We continue to utilize the expertise of our Academic Coaches to provide differentiated teacher support at the site level. While our goal is to keep teachers in the classroom, we offer training scheduled during the school day, as well as after school. Our site Educational Technology Mentors continue to offer hands-on support to their site teachers, including training opportunities scheduled at the end of the school day.
